To: Mayor Farrer and the Honorable Members of the City Council

Prepared by: Katie Gallo, Recreation Supervisor

Reviewed by: Jesse Bobbett, Community Services Director

Approved by: Reva Feldman, City Manager

Date prepared: May 18, 2020 Meeting date: June 8, 2020

Subject: 2020-2021 Harry Barovsky Memorial Youth Commission Appointments

RECOMMENDED ACTION: Appoint Commissioners to the 2020-2021 Harry Barovsky Memorial Youth Commission.

FISCAL IMPACT: There is no fiscal impact associated with the recommended action.

WORK PLAN: This item was not included in the Adopted Work Plan for Fiscal year 2020-2021. It is a part of normal staff operations.

DISCUSSION: On November 8, 1999, the Harry Barovsky Memorial Youth Commission (Youth Commission) was established by the Council to serve as a voice for the youth of Malibu. Each year, the Commission coordinates opportunities for teens in Malibu to gain leadership and volunteer experience through meetings, programs, and events. Commissioners also work to find solutions to issues related to local youth, demonstrate leadership amongst their peers, and promote civic responsibility.

On November 14, 2016, City Council adopted Resolution No. 16-46 based on the Commission's recommendation to modify its structure and application process through the following changes:

- The Commission shall be comprised of no less than seven and no more than twenty-five members
- All applicants are required to participate in an interview process in order to be considered for appointment to the Commission

- Once the interview process is completed, the successful candidates would be presented at a Regular City Council meeting for appointment to the Commission by a majority vote of the Council at large
- If a member of the Commission is absent from three regular meetings within twelve months without being excused or if a member does not attend one Commission sponsored event, the office of such member shall be deemed vacated

The application period for the 2020-2021 Youth Commission closed on Friday, March 27, 2020, and yielded 25 applications. Applicants submitted candidate statements by video instead of an in-person interview process due to the current Coronavirus Pandemic. Fourteen of the candidates are returning Commissioners in good standing with 11 candidates not having prior Commission experience.

Staff conducted virtual interviews on May 12, 2020, with the 11 candidates without prior Commission experience. Parks and Recreation Commissioner Judy Villablanca and Boys & Girls Club of Malibu Executive Director Kasey Earnest served on the interview panel. Staff also reviewed current Council assignments, the Youth Commission Resolution, previous Youth Commission programs, and attendance requirements with each candidate. After the interview process, the panel unanimously agreed to recommend the appointment of all 25 candidates to the Youth Commission.

Staff recommends the Council appoint all 25 candidates who completed the application and interview process to serve on the 2020-2021 Harry Barovsky Memorial Youth Commission (Attachments 1 and 2).

Profile Information: Please provide detailed information that demonstrates your experience or background applicable to serving on the Youth Commission.

Involvement in School Activities:

I have previously been on the school ASB and helped plan student events. I currently play baseball and basketball for the high school and I am a part of model UN. All of these activities has taught me how to work as a team and model UN gave me a basic understanding about government.

Volunteer or Work Experience:

I was on the youth commission last year and volunteered at almost all the events we planned. Before that I volunteered for Malibu Little League as an umpire for the little kids and I have volunteered with my temple multiple times. I know how to volunteer and I would love to volunteer more on the youth commission next year.

Leadership Experience:

When I was a part of ASB, I was a leader for the school. This taught me that as a leader you have to listen to what people want and that leading is just as much about listening than telling. I am also a leader on my baseball team. I try to bring people up after they have struck out and I try to give the new kids tips so they can improve. This is crucial to have on the youth commission because we are the leaders of the teens in Malibu. We listen to what others want and we try to follow through with good events for teens in Malibu.

Interest: Provide a statement as to why you are interested in serving on the Commission.

Last year I heard about the youth commission and I didn't really know what it was but it sounded exciting. Over the last year I have learned so much about how events are out on and what is needed for an event to be successful. It was also really fun coming up with ideas on how to market events and actually volunteering at these events.

Meeting Schedule: If you have any prior commitments that may prevent you from attending Youth Commission meetings, please list them below. The Youth Commission meets at 7:00 p.m. on the 2nd Monday of each month, September through June, at Malibu City Hall. My only conflict would be sports but 90% of the time they are done around 6:00 PM so I would be able to attend the meetings.

Amelia Foster - Harry Barovsky Memorial Youth Commission Application

Involvement in school activities:

I have been a member of Malibu High School's ASB for two years and will be continuing my membership next year. I would like to be a link between MHS and the City and community. Being a part of both ASB and the Youth Commission will give me valuable experience in community leadership and allow me to an opportunity to improve communications between teens and the community. In both Youth Commission and ASB, I will learn things that will coincide with each other such as event planning, public speaking, and skills in project management. I think that working with both of these leadership organizations will help improve my leadership skills a great deal.

Volunteer or work experience:

My biggest leadership opportunity so far has been sharing presidency of a my service club at Malibu High School with two of my friends. Together, we have created a club to support Teach For America teachers in their challenging and important job of teaching in impoverished schools with few supplies and resources. From nothing, we have grown the club to 25 members. Already this year, we have planned, funded, and executed two trips to Oakland. We have provided hundreds of dollars worth of books and school supplies. More importantly, we have created emotional connections between the students in our first school of focus, Stege Elementary, and our club members. It seems to be very meaningful to the Oakland students to make connections with older, caring students from a different city, and, of course, it has been eye-opening for our Malibu students to see and understand circumstances so different from ours. In our most recent trip, I arranged the logistics of bus travel and lodging for all 12 MHS club members in addition to many other tasks.

Leadership experience:

I've grown up watching my father as he has become more and more involved in community leadership. It's been interesting for me to watch and I have heard a million stories about various things he is doing. I would very much like to explore and build my own leadership abilities. I feel as though I have the capability to be a good leader. I have been a member of the Youth Commission for one year and also am a member of my school's ASB. I also have a club which I'm happy with my success so far. I feel it is extremely important for each person to do what they can to make their community better and I understand the Youth Commision is a great place for a young person like me to do that.

Interest:

I would like to serve on the Youth Commission for two very important reasons. First, I want to contribute to my community and between being on the commission and being in ASB. Some of the things I am passionate about pursuing as a Youth Commissioner, in addition to the social and event-based responsibilities of the Commission, are supporting the City's amazing environmental activism including pest-free practices and plastic bag and straw bans. The second reason I would like to be a commissioner is that I would like to practice and improve my community leadership skills. As a commissioner, I believe I will acquire valuable experience becoming a young leader by improving my skills in project management, event planning, public speaking, and an understanding of local government, all things that are extremely valuable for my future. I also know that I have a lot to learn. This opportunity would be a huge step forward for me.

Volunteer or Work Experience: I worked at a candy store down the street from my house until my prior commitment to babysitting conflicted with it. I volunteer every monday (because I don't have school on mondays) in my aunts first grade classroom in oxnard because I love being with kids. We sit outside a petsmart on "pet adoption days" and I provide comfort and information about the dogs to perspective dog owners, and try and entice them to adopt the dog. I also babysit my neighbors 2 kids most saturday nights from 6 to 9. I also walk a elderly woman's dog that lives in my neighborhood in the afternoon when I walk my dogs.

Leadership Experience:

I teach a yoga club a club at my school ,where I help people destress their bodies and silence their minds, ultimately making them happier, and spreading happiness to the people around them

Interest: Provide a statement as to why you are interested in serving on the Commission.

I am interested in joining youth commissions because I am an observant person, I see everything around me and know that change needs to happen, environmentally and socially, going to Malibu high school showed me the struggles our susceptible youth face from being so exposed to things like social media, completely billiteling our sense of self worth at a time in our lives when we are already so vulnerable.. With this being said, I am proud to say that I live in malibu because of the closeknitness of our community, there are really passionate people that are genuinely taking leaps and strides to help homeless people, our beautiful environment ,and meetings where people can speak their voice. In malibu people don't just idly stand by, people want change and take action on that. This inspires me to be very passionate about taking action in helping support arts and crafts programs. Previous programs I participated in through the city of malibu helped spark

my interest in painting and pottery, having a artistic outlet has helped me remain optimistic in even the darkest of times, so I would like to help support the youths art initiatives to allow other people to experience the same benefits and passion I received. Joining youth commission would be a great stride towards helping the community making ripples to our world.

Meeting Schedule: If you have any prior commitments that may prevent you from attending Youth Commission meetings, please list them below. The Youth Commission meets at 7:00 p.m. on the 2nd Monday of each month, September through June, at Malibu City Hall. All Commissioners are expected to attend monthly meetings, special events, and community service projects. Leadership Experience:

- This past summer I tested into and attended the John Hopkins CTY youth leadership program -
- where I studied anatomy and how to be a leader regarding health. I also won the Optimist Club -
- award for being a leader with regard to positivity among the school and community. I have also -
- previously done 2 years of ASB and have been on the principal's honor roll list (for keeping -
- above a 4.0 GPA) for every semester I have been at MHS.

Interest: Provide a statement as to why you are interested in serving on the Commission.

- I am interested in continuing to be on the Youth Commission as it provides more opportunities to -
- do volunteer work and contribute to our community. It allows me to give back and help make a -
- better community. Although our community is small, it is very strong and I want to do as much -
- as I can to make it the best it can be. It also provided many more opportunities to do service -
- work, something I really enjoy doing.

Parent/Guardian's Cell Phone: [REDACTED]

Parent/Guardian's E-Mail Address: [REDACTED]

Profile Information: Please provide detailed information that demonstrates your experience or background applicable to serving on the Youth Commission.

Involvement in School Activities:

This school year, I served on the Associated Student Body leadership team (ASB). As a member of ASB, I planned, organized, and ran a variety of school

-wide activities such as the school's talent show, school dances, and sports tournaments. For example, I helped plan and run pep rallies throughout

the school year, which included finding music, putting decorations up, and setting up each event, or station at the rally.

Volunteer or Work Experience:

I have been involved in various volunteer work experiences, and have experience from past projects I have helped with. For example, I am helping put in

a skatepark in Malibu. A group of three Malibu kids, including me, and our parents, came up with the idea to bring a skatepark to Malibu. We weren't the first

to think of it, of course, because there had previously been a skatepark in Malibu, Papa Jacks. But Papa Jacks closed, and Malibu was again in need of a skatepark.

So, we brought the idea to City Hall and began advertising it by creating an Instagram account. Before we knew it, more and more kids were attending meetings for the skatepark. While I have made contributions to the skatepark project, it has helped me to overcome my fear of public speaking. My first time standing at the podium was terrifying for me until I finished speaking and I was flooded with applause from the audience. I felt powerful, and my speech made an impact, because we have achieved so much in so little time, and are waiting for our temporary skatepark to be finished in May. My efforts have been noticed by the local media and have been featured in a number of articles and newspapers when I have spoken at the podium in City Hall.

Leadership Experience:

In terms of leadership experience, I have contributed strong leadership skills in bringing a skatepark to Malibu. I have attended every City Hall meeting regarding the skatepark and have made countless speeches. Also, I recently sent a letter to the First District Supervisor of L.A. County's Board of Supervisors, Hilda L. Solis on homelessness and hunger around L.A., and have provided her with a list of creative solutions to help with developing multiple shelters in every city in L.A. County.

Interest: Provide a statement as to why you are interested in serving on the Commission.

I am interested in joining the Harry Barovsky Youth Commission for reasons that are important to me. First, I enjoy public speaking, which is rare in young teens. I have gained a lot of experience in public speaking and I am very comfortable in front of a large gathering of people. Second, I love helping to make our community a better place. I have begun to achieve many of my goals to help the community, such as starting the building of a temporary skatepark, in the hope for a permanent skatepark, and I am in the process of trying to get more shelters for homeless families around Los Angeles. Overall, I believe I have made an impact on my community and I wish to continue to help out more.

Meeting Schedule: If you have any prior commitments that may prevent you from attending Youth Commission meetings, please list them below. The Youth Commission meets at 7:00 p.m. on the 2nd Monday of each month, September through June, at Malibu City Hall.
