

Council Agenda Report

To: Mayor Pierson and the Honorable Members of the City Council

Prepared by: Lisa Soghor, Assistant City Manager

Approved by: Reva Feldman, City Manager

Date prepared: March 3, 2021 Meeting date: March 22, 2021

Subject: Woolsey Fire Fee Waiver Program

RECOMMENDED ACTION: Adopt Resolution No. 21-10 superseding and replacing Resolution No. 20-32; directing the City Manager to waive certain fees related to the rebuilding of structures that were damaged or destroyed by the Woolsey Fire on a property used as a primary residence.

FISCAL IMPACT: To date, the City has waived a total of \$3,622,986 in fees. An additional \$585,656 in fees have been refunded for a total of \$4,208,642 in uncollected fees. There remains another \$210,722 in potential refund liability from eligible projects that have approved fee waivers but have not yet requested a refund. Finally, there are property owners currently in the building plan check process that are eligible to have their fees waived through June 30, 2021. These fee waivers are estimated to bring the total of uncollected fees to \$5.8 million.

Since approximately 200 of the damaged and destroyed properties have not come through the process, the most conservative estimate for the fee waiver extension would be another \$3.6 million in fee waivers. The total potential amount of revenue lost for the City from the fee waiver program would be \$9.4 million.

WORK PLAN: This item was included as item 2a in the Adopted Work Plan for Fiscal Year 2020-2021.

DISCUSSION: On June 24, 2019, the Council adopted Resolution No. 19-30 waiving permit fees in Fiscal Year 2019-2020 for like-for-like and like-for-like plus 10% Woolsey Fire primary residence rebuilding. The Council also approved the refunding of any of these permit fees already paid. On February 24, 2020, the Council adopted Resolution No. 20-10 superseding and replacing Resolution No. 19-30. The Council extended and

revised the City's fee waiver program. On June 22, 2020, the Council adopted Resolution No. 20-32 superseding and replacing Resolution No. 20-10. The updated fee waiver requirements state that an application for fee waivers must be received by December 30, 2020; all required Planning Department applications for the project must be deemed complete by December 30, 2020; all required building permits must be pulled by June 30, 2021; and no fees will be waived beyond June 30, 2021.

To date, the City has waived a total of \$3,622,986 in fees. An additional \$585,656 in fees have been refunded for a total of \$4,208,642 in uncollected fees. There remains another \$210,722 in potential refund liability from eligible projects that have approved fee waivers but have not yet requested a refund. Finally, there are property owners currently in the building plan check process that are eligible to have their fees waived through June 30, 2021. These fee waivers are estimated to bring the total of uncollected fees to \$5.8 million.

On February 22, 2021, City Council directed staff to return with a resolution extending the fee waiver deadlines in Resolution No. 20-32 by one year. Council also directed staff to continue to provide the public with information on what rebuild options are available to them. Since approximately 200 of the damaged and destroyed properties have not come through the process, the most conservative estimate for the fee waiver extension would be another \$3.6 million in fee waivers.

Resolution No. 21-10 (attached) extends the fee waiver deadlines for eligible rebuild projects as follows:

- The application for waiver must be received by December 30, 2021.
- All required Planning Department applications for the projects must be deemed complete by December 30, 2021.
- All required building permits must be pulled by June 30, 2022.

The resolution clarifies that all fee associated with post-approval revisions to the project's Planning Department approval or building permit issuance will be charged in accordance with the City's Adopted Fee Schedule.
