

Council Agenda Report

To: Mayor Grisanti and the Honorable Members of the City Council

Prepared by: Lisa Soghor, Assistant City Manager

Reviewed by: Ruth Quinto, City Treasurer

Approved by: Steve McClary, Interim City Manager

Date prepared: May 13, 2021

Meeting date: May 24, 2021

Subject: Proposed Budget for Fiscal Year 2021-2022

RECOMMENDED ACTION: 1) Conduct the Public Hearing; and 2) Provide direction to staff on the Proposed Budget and Annual Work Plan for Fiscal Year 2021-2022.

FISCAL IMPACT: The Proposed Budget totals \$81.58 million in revenue and \$90.89 million in expenses and includes General Fund annual revenue of \$34.56 million and General Fund annual expenditures for ongoing City operations of \$39.89 million.

The City is required to present a balanced budget each fiscal year whereby annual General Fund expenses do not exceed annual General Fund revenue. In Fiscal Year 2020-2021, the City was able to support ongoing expenses by eliminating multiple projects and using funds received from the SCE Settlement as a one-time fix. The Proposed Budget for Fiscal Year 2021-2022 also relies on a one-time fix by using reserves established by the Council in the prior year. The Council will need to determine an ongoing solution if General Fund expenses continue to exceed annual General Fund revenue.

To offset an expected decline in General Fund revenues due to the COVID-19 pandemic, during Fiscal Year 2020-2021, the Council established a Designated Reserve for Fiscal Year 2021-2022 Operating Expenditures in the amount of \$6.5 million. The Proposed Budget uses \$5.33 million of this reserve to make up the General Fund budget shortfall in Fiscal Year 2021-2022.

WORK PLAN: This item was included as item 6.a. in the Adopted Work Plan for Fiscal Year 2020-2021.

DISCUSSION: On April 22, 2021, the City Council reviewed the Proposed Budget

for Fiscal Year 2021-2021 and made the following recommendations:

1) Maintain Council Work Plan priorities as follows:

1. Public Safety
2. Woolsey Fire Recovery
3. School District Separation

2) Not add any postponed or additional items to the Council Work Plan

3) Directed staff to include funding for two additional Sheriff's patrol cars

4) Directed staff to include funding in the amount of \$50,000 for consultants to address commercial property Dark Sky Ordinance compliance

5) Directed the Administration and Finance Subcommittee (A&F) to discuss potential new revenue sources and provide direction to staff

Changes to the Proposed Budget since April 22, 2021

Since the April 22, 2021 Special Budget Workshop, staff has analyzed the current year revenues and expenditures received through April 30, 2021 and refined budget projections. Additionally, staff has evaluated the easing of the COVID-19 restrictions by the State of California and the County of Los Angeles.

Many revenue projections for Fiscal Year 2021-2022 have been adjusted as updated information has been obtained. Projections for overall General Fund Revenue have increased by \$1.46 million. Based on property tax revenue received through April, the projected amount for Fiscal Year 2020-2021 is now \$12.00 million. Staff has increased the estimated revenue in the Proposed Budget by \$300,000 to \$12.20 million. Expected revenue from Transient Occupancy Tax (TOT) from private rentals for the current fiscal year is now projected to be \$4.00 million based on 3 quarters of tax revenue. Balancing this projection with the predicted onset of the "Hosted" short-term rental ordinance in the middle of the next fiscal year, staff has increased the estimated revenue in Fiscal Year 2021-2022 by \$600,000 to \$2.50 million. With the guidance of the City's sales tax consultant, HdL Companies, staff has increased the estimate for sales tax revenue by \$450,000 to \$3.20 million.

Based upon the direction from Council, funding in the amount of \$1.09 million has been added to the Public Safety budget for two additional Sheriff's patrol cars. The recommendation from the Administration and Finance Subcommittee and the Public Safety Commission was to make these two 5-day per week cars. This has been included as a separate line item, so it is easy to find. Costs for the Sheriff's Summer

Enforcement Team have been increased by approximately \$180,000 to account for starting this service on May 1st instead of on Memorial Day.

Per Council direction, \$50,000 has been included in Building Safety – Professional Services to fund consultants to assist with Dark Sky compliance on commercial properties.

Revised Proposed Budget

The City's annual budget is based on the City Council's Work Plan that carries out the City's mission to maintain its rural residential character by establishing programs and policies that avoid suburbanization and commercialization of its natural and cultural resources.

On November 9, 2018, the Woolsey Fire burned through Malibu. Since that time, the City Council and City staff have been committed to helping residents recover and rebuild, including waiving fees for residents rebuilding primary homes as a like-for-like or like-for-like plus 10%.

On December 19, 2019, the City received a \$13.55 million settlement for the Woolsey Fire from Southern California Edison (SCE). These funds have been used to cover costs associated with rebuilding efforts, including replacement of City infrastructure damaged by the fire. The Adopted Budget for Fiscal Year 2020-2021 relied on the one-time use of the SCE Settlement Fund to cover costs related to the rebuilding effort from the Planning Department, Environmental Sustainability Department, Building Safety Division, and the Public Works Department. However, the Proposed Budget for Fiscal Year 2021-2022 no longer uses this one-time funding source, and costs associated with rebuilding are now being funded by the General Fund.

Prior to the outbreak of the global COVID-19 pandemic, the City was recovering from the fiscal impact of the Woolsey Fire and subsequent winter storms. Revenues in all categories were strong and had returned to pre-Woolsey Fire amounts, and the City's General Fund Undesignated Reserves were increasing. A key factor to Malibu's fiscal recovery has been that, unlike many cities, the City's main general fund revenue is derived from property tax. Property tax comprises approximately 43% of General Fund revenue that, even in the aftermath of the Woolsey Fire and the loss of 488 single family residences, remains strong and steady.

However, in March 2020, in response to the pandemic, the Governor issued a Stay at Home Order, which has since impacted the City's fiscal strength and stability. Subsequent State and County orders have had an ongoing impact on multiple economic sectors that are reflected in a decline of General Fund revenues.

On January 25, 2021, the State announced the end of the Regional Stay at Home Order and reinstated the tier system established in the State's Blueprint for a Safer Economy. As vaccinations become more widely available, the County and the State are allowing additional restrictions to be lifted.

The State recently announced that it aims to fully reopen by June 15, 2021. This opening comes as the State has reached 30 million vaccinations. The State will monitor hospitalization rates, vaccine access, and vaccine efficacy against variants as the June 15 date approaches.

The economic effects of the COVID-19 pandemic have negatively impacted many local revenue sources, including sales tax, transient occupancy tax (TOT) for hotels and motels, gas tax, and parking tax during the past year. Dining and travel restrictions imposed by the public health orders have had the greatest impacts as restaurants have historically been the primary contributor to the City's sales tax revenue. While General Fund revenue is trending higher than previously predicted in the Fiscal Year 2020-2021 Budget, overall revenues are still less than anticipated and are significantly less than the City's ongoing expenses for Fiscal Year 2021-2022.

The City is mandated to present a balanced budget each fiscal year. A balanced budget is achieved when annual General Fund expenses do not exceed the annual General Fund revenue. One-time expenditures can be made from General Fund reserves; however, it is neither prudent nor practical for the City to pay ongoing expenses out of reserves. In Fiscal Year 2020-2021, the City was able to support ongoing expenses by eliminating multiple projects and using funds received from the SCE Settlement as a one-time fix. The City also used special revenue funds wherever possible to minimize General Fund use. The use of the SCE funds is no longer a viable option for the Proposed budget for Fiscal Year 2021-2022. Likewise, many of the special revenue funds have been depleted.

On August 24, 2020, the Council established a designated reserve in the amount of \$4 million to be used to make up any budget shortfalls in the Fiscal Year 2021-2022 budget. On February 8, 2021, the Council approved adding an additional \$2.5 million to the reserve for a total of \$6.5 million. This reserve is being used to make up the difference between ongoing General Fund revenue and General Fund operating expenses, similar to the use of the SCE Settlement funds in the prior fiscal year.

The Fiscal Year 2021-2022 Proposed Budget estimates a starting General Fund Undesignated Reserve at July 1, 2021 of \$29.04 million. Notwithstanding the negative economic impacts of the COVID-19 pandemic over the past year, the City's responsible financial practices and conservative budgeting are reflected in this overall higher number.

Despite the continued economic impacts of the COVID-19 pandemic on General Fund revenues, the projected General Fund Undesignated Reserve at June 30, 2022 is \$28.54 million. The projected reserve is 71% of the annual operating budget. This exceeds the City's goal of maintaining a minimum of 50% of the operating budget in reserves and exceeds the 65% goal necessary to retain the highest credit rating for the City. The total projected General Fund balance (including Designated and Undesignated Reserves, the SCE Woolsey Fire Settlement and the FEMA/CalOES liability) at June 30, 2022 is \$33.97 million. These reserves are detailed on the Schedule of Fund Balances page of the budget.

Over the past few years in response to declines in General Fund revenue, the City has depleted the Designated General Fund Reserve for Deferred Maintenance – City Facilities to make necessary facility repairs. The Fiscal Year 2021-2022 Proposed Budget includes a transfer of \$500,000 from the General Fund Undesignated Reserve into the Designated Reserve for Deferred Maintenance – City Facilities. With Charmlee Wilderness Park returning to City control and given the age of the City Hall facility, it is anticipated that infrastructure repair costs will increase. Best practices dictate that the City set some funds aside annually in preparation for these costs. This can be achieved in Fiscal Year 2021-2022 while maintaining a strong General Fund Undesignated Reserve.

Revenues to the Special Revenue Fund total \$41.47 million and expenditures total \$4.86 million. Transfers of \$35.86 million to other funds will leave a projected reserve of \$9.86 million of Special Revenue Funds at Fiscal Year-end.

Revenue to the Legacy Park Project Fund totals \$1.69 million and expenditures total \$1.89 million. Transfers of \$60,000 to other funds will leave a projected Legacy Park Project Fund Reserve at June 30, 2022 of \$580,000.

Revenue to all funds is projected at \$81.58 million and expenditures for all funds are projected at \$90.89 million. The delta between revenue and expenditures is made up predominantly by the \$6.5 million General Fund Designated Reserve for Fiscal Year 2021-2022 Operating Expenses and projected expenditures for disaster capital improvement projects that will be reimbursed in a future fiscal year.

General Fund Revenue

As the State and County continue to ease the restrictions put in place due to the COVID-19 pandemic, many of the City's major tax revenue sources are budgeted to increase conservatively in Fiscal Year 2021-2022. Revenue projections in this version of the Proposed Budget are based on actual revenues received through April and have increased for both the current fiscal year and the next.

The City's major General Fund tax revenue sources are Property Tax, Utility User's Tax, Transient Occupancy Tax, and Sales Tax.

- Secured Property Tax revenue (100-0000-3111) was originally budgeted at \$11.60 million for Fiscal Year 2020-2021. Based on revenue received through April, the projected amount for Fiscal Year 2020-2021 is \$12.00 million. Property Tax revenue is projected to increase to \$12.20 million in Fiscal Year 2021-2022. This is an increase of \$300,000 from the previous version of the budget.
- Utility User's Tax (100-0000-3132) is projected to decrease by \$30,000 from the prior year. This reduction reflects impacts from the pandemic to commercial properties, as well as a decrease previously caused by the Woolsey Fire.
- Transient Occupancy Tax (TOT) (100-0000-3133) from hotel rentals is projected to increase by \$200,000 from the current year budget. The City collects TOT from six motel/hotel properties and one RV park. The budget reflects an increase in this revenue source from very low levels during the pandemic, as well as the increase in the City's TOT rate from 12% to 15%, approved by the voters in November 2020.
- Transient Occupancy Tax (TOT) from short-term residential rentals (100-0000-3133-01) is projected to reach \$4.00 million based on revenue received through April and reflecting three quarters of taxes. Short-term rentals have been a popular alternative to other travel during the pandemic and that is reflected in this revenue. The projected revenue of \$2.5 million for Fiscal Year 2021-2022 is lower than the projected amount for the current year. This is due to the anticipated "Hosted" Short-Term Rental ordinance, which will offset any potential increases as a result of the higher TOT rate of 15%.
- Franchise Fees (100-0000-3134) are budgeted to remain stable at \$650,000.
- Sales Tax (100-0000-3137) for Fiscal Year 2020-2021 is projected to exceed the original conservative projections due to the COVID-19 restrictions and reach \$3.00 million this year. Sales tax is projected to increase by an additional \$200,000 to \$3.20 million in Fiscal Year 2021-2022 as retail establishments are allowed to expand operations under new State and County guidance. The majority of the City's annual sales tax revenue is derived from restaurants, gas stations and grocery stores. It is projected to take a couple of years for sales tax to return to pre-pandemic levels.

Revenue from Licenses and Permits is budgeted to increase a total of \$359,000 from the adopted budget of the prior fiscal year, and revenue from Service Charges is

budgeted to increase \$499,650 from the prior fiscal year. These increases reflect the anticipated greater numbers of permit applications due to the easing of COVID-19 pandemic restrictions.

The Proposed Budget for Fiscal Year 2021-2022 reflects the Council's direction to waive rebuild fees through the entire fiscal year. The multi-year fiscal impact of the fee waivers is projected to be approximately \$9.4 million of uncollected revenue in Fiscal Year 2019-2020, Fiscal Year 2020-2021, and Fiscal Year 2021-2022. On May 5, 2021, the Administration and Finance Subcommittee recommended that the Council revisit the deadlines associated with the fee waivers and possibly reduce them. Staff requests that the Council provide direction on this topic.

American Rescue Plan

On March 11, 2021, President Biden signed the American Rescue Plan Act (ARPA). This historic plan will provide funding totaling \$65.1 billion to all 19,000 cities, towns, and villages in the United States. The payment to Malibu is estimated to be \$2.2 million. The City will receive the funds in two payments. The first payment should be received by June 11, 2021. The City may request the second payment no sooner than 12 months later. The budget document reflects the first \$1.1 million payment in Fiscal Year 2020-2021. It has been set up as a General Fund Designated Reserve. The Proposed Budget does not include the second payment, as it is unclear whether the City will receive that payment in Fiscal Year 2021-2022 or Fiscal Year 2022-2023. Staff will continue to monitor the timing of the second payment and will amend the budget if needed.

Final guidance on eligible expenditures has yet to be provided to cities. The funds may be used through December 31, 2024. Initial communications from the Treasury Department have indicated that the City will be able to use the funds to reimburse COVID-19 related expenditures retroactive to July 1, 2020. City COVID-19 related expenditures that are not eligible to be reimbursed by other sources, including the CARES Act and FEMA, total approximately \$595,586. These expenses are currently shown as expenditures under the ARPA. Moving forward staff will review these expenses more closely for eligibility. The City will be responsible for providing periodic reports with detailed accounting on the uses of the ARPA funds to the Treasury Department. The Plan also contains many other designated funding sources for individuals, businesses, and infrastructure. Staff will stay abreast of these programs and provide information to the community as appropriate.

On May 10, 2021, the United States Department of the Treasury released the Interim Final Rule (IFR) on the permissible uses of the American Rescue Plan funds. Five categories of eligible uses have been established:

- **Public Health:** Support public health expenditures necessary to contain the crisis including communication campaigns, safety measures, and payroll for public safety staff primarily working on COVID-related tasks. The City has already incurred expenses related to this category and could be reimbursed for those costs. This funding can also potentially be used to assist with issues surrounding homelessness. Staff needs to review the guidance to understand the parameters of this use.
- **Economic Hardship:** Address negative economic impacts caused by the public health emergency including rehiring public sector workers that had been eliminated during the pandemic. The Fiscal Year 2020-2021 Adopted Budget reduced staff by 9 full-time equivalents (FTE). The Proposed Budget recommends reinstating some of those positions including the part-time Fire Safety Liaison, the Recreation Coordinator, the Planning Technician and the Administrative Assistant. The cost for these positions in Fiscal Year 2021-22 would be appropriately \$279,000. If Council is interested in applying the ARPA funds for this purpose staff could calculate the costs for these positions going forward as these funds are eligible to be used through December 31, 2024.
- **Public Sector Revenues:** Address municipal revenue losses due to the economic impacts of the pandemic. The IFR establishes a clear and consistent methodology to calculate those reductions. This is the most flexible category as the funds can be used for most municipal uses with some exceptions. Both the City's Sales Tax and TOT – Hotels and Motels revenue have seen reductions due to the pandemic. Staff could apply the IFR calculator to these revenue sources and apply the funds most flexibly.
- **Premium Pay for Essential Workers:** Includes essential workers either in the public sector or through grants to third-party employers. These funds are intended to prioritize low and moderate-income workers that had regular in-person interactions with the public. Staff needs to evaluate the IFR to understand the federal monitoring and reporting requirements necessary if funds are granted to a third-party. The City does not currently have a process in place that could be used to run such a program, and it would potentially be staff intensive.
- **Water, Sewer, and Broadband Infrastructure:** Improving access to clean drinking water, supporting vital wastewater and stormwater infrastructure, and expanding access to broadband internet. These funds are intended to be focused on unserved and underserved communities.

Several types of expenditures have been identified as ineligible. These include deposits into pension funds, debt service, legal settlements and judgements, and deposits into reserves or rainy-day funds.

The 60-day comment period on the IFR is now open. The guidance will not become final until after the comment period has elapsed. The Treasury Department will continue to hold webinars and release FAQs over the next several weeks to aid cities

in understanding the requirements of the IFR. Staff will continue to monitor the information and review the IFR to gain a better understanding of the regulations. Staff requests direction from Council on how to allocate the ARPA funds.

Special Revenue Funds

The Special Revenue Fund totals \$41.47 million. Gas Tax revenue is projected at \$325,000. Gas Tax revenues are based, in part, on projected fuel costs and sales, and the projected amount has increased by \$29,000 from the prior year due to anticipated lifting of COVID-19 restrictions. Traffic Safety revenue is projected to remain flat at \$200,000. Proposition A revenue is projected at \$237,000 and Proposition C revenue is projected at \$196,000. The City is projected to receive \$380,000 from Measure W – the Los Angeles County Safe Clean Water Act. This funding can be used for stormwater-related projects and maintenance. Revenue from the three Landslide Maintenance Districts, the Carbon Beach Undergrounding Community Facilities District, and the Broad Beach Undergrounding Assessment District, are also budgeted in Special Revenue funds. Revenue from the Landslide Maintenance Districts is used for operations and maintenance. Revenue from the other special districts is used to pay debt service and associated administrative costs. Grants from Measures R and M for road improvement projects represent another \$18.11 million. The budget also shows a projected \$16.50 million for Phase Two of the Civic Center Water Treatment Facility. Staff is in discussions with the State Revolving Fund about loans for construction of this project.

Legacy Park Project Fund

The Legacy Park Project Fund reflects revenue and expenditures associated with the City's three commercial properties, Legacy Park, and clean water projects. The Proposed Budget includes \$1.54 million of base rental income from three commercial properties. In prior years, the City also received additional funds from the percentage rental income from the Malibu Lumber Yard site. The percentage rental income has dropped significantly in previous years due to the decline of brick and mortar retail sales. Due to rental vacancies combined with the closure of non-essential businesses during the COVID-19 pandemic, no percentage rent is anticipated in Fiscal Year 2021-2022. This revenue is used for debt service associated with the Legacy Park acquisition, operations and maintenance of Legacy Park, and other high priority clean water expenses. The available amount in the Legacy Park Project Fund has decreased from prior years as a result of the City's payment of the Civic Center Water Treatment Facility (CCWTF) Assessment District fees on behalf of its commercial property tenants and the ongoing use of these funds for clean water expenses. The City will be reimbursed the total amount of the CCWTF assessment from the commercial property tenants over time.

Expenditures

The expenditures in the Proposed Budget are based on the priorities in the City Council's Work Plan and ongoing operations included as Attachment 2.

The Fiscal Year 2020-2021 Budget represented significant reductions in expenses from the prior fiscal year to meet the expected \$2 million loss of General Fund revenue from the COVID-19 pandemic. All departments reduced expenditures of travel, training, operating supplies, printing, professional services, and all non-essential expenses. Certain costs could not be reduced, including property insurance, debt service, law enforcement services, election services for the district elections, and professional services for mandated activities.

Due to the projected continuing economic impacts of the COVID-19 pandemic, the Proposed Budget has been developed conservatively with a continued emphasis on streamlining services to reduce costs. In the prior year, the one-time use of the SCE Woolsey Fire Settlement fund supplemented the use of General Fund dollars. Additionally, Special Revenue funds were budgeted in lieu of General Funds, where appropriate, to reduce the use of General Funds. To offset an expected decline in General Fund revenues due to the COVID-19 pandemic, during Fiscal Year 2020-2021, the Council established a Designated Reserve for Fiscal Year 2021-2022 Operating Expenditures in the amount of \$6.5 million. This reserve will be used to make up the General Fund budget shortfall in Fiscal Year 2021-2022.

Internal Service allocations for information technology and vehicles are assigned by department. The Proposed Budget includes an Information Technology (IT) allocation of \$4,500 per computer user. The physical distancing made necessary by the COVID-19 pandemic had increased the City's reliance on technology to maintain operations and provide services to the community. In the prior year, to further reduce expenditures, departments were not charged the \$5,000 per vehicle assigned. Vehicle Fund reserves were used in lieu of the General Fund. In Fiscal Year 2021-2022, departments will be charged \$6,000 per vehicle assigned to begin rebuilding the Vehicle Fund.

The City's CalPERS contribution rate for Fiscal Year 2021-2022 will be 18.6% of payroll for Classic Employees (hired prior to 2013) and 7.73% of payroll for New Employees (hired in or after 2013). In Fiscal Year 2020-2021, the City's contribution rate for Classic Employees was 18.75% and 7.87% for New Employees. The Proposed Budget provides for 46 Classic Full-Time Employees and 46 New Full-Time Employees. Part-Time Employees and Interns do not participate in CalPERS.

The COVID-19 pandemic may impact long-term CalPERS contribution rates. If CalPERS adjusts its discount rates and investment portfolio, the City will be responsible for higher annual contributions. Staff continues to monitor the City's

contribution rates and the impact they will have on future budgets. The Proposed Budget for Fiscal Year 2021-2022 does not provide for any funding for additional increases to the City's CalPERS liabilities, but does maintain the amounts that the City is required to fund each year pursuant to the Government Accounting Standards Board (GASB).

The City is also responsible for Other Post-Employment Benefits (OPEB), which include retiree health insurance. In 2009, the City began contributing to a Prefunding Program through CalPERS to address the City's unfunded OPEB liability. As of 2021, unlike many other cities, the City currently has enough reserves in this account for the OPEB liability to be fully funded.

Woolsey Fire Impact on Fiscal Year 2021-2022 Budget

The City and the City's budget continue to be impacted by the 2018 Woolsey Fire. Expenditures related to the Woolsey Fire continue to be included as a stand-alone budget program, which allows the individual department budgets to reflect ongoing costs only. This budget includes expenditures for the ongoing rebuilding and recovery efforts for various professional services, including contract planners, inspectors, plan checking, and other services needed to facilitate the rebuilding of burned homes and recovery efforts of the City.

In the prior year, Planning, Building Safety, Environmental Health and Public Works staff time was allocated directly to this task. In Fiscal Year 2020-2021, the SCE Woolsey Fire Settlement Fund was used in lieu of General Fund to support these efforts. In the Fiscal Year 2021-2022 Proposed Budget, staff time has been reallocated back to the home departments.

Staff will continue to manage the high volume of document research and public records requests. Some advertising, website and printing costs are included to make sure that all the necessary information continues to be communicated with the community. These costs also include smaller projected expenditures for storm response in the burn areas for Fiscal Year 2021-2022 than in prior fiscal years as vegetation regrowth has happened. These total Woolsey Fire related costs are estimated at \$2.10 million.

The City has significant capital expenditures needed to cover the repair and restoration projects necessary after the Woolsey Fire and the subsequent winter storms. These infrastructure and facility repair costs are detailed in a separate Disaster Capital Improvement Projects program for a total of \$4.50 million in expenditures for Fiscal Year 2021-2022. An additional \$2.18 million is projected to be incurred in Fiscal Year 2020-2021, \$1.02 million in costs was incurred in Fiscal Year 2019-2020, and \$3.03 million in Fiscal Year 2018-2019.

A large share of these capital expenses will be covered by FEMA, CalOES and the City's insurance policy with CalJPIA. In past disasters, these agencies have taken years to reimburse the City for these costs. To date, the City has received \$4.76 million in reimbursements. Staff is projecting that an additional \$1.5 million reimbursement will occur in Fiscal Year 2021-2022. The remaining \$3.85 million will remain as a liability against the General Fund until reimbursement is received. These disaster-related projects for Fiscal Year 2021-2022 include:

• Clover Heights Storm Drain Improvements	\$ 100,000
• Corral Canyon Road and Retaining Wall	\$ 500,000
• Latigo Canyon Road and Retaining Wall	\$ 608,000
• Trancas Canyon Park Improvements	\$ 231,000
• Trancas Canyon Park Slope Improvements	\$ 560,000
• Birdview Avenue Improvements	\$ 25,000
• Broad Beach Water Quality Improvements	\$ 539,000
• Encinal Canyon Road Drainage Improvements	\$ 500,000
• Malibu Road Drainage Repairs	\$ 40,000
• Westward Beach Road Shoulder Repairs	\$ 500,000
• Outdoor Warning Sirens - Design	\$ 400,000
• Malibu Park Storm Drain Improvements	\$ 500,000

Impact of COVID-19 on Fiscal Year 2021-2022 Budget

Expenditures related to costs associated with the City's response to the COVID-19 pandemic continue to be included in a separate budget page. These costs include expenses for personal protective equipment (PPE) and cleaning supplies, safety improvements to City facilities, and professional services related to managing State and County orders. Staff time related to developing and disseminating COVID-19 related information and organizing necessary community services will be tracked but is not budgeted in this section for Fiscal Year 2021-2022. Staff currently estimates that these costs, excluding staff time, will be \$221,000 for Fiscal Year 2021-2022 and \$679,000 for Fiscal Year 2020-2021. The City incurred \$815,000 in costs for Fiscal Year 2019-2020.

The City has already begun the process of requesting reimbursement for emergency response from FEMA. FEMA will cover staff overtime (not regular time) and costs for safety supplies and communication-related costs through September 14, 2021. The City received \$163,000 from the CARES Act for expenses the City incurred in Fiscal Year 2019-2020. Funds from the American Rescue Plan will cover City expenses retroactive to July 1, 2020. The Treasury Department issued the IFR on May 10, 2021. Staff will evaluate the IFR for eligible expenditures. City staff will continue to monitor communications from the Treasury Department and will update the Council accordingly.

Expenditures by Department

Management and Administration

In Fiscal Year 2021-2022, the Management and Administration Department budget has increased from the prior fiscal year by \$3.20 million. Most department budgets were cut significantly in the prior year. Additionally, staff time over the past two years had been reallocated in the Woolsey Fire and COVID-19 budgets. Debt service will increase by \$542,000 reflecting the full interest and principal payments on the Certificates of Participation (COPs) for the vacant land purchase of 2018. This number also includes \$1.09 million for the two additional Sheriff's patrol cars as requested by Council on April 22, 2021. This increase is comprised of the net impact of:

- An increase of \$37,000 in City Council due to professional services related to School District Separation
- An increase of \$59,000 in Media Operations reflective of transferring staff time back from the COVID-19 budget
- An increase of \$12,000 in the City Manager budget for salaries and benefits
- An increase of \$229,000 in the City Attorney budget related to School District Separation and potential litigation costs
- An increase of \$128,000 in the City Clerk budget for the second Deputy City Clerk and higher professional services for public meeting software, public records request software and potential by-district elections costs
- An increase of \$420,000 in Finance due to the proposed new Grants Analyst position, increased filming projections as a result of the easing of COVID-19 restrictions, and increased bank fees due to higher credit card use from the new online permit payment options
- An increase of \$106,000 in Human Resources for higher recruitment costs, including hiring a professional firm to conduct the search for a new City Manager
- An increase of \$399,000 in Non-Departmental Services due to a projected increase in the City's insurance premiums and CalPERS liabilities. Additionally, City-wide costs for City cell phones have been moved to this budget item rather than being separated out by department. These costs have increased significantly due to the COVID-19 pandemic.
- An increase of \$110,000 in Information Services from resuming the City's IT Strategic Plan that had been paused due to the COVID-19 pandemic and increased equipment needs as more City work becomes digital
- An increase of \$29,000 in City Hall due to projected increased maintenance needs as staff and visitors return fully to City Hall
- An increase of \$542,000 for Debt Service for the full interest payment on the COPs for the 2018 land acquisition

The Proposed Budget assumes that the City will not offer passport processing services in the upcoming fiscal year.

Public Safety

The Public Safety office is part of the Management and Administration Department but is listed separately here due to the complexity of its goals and activities. The overall budget for Public Safety has increased \$1.93 million from the prior fiscal year due to a combination of factors:

- There will be an increase of \$111,000 in costs charged by the Los Angeles County Sheriff's Department (LASD), including a cost of living increase and an increase charge for the Sheriff's Department Liability Trust Fund for a total increase of 1.45% from cost of the basic contract in Fiscal Year 2020-2021. The City continues to use \$156,000 in grant funds to supplement law enforcement activities, which helps to offset the amount of General Funds used for these services.
- An additional \$1.09 million has been proposed to be added to the Sheriff's contract to fund two additional five day per week patrol cars.
- The City's contract with Los Angeles County Department of Animal Care and Control is projected to increase by \$25,000 in Fiscal Year 2021-2022. The Department had planned significant increases to its fee structure, but the pandemic further delayed those adjustments.
- The Proposed Budget includes the additional half-time Fire Liaison position that had been unfunded for Fiscal Year 2020-2021 due to the pandemic.
- Homeless Services includes \$300,000 to fund the outreach team. An additional \$250,000 has been allocated to Homeless Cleanups.

On April 22, 2021, the City Council directed staff to include two additional Sheriff's patrol cars, one for the early morning shift and one for the evening shift, in the Fiscal Year 2021-2022 Proposed Budget. Staff worked with the Sheriff's Department to come up with costs for an increase of four (4) deputies and two (2) new patrol cars. The four deputies will serve to provide two, two-person, special assignment teams. Each team will have one vehicle. The personnel cost for these two additional cars would be \$1.48 million for Fiscal Year 2021-2022 for seven days per week coverage. There will also be a one-time cost of \$183,452 to purchase the two vehicles. These additional services would increase the total contract to \$9.52 million in Fiscal Year 2021-2022 from \$7.79 million in the current year. It should be noted that these contract costs increase every year at an average rate of 5%, which would result in an additional \$476,000 in costs for the following fiscal year. A chart (Attachment 3) details the City's hourly patrol coverage under the Sheriff's contract and indicates where the two additional cars would be placed.

On February 8, 2021, the Council authorized a four-month trial for one, two-person special assignment team. That team is operating five days per week, not seven. The annual personnel cost would be \$908,495 for the two patrol cars to run five days per week instead of seven. The one-time cost of \$183,452 for the two vehicles would remain the same. Under this scenario, the total cost for the Sheriff's contract would be \$8.95 million for Fiscal Year 2021-2022. On May 5, 2021, the Administration and Finance Subcommittee recommended choosing the five day per week option, but also asked that the Public Safety Commission make a recommendation. At the regular Public Safety Commission meeting on May 5, the Commission recommended the five day per week option as well.

Sheriff's Department staff is also recommending an additional .5 motor deputy. The current Sheriff's contract already includes 2.5 motor deputies. The current half-time position is used as an overtime slot for the existing motor deputies. The Sheriff's Department recommends that the City increase this to one full motor deputy for a total of three (3) for increased traffic patrol. The additional cost for personnel would be \$122,109 for Fiscal Year 2021-2022. There would also be a one-time cost of \$49,307 for the motorcycle. On May 5, the Public Safety Commission recommended that this additional .5 motor deputy be added to the Sheriff's Department contract. This additional \$171,416 expense has not been included in the Proposed Budget. Staff requests that Council make the final determination about adding this expense.

The City pays for additional coverage by the Sheriff's Department for the beaches in the summer. The Summer Enforcement Team traditionally deploys on Memorial Day weekend; however, large crowds are expected earlier at Malibu beaches due to the easing of COVID-19 restrictions. Therefore, the 2021 Summer Enforcement Team began working on weekends as of May 1. Since it is anticipated that this trend will continue through 2022, the proposed FY 2021-2022 Budget includes an increase of \$180,000 for this expanded service. The Public Safety Commission has recommended this adjustment of the start date for the Summer Enforcement Team.

The planned Los Angeles County Sheriff's Station at the Santa Monica College facility is scheduled be completed in Fiscal Year 2022-2023. Preliminary estimates indicate that the City's law enforcement costs will increase approximately \$3 million a year with the new station, an amount that is currently unachievable with expected General Fund revenues and expenses.

Community Services

The Community Services budget for Fiscal Year 2021-2022 has increased a net amount of \$218,000 due to:

- A decrease of \$4,000 in Transportation Services for Dial-A-Ride services
- An increase of \$72,000 in General Recreation due to salaries and benefits

- An increase of \$70,000 in Aquatics due to increased program offerings as COVID-19 restrictions are lifted
- An increase of \$13,000 in Day Camp to reflect increased contract personnel costs due to projected higher attendance following the lifting of COVID-19 restrictions
- An increase of \$17,000 in Skate Park to reflect increased hours of the Temporary Skate Park
- An decrease of \$13,000 in Sports to reflect a reduction in contract personnel
- An increase of \$70,000 in Community Classes to reflect the anticipated increase in attendance in programs due to the easing of COVID-19 restrictions and the higher contract personnel costs to safely serve the community
- An increase of \$40,000 in Senior Adult Programs to reflect the anticipated increase in attendance to programs due to the easing of COVID-19 restrictions
- A decrease of \$95,000 in Park Maintenance due to decreases in Professional Services
- A \$24,000 increase in Special Events due to the projected ability to hold large events in calendar year 2022 due to the easing of COVID-19 restrictions
- An increase of \$25,000 for Malibu Arts to reflect the projected reinstatement of several events due to the lifting of COVID-19 restrictions

Environmental Sustainability

The budget for the Environmental Sustainability Department has increased \$86,000 for Fiscal Year 2021-2022 compared with the prior year budget as a result of:

- An increase of \$459,000 in Building Safety due to the transferring of salaries and benefits back from the Woolsey Fire Rebuilding budget and an increase in professional services, including the addition of \$50,000 for a consultant related to the Dark Skies Ordinance
- A \$128,000 increase in Wastewater Management due to the transferring of salaries and benefits back from the Woolsey Fire Rebuilding budget
- A \$512,000 decrease in Clean Water due to a decrease in Professional Services as the prior year had a one-time consultant cost for preparation of the update to the City's Enhanced Watershed Management Program (EWMP)

Planning

The Planning Department's budget has increased by \$214,000 due to the transferring of salaries and benefits back from the Woolsey Fire Rebuilding budget and the addition of a Planning Technician position. Costs associated with Code Enforcement services have increased by \$257,000 from the prior year due to the addition of another Code Enforcement Officer and an administrative position to improve this important service to the community.

Public Works

The budget for Public Works has increased \$654,000 attributable to:

- An increase of \$177,000 in Street Maintenance due to an increase of contract services to manage street maintenance and trash pick-up for increased summer visitation
- A decrease of \$3,000 in Fleet Operations
- An increase of \$70,000 in Stormwater Treatment Facilities due to the replacement of two ozone generators for the Civic Center facility equipment
- An increase of \$425,000 in Public Works Engineering that reflects the transferring of staff time back from the Woolsey Fire Rebuilding budget and the addition of one Associate Civil Engineer position

Capital Projects

The Proposed Budget for Fiscal Year 2021-2022 includes an ambitious Capital Improvement Project plan. The City is required to expend Measure R and Measure M dollars before they expire. Additionally, the City will be beginning construction on Phase Two of the Civic Center Water Treatment Facility (CCWTF) to meet the timeline set by the Memorandum of Understanding (MOU) with the Regional Water Quality Control Board. The Capital Improvement Projects budget totals \$36.70 million for Fiscal Year 2021-2022, including:

• Annual Street Overlay	\$ 650,000
• PCH Median Improvements	\$ 4,250,000
• PCH Signal Synchronization System	\$ 9,805,000
• Civic Center Stormwater Diversion Structure	\$ 100,000
• Marie Canyon Green Streets	\$ 400,000
• CCWTF – Phase Two	\$16,500,000
• Westward Beach Road Improvements	\$ 3,845,000
• Permanent Skate Park	\$ 357,472
• Vehicle Protection Devices	\$ 100,000
• Legacy Park Paver Repair	\$ 60,000
• Malibu Bluffs South Walkway	\$ 150,000
• Trancas Canyon Park Playground Resurfacing	\$ 75,000
• PCH Overhead Warning Signs	\$ 160,000
• PCH at Trancas Right Turn Lane	\$ 250,000

Funding for most capital projects comes from outside funding sources and grants. The use of General Fund dollars has again been minimized for capital projects in Fiscal Year 2021-2022.

Funding for the Permanent Skate Park comes from the Case/Crummer Designated Reserve. The remaining balance is \$357,472. Additional funding to complete the project has yet to be identified.

Pursuant to the City's budgeting policies, unspent capital project funds will be rolled over each year until the project is completed.

Of the total \$36.70 million of capital expenditures, \$18.11 million is being funded from grants, \$16.50 million from a potential State Revolving Fund (SRF) Loan for the CCWTF – Phase Two, \$1.25 million from special revenue funds, \$60,000 from the Legacy Park Project Fund, and \$782,000 from various General Fund Designated Reserves. There are no capital projects being funded from the General Fund Undesignated Reserve in Fiscal Year 2021-2022.

Personnel

In the prior fiscal year, staffing levels were reduced, and a cost of living increase for staff and the deferred compensation matching program were eliminated. During the initial budget process and in the August 2020 revise, a total of 8.75 full-time equivalent positions (FTEs) were unfunded leaving a total of 88.67 FTEs. Part-time employees were reduced to 8.67 FTEs due to the significant reduction of Community Services in-person programming. On February 8, 2021, the City Council authorized the addition of a second Deputy City Clerk bringing the Fiscal Year 2020-2021 totals to 89.67 FTE.

The Proposed Budget for Fiscal Year 2020-2021 provides for 100.27 full-time equivalent positions comprised of 87 full-time employees and the equivalent of 13.27 full-time employees working as part-time employees.

Pending review and approval by the Council, the following personnel changes have been included in the Proposed Budget:

- Add: Fire Safety Liaison (part-time) (Public Safety): This position was originally added to the Fiscal Year 2019-2020 Budget during the mid-year budget discussion. It had not yet been filled during the Fiscal Year 2020-2021 Budget process and was unfunded as part of the cost reduction measures. The part-time position will be beneficial in providing robust coverage during fire season. The Public Safety Office will be able to offer more Home Ignition Zone Assessments and other outreach to residents with the additional position.

In Fiscal Year 2021-2022, this position will be funded by the General Fund with a net impact of \$38,000.

- Add: Recreation Coordinator (Community Services): This position was eliminated in the Fiscal Year 2020-2021 Budget as part of the cost reduction measures. Community Services is projecting that programming will start slowly for the first half of the fiscal year and increase to normal levels as of January 1, 2022. This position would come online for the second half of the fiscal year to assist with providing more comprehensive programming for the community.

In Fiscal Year 2021-2022, this position will be funded by the General Fund with a net impact of \$52,000.

- Add: Planning Technician (Planning): A vacant Planning Assistant position was eliminated in Fiscal Year 2020-2021. The Planning Department has been adjusting its staffing levels to better handle the needs of the community. The Department has been hiring more junior level staff as part of its successful strategy to train and promote from within to build capacity and improve efficiency. The additional Planning Technician position will support this strategy.

In Fiscal Year 2021-2022, this position will be funded by the General Fund with a net impact of \$99,000.

- Add: Administrative Assistant (Planning – Code Enforcement): An Office Assistant in the Planning Department was eliminated in Fiscal Year 2020-2021 to reduce costs. The initial Short-Term Rental Permit process was handled by staff in the Management and Administration Department. In Fiscal Year 2021-2022, the process will be handled by the Planning Department and Code Enforcement. This position will assist in that process. Additionally, providing Code Enforcement with administrative support will enable the Code Enforcement Officers to spend more time in the field.

In Fiscal Year 2021-2022, this position will be funded by the General Fund with a net impact of \$90,000.

- Add: Code Enforcement Officer (City Hall Operations): The Code Enforcement Division's workload has significantly increased due to the adoption of new programs, including but not limited to the short-term rental permitting and enforcement program, the Dark Sky ordinance, the fire-resistant landscaping ordinance, and the dumpster locking ordinance. In addition, this Division provides enforcement of ESD programs, such as the onsite wastewater treatment systems (OWTS) permitting program, illicit discharge/water runoff into storm drains, and bans on plastic utensils, straws, Styrofoam, and plastic sandbags, and rodent bait boxes. The orders surrounding COVID-19 restrictions have also increased the division workload. The addition of a position will provide more robust enforcement throughout the City.

In Fiscal Year 2021-2022, this position will be funded by the General Fund with a net impact of \$100,000.

- Add: Associate Civil Engineer (Public Works - Engineering): The Fiscal Year 2020-2021 Budget contains a very ambitious Capital Improvements Program. Many of those projects are time-sensitive due to their funding sources. Another Civil Engineer position will allow the Department to manage the heavy workload.

In Fiscal Year 2021-2022, the net cost of \$139,000 for this position will be funded through grants and special revenue. There will be no fiscal impact to the General Fund.

- Add: Grants Analyst (Finance): Following the Woolsey Fire, the City has exponentially increased the number of grants from outside agencies that require detailed tracking and reporting. These include FEMA and CalOES disaster grants, FEMA Hazard Mitigation grants, CDBG Disaster Recovery funds, and the special funding related to the COVID-19 pandemic from FEMA and the American Rescue Plan. The City continues to have multiple grants from Measure R and Measure M. In Fiscal Year 2021-2022, the City will also undertake an assessment district for Phase Two of the CCWTF. In the past, grants management occurred separately in each department. With so many more projects, consolidating grants management in the Finance Department will be more efficient.

In Fiscal Year 2021-2022, the net cost of \$120,000 will be funded through grants and special revenue. There will be no fiscal impact to the General Fund.

On May 13, 2021, the City Council directed staff to bring back an item regarding the establishment of a ten-person committee to address issues related to homelessness. This Brown Act body will require additional staff resources in Public Safety. Staff requests that the Council discuss adding an additional position in Public Safety to address the workload.

The Student Intern program that was suspended in Fiscal Year 2020-2021 due to the COVID-19 pandemic will remain unfunded in the Proposed Budget. This program was handled through the City Clerk's office. The Proposed Budget does not include funding for the Student Intern program as it is unknown how many employees will be allowed in City Hall at the same time due to COVID-19 protocols.

The City typically provides an annual cost of living adjustment (COLA) to employees. The adjustment is derived from the Consumer Price Index (CPI) using an annual percentage from February. In Fiscal Year 2020-2021, the budget did not provide a

COLA for City staff to reduce expenses in anticipation of decreased revenues due to the COVID-19 pandemic. The percentage change of the CPI was 3.40% in February 2020. The percentage change of the CPI in February 2021 was 1.0%. The Proposed Budget for Fiscal Year 2021-2022 includes a COLA of 2.2% which blends the rates from the prior two years. The cost to provide this much-needed COLA to City staff is approximately \$214,000.

The City eliminated the deferred compensation matching program for employees during Fiscal Year 2020-2021 as a one-time cost saving measure. The Proposed Budget for Fiscal Year 2021-2022 includes \$89,000 in funding to reinstate this program.

The City Manager has the authority to transfer staff into previously authorized classifications provided there is no fiscal impact as a result of the transfer.

Unfunded Expenses and Other Items Not Included in the Proposed Budget

The Proposed Budget for Fiscal Year 2021-2022 does not include funding for some of the Council's priority projects, including the construction of the Permanent Skate Park, community discussions for the use of the City's multiple vacant properties, or the Los Angeles County Sheriff's Station at the Santa Monica College facility. The Council should discuss options for a long-term funding solution to address the increase in law enforcement costs associated with a Malibu station. It is anticipated that community discussions regarding the Sheriff's station will resume after COVID-19 restrictions are lifted. Preliminary estimates indicate that the City's law enforcement costs will increase approximately \$3 million per year with the new station, an amount that is currently unachievable with expected General Fund revenues and expenses.

On March 8, 2021, the Council adopted Resolution No. 21-08 approving the allocation of approximately \$18.60 million in Community Development Block Grant Disaster Recovery Program funds to Malibu by the U.S. Department of Housing and Urban Department (HUD) to support the creation of affordable housing in City the aftermath of the Woolsey Fire, a presidentially declared disaster. Staff is currently working with the California Department of Housing and Community Development (HCD) on the due diligence process and to develop the grant agreement. The City does not currently have all the required policies and procedures in place to administer this program. A portion of the City's \$18,602,848.07 allocation can be used to hire consultants to manage this program and any approved projects in coordination with the City assuming the program ultimately delivers affordable housing units. Once the grant agreement is developed, staff will have a better idea of the funding needed to administer and implement the program and will bring back an item to incorporate these costs into the budget.

As mentioned above, on May 13, 2021, the Council directed staff to bring back an item regarding the establishment of ten-person committee to address issues related to homelessness. The additional Public Safety staff position required to handle this additional workload has not yet been included in the Proposed Budget. Staff will present the costs for adding such a position for Council consideration on May 24, 2021.

Administration and Finance Subcommittee Recommendations

On May 5, 2021, the Administration and Finance Subcommittee discussed the budget. The Subcommittee recommended that the two additional Sheriff's patrol cars added by Council on April 22, 2021 be 5 day per week cars. This would keep the annual personnel cost for this additional service to \$908,495. Seven day per week patrol cars would increase that cost by \$500,000. The Public Safety Commission agreed with that recommendation.

The Subcommittee also recommended that the Council revisit and potentially reduce the deadlines for the Woolsey Fire fee waivers. They requested that staff return to the Subcommittee after the start of the new fiscal year to explore new revenue sources. Finally, the Subcommittee recommended amending the compliance dates for commercial properties in the Dark Skies ordinance to address the economic impacts on businesses due to the pandemic. Staff has included this item in the Proposed Work Plan.

General Fund Grant Applications

The General Fund Grant Program provides funding to non-profit organizations located within the City of Malibu benefiting residents of the community. The Proposed Budget for Fiscal Year 2021-2022 includes \$150,000 for the General Fund Grant program, which is consistent with the prior fiscal year. The application deadline for General Fund Grants was March 31, 2021. The City received 23 grant applications totaling over \$439,590.

The Administration & Finance Subcommittee met on May 12, 2021, to discuss the General Fund Grant Applications. The Subcommittee recommended that the following 20 organizations receive grant awards as outlined below:

• Adamson House Foundation	\$ 1,500
• American Tortoise Rescue	\$ 750
• Aurelia Foundation	\$ 1,000
• Boys and Girls Club of Malibu	\$90,000
• California Wildlife Center	\$ 2,000
• Children's Creative Workshop	\$ 750
• Children's Lifesaving Foundation	\$ 2,500
• Eco Hero Kids Foundation	\$ 500

• Emily Shane Foundation	\$ 2,000
• Friends of Malibu Urgent Care Center	\$ 5,000
• Malibu Community Labor Exchange	\$10,000
• Malibu Elementary School PTA	\$ 1,500
• Malibu High School - Shark Fund	\$ 1,500
• Malibu Jewish Center (Hand in Hand)	\$ 2,000
• Malibu Mountain Rescue Team, Inc.	\$12,500
• Malibu Women's Club	\$ 1,500
• Meals on Wheels	\$ 3,500
• Poison Free Malibu	\$ 2,500
• Sea Save Foundation	\$ 500
• Webster Elementary PTA	\$ 1,500
TOTAL	\$143,000

The Subcommittee recommended that the remaining \$7,000 be held in reserve for grant needs that might arise during the fiscal year.

City Council Work Plan

The Fiscal Year 2021-2022 Council Work Plan (Attachment 2) is included with this report.

City staff will continue to closely monitor revenues and expenditures throughout the budget process to project next year's budget expectations more accurately.

Budget Schedule

The final budget will be presented to the Council for adoption on June 28, 2021.

WOOLSEY FIRE AND STORM RESPONSE OPERATIONS

The Fiscal Year 2021-2022 Budget includes expenditures to address the ongoing operational costs spanning multiple departments to address recovery and rebuilding efforts as a result of the Woolsey Fire. These costs include various professional services, including contract planners, inspectors, plan checking, and other services. It also include some costs for advertising, website and printing costs have been included to make sure that all the necessary information is being communicated extensively with the community. In Fiscal Year 2021-2022, City personnel costs associated with the City's fire rebuild effort will no longer be applied directly to this program and all costs associated with this program will no longer be charged against the City's SCE Settlement funds.

Based on the limited storm response projected in Fiscal Year 2020-2021 to safeguard the burned areas of the City, the amount funding for storm response has been reduced for Fiscal Year 2021-2022.

COVID-19 PANDEMIC

On March 4, 2020, California Governor Gavin Newsom declared a State of Emergency in response to the increased spread of COVID-19. Additionally, on March 4, 2020, the Los Angeles County Board of Supervisors and the Department of Public Health declared a local and public health emergency in response to increased spread of COVID-19 across the country and in Los Angeles County. The City of Malibu's Emergency Operations Center (EOC) was activated on March 13. On March 16, the City Council adopted Resolution No. 20-14 ratifying the City's Emergency Services Director's Proclamation of Existence of a Local Emergency issued on March 14, 2020. The President of the United States declared a major disaster for California for the COVID-19 pandemic on March 22, 2020.

On January 25, 2021, the State announced the end of the Regional Stay at Home Order and reinstated the tier system established in the State's Blueprint for a Safer Economy. As vaccinations become more widely available, the County and the State are allowing stay at home orders and restrictions to be lifted. The State has recently announced that it aims to open fully reopen by June 15, 2021. This opening comes as the State has reached 20 million vaccinations. The State will monitor hospitalization rates, vaccine access, and vaccine efficacy against variants as the June 15 date approaches. Staff continues to closely track these developments, communicate them to the community and implement covid-safety guidelines and practices in all city operations.

The Fiscal Year 2021-2022 Budget includes expenditures to address the ongoing operational costs of the City's response to the COVID-19 pandemic. These costs include overtime for eligible staff who are helping to support the City's EOC functions, cloud commuting services to support the City's virtual EOC functions, operating supplies, and meals for EOC staff and volunteers. Advertising and printing costs have also been included to make sure that necessary information is being communicated extensively with the community. It is anticipated that these funds will be reimbursed by the American Rescue Plan signed by President Biden on March 11, 2021.

DISASTER RECOVERY CAPITAL IMPROVEMENT PROJECTS

CORRAL CANYON ROAD CULVERT REPAIRS (9202)

This project is located several hundred feet up Corral Canyon Road where there is a new depression in the pavement surface that was discovered after the Woolsey Fire. The pipe was damaged or partially collapsed. The project included replacing the culvert and drainage inlet and repairing the pavement. This project was completed in Fiscal Year 2019-2020.

CITYWIDE GUARDRAIL REPLACEMENT (9203)

This project consists of replacing all damaged guardrails throughout the City caused by the Woolsey Fire on Encinal Canyon Road, Birdview Avenue, Wildlife Road, Latigo Canyon Road, Corral Canyon Road, and Kanan Dume Road. The design, permitting, bidding and construction of this project was coordinated with the County since they have similar projects in the area. This project was completed in Fiscal Year 2020-2021.

CLOVER HEIGHTS STORM DRAIN IMPROVEMENTS (9204)

After the Woolsey Fire, the City experienced heavy rains in 2019 causing damage to the drainage system on Clover Heights. The City received grant funding through the FEMA Hazard Mitigation Grant Program for design and construction to install a new storm drain line on Clover Heights.

CORAL CANYON ROAD STABILIZATION PROJECT (9205)

The project consists of removing a damaged metal pipe, replacing it with a reinforced concrete pipe, and installing a rock slope protection system outlet on Corral Canyon Road.

LATIGO CANYON ROAD ROADWAY/RETAINING WALL IMPROVEMENTS (9207)

This project consists of repairing the roadway and existing timber retaining walls on Latigo Canyon Road that were damaged from the Woolsey Fire. The City will manage the design, permitting, bidding, and construction phase of the project.

TRANCAS CANYON PARK IMPROVEMENTS (9209)

This project consists of repairing the damaged planting and irrigation system that was destroyed by the Woolsey Fire. The project also includes the repair of the septic system equipment in Trancas Canyon Park. The City will manage the design, permitting, bidding, and construction phase of the project.

TRANCAS CANYON PARK SLOPE IMPROVEMENTS (9210)

The project consists of repairing the existing slope east of Trancas Canyon Park. The Woolsey Fire damaged the slope causing stability issues from soil and rock erosion and damaged concrete benching. The City will manage the design, permitting, bidding, and construction phase of the project.

BIRDVIEW AVENUE IMPROVEMENTS (9211)

This project consists of repairs to roadway embankment cut slopes located on Birdview Avenue that have eroded due to severe storm events after the Woolsey Fire that caused mud, debris, and rock flow within the adjacent street.

BROAD BEACH ROAD WATER QUALITY IMPROVEMENTS (9212)

The City owns over 800 feet of permeable pavers, landscaping and underground biofiltration devices on Broad Beach Road that were damaged by silts, mud and debris caused by storms in 2019. These items are permanent best management devices required to comply with the City's MS4 NPDES Stormwater Water Quality Permit. This project consists of repairing the permeable pavers, replacing media material in the biofilters, and replacing damaged landscaping.

ENCINAL CANYON ROAD DRAINAGE IMPROVEMENTS (9213)

This project is located on Encinal Canyon Road where minor erosion areas were discovered after the severe storm events. This project will consist of repairing the minor erosion areas and damaged storm drain lines.

MALIBU ROAD SLOPE REPAIRS (9215)

The existing slope adjacent to the beach access stairs at 24712 Malibu Road has eroded and has caused damaged to Malibu Road. This project will repair the existing slope and repair the pavement to Malibu Road.

WESTWARD BEACH ROAD SHOULDER REPAIRS (9216)

This project consists of repairing the shoulder on Westward Beach Road that was damaged during the rainy season 2019 following the Woolsey Fire.

CHARMLEE PARK DEBRIS REMOVAL (9217)

This project is located at Charmlee Park where large amounts of debris as well as damaged trees were removed from the site. This project was completed in Fiscal Year 2019-2020.

CHARMLEE PARK PERMANENT WORK (9218)

Charmlee Park sustained substantial damage during the Woolsey Fire, so staff has coordinated with FEMA to address the repairs. There was damage to the buildings, picnic areas and trails. This project will be completed in Fiscal Year 2020-2021.

OUTDOOR WARNING SIRENS (9219)

An Emergency Warning Siren system will improve the City's ability to alert the community by providing mechanisms to alert residents in areas without power and those who live in neighborhoods with poor cell service. Phase One of the project included a sound study to determine the optimal number and locations of individual sirens, power and infrastructure requirements, and siren sound range. The City has been awarded a FEMA Hazard Mitigation grant to fund the design, engineering and environmental compliance needed for a shovel ready project. Phase Two of the Emergency Warning Sirens project will be implementation of the design plan, including purchasing, installing, and testing the sirens. The City will apply for future grant funding for this phase of the project.

MALIBU PARK STORM DRAIN IMPROVEMENTS (9220)

Multiple storm drains throughout the Malibu Park Area and on Birdview Avenue have sustained substantial damages. These damages are due to the recent rainy seasons and associated mud and debris caused by the lack of vegetation from the Woolsey Fire aftermath. These damages occurred during the 2019 rainy season that brought heavy debris and localized flooding from the surrounding burned areas. The drainage structures, slopes and roadways will be repaired within the identified project locations.

CITY COUNCIL

The City of Malibu is a general law city and operates under the Council-Manager form of government. The five-member City Council is elected at-large to serve four-year terms. The Mayor's office is rotated among all Councilmembers. As elected officials, the City Councilmembers represent the citizens of Malibu in the governing process and act on their behalf with regard to regional and local issues, as well as state and federal legislation.

The City Council is the legislative authority and sets the policies under which the City operates. Duties of the City Council include enacting legislation, such as local laws and ordinances, approving City programs, adopting the City's budget and appropriating the funds necessary to provide service to the City's residents, businesses and visitors. The City Council provides leadership through policy development regarding the current practices and future direction of the City.

The City Council convenes regular meetings on the second and fourth Mondays of each month and holds occasional special meetings. The City Council appoints the City Manager, City Attorney and City Treasurer, as well as the members of the City's Boards, Commissions and Committees.

In Fiscal Year 2021-2022, the City Council's budget contains \$150,000 for legislative consulting services. The Community Grants line item is budgeted at \$150,000 for the General Fund Grants program awarded by the City Council to non-profit community groups providing services for the benefit of Malibu residents.

The Council's travel and training budget of \$20,000 consists of \$5,000 for the Mayor and \$3,750 for each of the four Councilmembers. The Events budget covers expenses related to City Council events including the Council reorganization, ribbon cuttings and the holiday open house. The City Council events budget has been increased from \$6,000 to \$10,000 for Fiscal Year 2021-2022 in anticipation of the easing of COVID restrictions in the second half of the year.

The Memberships and Dues budget includes costs related to the City's membership in the Las Virgenes-Malibu Council of Governments (COG), the League of California Cities, the California Contract Cities Association, the Southern California Association of Governments (SCAG), the National League of Cities, Sister Cities International, the California Coastal Coalition and the National Organization to insure a sound-controlled environment (NOISE).

The Professional Services budget includes \$150,000 for services related to School District Separation in Fiscal Year 2021-2022.

MEDIA OPERATIONS

Media Operations is responsible for the management and development of the City's communications and public relations through the use of traditional media outlets, the internet and social media. Media Operations produces printed material, graphics and videos to promote the City's programs. This division also oversees the City's website including the website's e-notification and advisory features.

The City of Malibu maintains Malibu City TV, which is also available for viewing on the City's website and YouTube channel. Programming includes live and tape-delay broadcasts of City Council and Planning Commission meetings, Mayor and City Councilmember programming, City produced informational videos, public service announcements and information regarding community events. The Media Operations budget also includes the cost to hire a firm to provide closed captioning services for City Council and Planning Commission meetings.

CITY MANAGER

The City Manager is appointed by the City Council to carry out its policies and direction. Responsible for oversight of all City operations and delivery of public services, the City Manager provides leadership and direction to the City's management team in developing policy recommendations and responding to directives of the City Council.

In addition to performing the day-to-day activities associated with management of the organization, the City Manager's office implements special projects authorized by the City Council, oversees implementation of the Council's legislative agenda, provides direction on the annual budget process and supports the City Council in the development and adoption of City policy.

LEGAL COUNSEL

The City of Malibu contracts for legal services to provide counsel to the City Council, City staff, and City Boards, Commissions and Committees. The City contracts with the firm Best, Best & Krieger LLP to represent the City in litigation, manage outside counsel representing the City, draft ordinances and resolutions, review claims and contracts, counsel the City regarding personnel, law enforcement, land use and public works issues, and supervise another firm in the prosecution of violations of the City Municipal Code in criminal court.

The Fiscal Year 2021-2022 Budget includes \$150,000 to cover legal services related to School District Separation.

CITY CLERK

The City Clerk is the local official who administers democratic processes, such as elections, access to City records, and all legislative actions ensuring transparency to the public. The City Clerk acts as a compliance officer for federal, state and local statutes, including the Political Reform Act, the Brown Act, and the Public Records Act. The City Clerk manages public inquiries and relationships and arranges for ceremonial and official functions.

As Custodian of Official Records, the City Clerk maintains all official City documents, archives and legislative history. The City Clerk's Office oversees the document imaging and records management program. Additionally, the City Clerk conducts and certifies all municipal elections, administers oaths and affirmations, and manages legal requirements for public notice and for the filing of referenda, initiatives, recall petitions, annual Statements of Economic Interest and Campaign Disclosure Statements.

The City Clerk serves as Clerk of the Council attending, monitoring and retaining complete records of all City Council proceedings.

The City Clerk's Office maintains the live web streaming and video archives of City Council meetings and oversees passport acceptance services and document recording with Los Angeles County. Additionally, the City Clerk oversees the citywide student internship program to encourage high school and college students to participate in local government. The hours of the student internship program have been removed in Fiscal Year 2021-2022 to accommodate other budget priorities.

On February 8, 2021, as part of the Mid-Year Budget Amendment process, the City Council authorized the addition of a second Deputy City Clerk to assist with the increased workload handled by the City Clerk's office which has been included in the Fiscal Year 2021-2022 Budget.

The Fiscal Year 2021-2022 City Clerk professional services budget includes costs associated with potential work related to districting and funding for services to facilitate virtual meetings, online public records requests and digital signatures.

The Fiscal Year 2021-2022 Budget includes a total of \$72,500 for the possible need of a demographer, community outreach, and Public Hearings on by-district elections.

PUBLIC SAFETY

The City's public safety services are comprised of in-house public safety and emergency preparedness programs and contract services, including law enforcement, fire, and animal control, which are provided by the County of Los Angeles.

The Public Safety Office oversees the in-house public safety and emergency preparedness programs including maintaining the City's Emergency Operations Center (EOC) and disaster notification systems, City EOC team training, City staff safety training on emergency protocols, emergency plan development and maintenance, coordinating with outside agencies to develop and improve interagency response procedures, overseeing the Community Emergency Response Team (CERT), neighborhood fire safety and preparedness, providing support to the Sheriff's Volunteers on Patrol (VOP), and implementation of the City's Homelessness Strategic Plan.

The Public Safety staff interact with the community to provide public education opportunities, is the primary contact for outside organizations and law enforcement regarding issues related to homelessness and serves as part of the City Manager's management team. The Fiscal Year 2021-2022 Budget includes an additional part-time Fire Safety Liaison to offer more Home Hazard Assessment, provide additional outreach to residents and help provide more robust coverage during fire season.

The Public Safety Office also provides leadership in the City's response to the COVID-19 pandemic, including EOC operations, modifications to City Hall functions and City services to accommodate physical distancing requirements, and community outreach and messaging.

Law enforcement services provided by the Los Angeles Sheriff's Department include general law, traffic, and parking enforcement and administration, summer beach enforcement, and specialized community policing services. Parking citation processing and hearings are also contracted.

Fire services provided by the Los Angeles County Fire Department include fire emergency response, paramedic services, and fire prevention and inspections. The residents of Malibu pay for these services annually through their property tax bills. Animal Control services provided by the Los Angeles County Department of Animal Care and Control include animal rescue, licensing, abuse investigation, and pet adoptions.

This budget also reflects an increase to the contract with the Los Angeles County Sheriff's Department for the cost of service based on increased operating costs. The cost of service has grown due to increases in administrative costs and the costs of the Liability Trust Fund. In Fiscal Year 2021-2022, the contract will increase by 1.45%, which is an increase of almost \$111,000 from the prior year. The budget also includes the summer enforcement services.

In Fiscal Year 2020-2021, Council allocated an additional \$140,000 for an additional nighttime deputy for the months of March through June on a trial basis. The Fiscal Year 2021-2022 Budget includes approximately \$1.1 million to provide additional patrol services.

FINANCE

As part of the Management and Administration Department, the Finance division is responsible for advising City officials on the City's financial position and providing timely financial information necessary for decision making. This is achieved through financial reporting and compliance in accordance with generally accepted accounting principles, budget development and financial systems administration.

The Finance division provides the following services: maintenance of accurate, reliable financial information and records for all City funds; bi-weekly payroll; preparation and distribution of warrants for payment of invoices and contracts; coordination of state, federal and independent audits of the City's financial management systems and records; oversight of the City's debt service requirements; preparation of accurate and timely annual reports including the Annual Budget and Comprehensive Annual Financial Report; collection activities to assure payment of accounts receivable; procurement of supplies and equipment; processing of purchase orders; maintenance of fixed asset records; and monitoring of grant administration.

The Finance division is also responsible for film permit activities, which are provided by a contract service provider, as indicated in line item 5117.

The Finance division professional services budget (line item 5100-00) includes the cost for the City's accounting and auditing services.

City Treasurer functions are budgeted in the Finance division (line item 5100-01). The City Treasurer is appointed by and serves at the will of the City Council. The Treasurer assures the administration and management of all City monies and funds and provides accountability to the citizens of Malibu. The Treasurer's responsibilities include the investment of idle funds and reporting of such activities to the City Council and other government agencies. The City Treasurer oversees the City's investment portfolio which is invested in accordance with the City's adopted investment policy.

In response to the COVID-19, the City has increased the number of payments it receives online. In Fiscal Year 2021-2022, it is anticipated This has resulted in an increase in the Banking Fees.

The Fiscal Year 2021-2022 Budget includes a new Grants Administrator position to the assist with the increase in the number of grants from outside agencies the City has received in the aftermath of the Woolsey Fire and the COVID-19 pandemic that require detailed tracking and reporting. It is anticipated that the costs for this new position will be covered through grants and special revenue.

HUMAN RESOURCES

The Human Resources division of the Management and Administration Department provides support services to City employees in the areas of recruitment, selection, classification and compensation; equal employment opportunity; performance evaluation; training and development; employee benefits, services, and programs; personnel record keeping; and employee relations, including discipline and administration of federal and state employment laws.

The Fiscal Year 2021-2022 Budget includes an additional \$70,000 for professional services to assist in the recruitment of a new City Manager and an additional \$15,000 for expenses related to recruitment activities for various city positions.

NON-DEPARTMENTAL SERVICES

The non-departmental program accounts for the centralization of services provided for the benefit of all departments. These services include fixed asset management; insurance premiums; claims settlements; receptionist services; printing; postage; telephone; and equipment leases. Expenses include retiree health premiums and other post-employment benefit costs.

In response to the coronavirus pandemic and the need for more staff to work remotely, there has been an increase in non-department telephone expenditures. These additional expenditures have been offset by reductions in off-site storage, equipment leases and operating supplies.

This program accounts for the expenditures related to the Joint Use Agreement between the Santa Monica-Malibu Unified School District and the City of Malibu. This agreement provides for the joint operation and maintenance of school district facilities including ball fields, tennis courts and the swimming pool at Malibu High School.

Also included in this program is the risk management function, which maintains responsibility for all the City's insurance needs, including property, workers' compensation, fidelity bonds, special events, and auto liability. The goal of the risk management function is to apply loss prevention and control measures through identification and analysis of loss exposure in the areas of liability, workers' compensation, and property loss. The City is a member of the California Joint Powers Insurance Authority, which provides for the pooling of self-insured losses of its member cities.

The budget for non-departmental services also includes funding for the City's required payments under the Governmental Accounting Standards Board (GASB) for retiree health costs and for the City's CalPERS liability payment. These costs are reviewed every two years as mandated.

In Fiscal Year 2021-2022 there is an increase of \$400,000 in Non-Departmental Services due to a projected increase in the City's insurance premiums and CalPERS liabilities. There is a projected increase in the City's insurance premiums of \$60,000. Additionally, City-wide costs for City cell phones have been moved to this budget item rather than being separated out by department. These costs have increased significantly due to the COVID-19 pandemic.

In 2009, the City began contributing to a Prefunding Program through CalPERS to address the City's unfunded Other Post Employment Benefits (OPEB) liability. As of 2021, the City currently has enough reserves in this account for the OPEB liability to be fully funded.

INFORMATION SYSTEMS

The Information Systems division provides support and advisory services for all City automated information and communications systems. The division supports the City's telephone system as well as the local area network which consists of 49 servers and over 192 personal computers. The Information Systems Fund derives its revenue from a service charge to each department of \$4,500 per computer which contributes towards the maintenance and future replacement of equipment.

The City initiated an Information Technology Strategic Plan in Fiscal Year 2018-2019. The plan was temporarily put on hold due to the Woolsey Fire and the COVID-19 pandemic and is anticipated to be completed in Fiscal Year 2021-2022. The Fiscal Year 2021-2022 Budget also includes funding in Information Systems division professional services for a cybersecurity assessment as well as additional funding for additional telephone services, computer software, GIS software and security training for Information Systems division staff.

COMMUNITY DEVELOPMENT BLOCK GRANT

The Community Support program accounts for funds provided by the Community Development Block Grant (CDBG) program, administered by the Federal Government's Department of Housing and Urban Development (HUD) and passed through Los Angeles County's Community Development Authority (LACDA) to the City of Malibu.

CDBG funds provide for service programs and capital projects benefiting low and moderate-income residents of the community. The City is anticipated to receive approximately \$65,000 to support such programs in Fiscal Year 2021-2022. Per the CDBG guidelines, funding for public service programs is limited to 15% and 85% for capital projects. In recent years, LACDA has granted the City exceptions to this funding allocation on a case by case basis.

CITY HALL OPERATIONS

City Hall houses all City Departments in a 35,000 square foot building. Planning, Building Safety, Environmental Health and Public Works all have public counter hours in City Hall. The Community Services Department hosts a wide range of programming in the building, including housing the City's Senior Center. The building has a civic theater that serves as the City Council chambers and is used for other public meetings and workshops.

The City typically hosts special community events in the building and makes it available to outside groups for rental. Similarly, the public lobbies are typically used for changing art exhibitions throughout the year. In Fiscal Year 2021-2022, the City will continue to adjust these uses in response to the COVID-19 pandemic.

In Fiscal Year 2021-2022, the sewer service fees for City Hall are projected to increase \$11,000 and the insurance premium for the building is projected to increase by approximately \$49,000.

CARBON BEACH UNDERGROUNDING COMMUNITY FACILITIES DISTRICT

In 2008-2009, the City assisted a group of 21 property owners in the Carbon Beach area with the formation of a Community Facilities District (CFD). The CFD provides a mechanism for the property owners to finance the undergrounding of utilities in the Carbon Beach area along Pacific Coast Highway. Each property within the CFD pays for the undergrounding project via annual assessments levied against the properties through the Los Angeles County Assessor's Office.

The CFD places no fiscal impact on the City. Bonds were sold as a part of the process and all costs of issuing the bonds were paid from proceeds of the bond sale. Funds are administered by US Bank, which acts as the fiscal agent and trustee for the CFD.

The City contracts with a financial services firm to manage the Carbon Beach Undergrounding CFD.

BROAD BEACH UNDERGROUND UTILITIES ASSESSMENT DISTRICT

In Fiscal Year 2009-2010, the City assisted a group of property owners in the Broad Beach Road area with the formation of an Assessment District (AD). The AD provides a mechanism for the property owners to finance the undergrounding of utilities in the Broad Beach Road area along Pacific Coast Highway. Each property within the AD pays for the undergrounding project via annual assessments levied against the properties through the Los Angeles County Assessor's Office.

The AD does not place any fiscal impact on the City. Bonds were sold as part of the process and all costs of issuing the bonds were paid from proceeds of the bond sale. Funds are administered by US Bank, which acts as the fiscal agent and trustee for the AD.

The City contracts with a financial services firm to manage the Broad Beach Undergrounding AD. In Fiscal Year 2021-2022, the consultant costs are set to increase and the City staff time to oversee the district has been reduced accordingly.

CIVIC CENTER WASTEWATER TREATMENT FACILITY ASSESSMENT DISTRICT

On January 25, 2016, the City of Malibu Assessment District (AD) No. 2015-1 was approved for the Civic Center Wastewater Treatment Facility. The AD provided a mechanism for property owners in the Civic Center area to finance the design and construction of the Wastewater Treatment Facility. After the approval of the Assessment District, the City was able to secure funding from the State Water Resources Control Board (SWRCB) State Revolving Fund (SRF) program, including a grant of \$9.5 million and \$50.7 million in low interest loans. Additional bond funding was issued in the amount of \$6.2 million to cover costs ineligible under the SRF funding. Construction of the facility commenced in July 2016. The facility was completed and fully operational in September 2018.

The loan and bonds will be repaid through the AD. Each property within the AD will pay for the project via annual assessments levied against the properties through the Los Angeles County Assessor's Office. These assessments began in Fiscal Year 2018-2019. The City and the County of Los Angeles prepaid the assessments for their existing properties within Phase One. The annual assessments for the new vacant properties the City purchased in Fiscal Year 2018-2019 are accounted for in Division 9088.

Costs for the operation and maintenance of the facility are included in the current budget in Division 3010.

VACANT PROPERTIES

On November 30, 2016, the City closed escrow on approximately 35 acres of vacant land located at Trancas Canyon Road and Pacific Coast Highway, commonly known as Trancas Field. This \$11.4 million acquisition was funded through the issuance of Certificates of Participation (COP) 2016A. The acquisition of the property resolved one of the City's longest standing legal disputes. The property remains vacant.

On April 23, 2018, the Council authorized a funding plan to purchase three vacant properties totaling 29.24 acres, including 23575 Civic Center Way, which is commonly known as Sycamore Village or the Ioki parcel and consists of 9.65 acres located on the northeast corner of Civic Center Way and Stuart Ranch Road; a 1.11-acre parcel located on the southwest corner of Civic Center Way and Webb Way, and an 18.48-acre parcel located on the south side of Pacific Coast Highway just east of Heathercliff Road.

The properties at 23575 Civic Center Way and southwest corner of Civic Center Way and Webb Way are both part of City of Malibu Civic Center Wastewater Treatment Facility Assessment District (AD) No. 2015-1 approved on January 25, 2016. The annual assessment for these two parcels is \$260,000.

On February 12, 2020, the La Paz property was dedicated to the City. This property is also a part of AD No. 2015-1. The annual assessment for this parcel is \$20,000 and has been included in this budget.

The Fiscal Year 2021-2022 Budget also includes funding to perform brush clearance and cover service fees on all vacant parcels.

DEBT SERVICE

The City of Malibu has used the issuance of Certificates of Participation (COPs) for a variety of purposes including the acquisition of property and capital improvements. The City used debt to acquire and improve Legacy Park and City Hall. It also used debt to acquire vacant lands including Trancas Field, 23575 Civic Center Way, the parcel located on the southwest corner of Civic Center Way and Webb Way, and the parcel located on the south side of Pacific Coast Highway just east of Heathercliff Road. Rental income from the commercial properties pays for the debt service on Legacy Park. Debt service for City Hall and the vacant lands is paid out of the General Fund. The expenses related to that debt are shown together in one division.

In accordance with the funding plan authorized by City Council on April 23, 2018, the City will be responsible for the full annual debt service of \$1,094,001 for the vacant lands at 23575 Civic Center Way, the parcel located on the southwest corner of Civic Center Way and Webb Way, and the parcel located on the south side of Pacific Coast Highway just east of Heathercliff Road in Fiscal Year 2021-2022.

TRANSPORTATION SERVICES

The Transportation services program provides Dial-A-Ride services to Malibu seniors (60 years and older) and disabled citizens through the City's service provider, Ventura Transit Systems. The service is funded by Proposition A transportation funds, which are allocated by the Los Angeles County Metropolitan Transit Authority.

Passengers pay \$1.00 each way for trips to the Malibu Senior Center, \$2.00 each way for trips within City boundaries, and \$4.00 each way for trips outside City limits. Currently, 160 people are registered for the service, with over 1,200 passenger trips provided under this program annually.

GENERAL RECREATION

The Community Services Department provides enriching recreational experiences designed to enhance the quality of life for Malibu residents while preserving resources and upholding the values of the Malibu community.

The Department offers a variety of innovative and cost-effective programs and events. Staff regularly evaluates new trends and feedback from participants to ensure that programs and events remain fresh while retaining their historic character and charm. The Department also partners with various outside agencies such as the Malibu Library, Boys and Girls Club Malibu, and local businesses to coordinate programs and events.

In addition to park development, the Department is responsible for providing safe, clean, and well-maintained parks and recreation facilities. Staff strives to continually improve facilities while protecting the natural and cultural resources in surrounding areas. The City's facilities are home to several community organizations such as Malibu Little League, American Youth Soccer Organization, Pony League Baseball, Trancas Riders and Ropers, and the Malibu Aquatics Foundation. The Department also oversees the use of school facilities for these programs through a Master Use Agreement with the Santa Monica-Malibu Unified School District.

An increased social media presence has helped the Department successfully engage with the public through Instagram, Twitter, and Facebook. Staff regularly creates new and exciting content and stories while maintaining a constant online presence to ensure that information is current and relevant to subscribers.

The administrative section of the Department oversees the management and operational functions, including capital improvement projects, budget administration, grant procurement, production of the City's Quarterly Newsletter and Recreation Guide, facility use permits, and administrative support for the Malibu Arts Commission, Harry Barovsky Memorial Youth Commission, and the Parks & Recreation Commission.

The Department currently operates with nine full-time employees and 25 part-time and seasonal employees. Contract instructors and volunteers are also used to support programs and activities throughout the year.

Several Community Services Department programs and events were postponed or canceled during Fiscal Year 2020-2021 due to the COVID-19 pandemic. Many of these programs and events are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

AQUATICS

The City operates aquatics programming at the Malibu Community Pool at Malibu High School through a Master Use Agreement with the Santa Monica-Malibu Unified School District.

The Department offers more than 1,600 hours of programming annually for residents of all ages. Swim lessons for all skill levels are offered during the fall, spring, and summer for children ages 1-17. Introductory programs teach water safety and confidence, while advanced programs focus on stroke refinement, conditioning, and diving techniques. The Malibu Seawolves Swim Team and Youth Water Polo are competitive programs taught by contract instructors for swimmers ages 8-14.

Aquatic programs for adults include the year-round Malibu Masters Swim Club in partnership with the Malibu Aquatic Foundation and Aqua Aerobics, which is offered during the summer and fall. Special events include Water Safety Day, Splish, Splash, Storytime in coordination with the Malibu Library, CineMalibu Dive-In Movie, and Leo Cabrillo State Lifeguard tryouts.

Additionally, the City maintains high safety standards for Lifeguards and Managers, including over 350 dedicated training hours annually for Lifeguard Certification, First Aid/CPR/AED Certification, Water Safety Instructor Training, and Title 22 Training.

Several Aquatics programs were postponed or canceled during Fiscal Year 2020-2021 due to the COVID-19 pandemic. Many of these programs are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

DAY CAMPS

Day Camps consist of supervised camps and activities during winter and spring breaks, as well as the summer months. Most camps take place at Malibu Bluffs Park except sport-specific camps requiring special facilities such as tennis, basketball, volleyball, and track and field. Sport-specific camps take place at Santa Monica-Malibu Unified School District facilities.

Sports camps offered by the Department include baseball, basketball, flag football, soccer, tennis, softball, and volleyball. In addition to athletic programming, the City offers enrichment camps for children ages 3-6, including Science, Technology, Engineering, Art and Mathematics (STEAM) programming, music, marine biology, animation, animal adventures, and Lego™ engineering.

The popular Surf Camp takes place during spring break and summer break, with more than 160 local youth participating in the program annually. The camp takes place at Surfrider Beach near the Malibu Pier.

Several Day Camps were reduced or canceled during Fiscal Year 2020-2021 due to the COVID-19 pandemic. Many of these programs are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

SKATE PARK

The Temporary Skate Park opened in July 2020, giving local skaters their first public skate space since the closure of Papa Jacks Skate Park in 2011. The 12,320 square foot skate park features transition and street style elements in a progressive design, crafted with input from local skaters.

A large drop-off area and ample parking was also included in the project, to ensure safe access for skaters and parents. The Temporary Skate Park will be in place for 24-30 months while a permanent skate park is designed and built on east side the same parcel.

Beginning in Fiscal Year 2021-2022, staff will coordinate skate classes and programs at the Temporary Skate Park to encourage skill development and interaction amongst local youth. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

SPORTS

Youth sports programs are designed for boys and girls in grades kindergarten through 8th. City staff, volunteer coaches, and independent contract instructors lead competitive sports leagues. Programs for younger athletes include flag football, basketball, and coach-pitch baseball with the focus on sportsmanship, fundamentals, and communication. In addition to recreation and instruction, the middle school sports program serves as a feeder program for high school athletics, including volleyball, basketball, cross country, cheerleading, and tennis.

Girl-specific sports programs, clinics, and sports leagues are also offered throughout each year, including volleyball, tennis, basketball, and softball.

The Itty Bitty sports program gives children under the age of five an introduction to sports over a four to six week period. Contract instructors focus on age-appropriate activities and games that include fundamentals and sport concepts. Children in the Itty Bitty classes also receive a medal or participation award at the end of the program.

Adults have an opportunity to play in the drop-in basketball program at the Malibu High School gymnasium throughout the year. Adult softball leagues are held at Malibu Bluffs Park, allowing adults to engage in athletics during the summer and fall season.

Sports programs were canceled during Fiscal Year 2020-2021 due to the COVID-19 Pandemic. These programs are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

COMMUNITY CLASSES

Community classes cover a broad spectrum of educational and recreational opportunities for people of all ages and interests. Classes take place at City facilities as well as shared-use facilities. The Department also offers after-school enrichment programs in coordination with the Boys and Girls Club of Malibu for children in Kindergarten through 5th grade.

Parent & Me programs focus on providing children with opportunities to develop social, cognitive, and motor skills while bonding with a caregiver. Preschool classes focus on the development of social skills, coordination, and self-expression through art classes, music, and theater arts. School-aged children continue to develop social skills and explore their interests while participating in programs such as sports, music, acting, computer science, dance, and art.

Programs for adults provide opportunities for social interaction, developing a hobby, fitness, or improving a skill. The Department offers one-day workshops on a variety of topics, including health and wellness, crafts, cooking, and writing. The workshops give participants a chance to learn new skills or hobbies in a brief one-day class.

Additional teen programming is coordinated with the assistance of the Harry Barovsky Memorial Youth Commission. The programs and activities promote self-confidence, health, volunteerism, and educational programs.

Several community classes and programs were reduced or canceled during Fiscal Year 2020-2021 due to the COVID-19 Pandemic. These programs are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

SENIOR ADULTS

The City's Senior and Active Adult Center, located in Malibu City Hall offers various recreational programs at low or no cost to participants, including choir, tap dance, art, and yoga. Additional outreach programs such as health screenings, technology assistance, and financial planning provide valuable information to seniors.

The Department works with vendors and medical professionals to offer free informational lectures on various topics, including Alzheimer's awareness, nutrition, wellness, and healthy aging. Emeritus College uses City facilities to provide enrichment classes such as modern poetry, autobiography, creative writing, and drawing.

The Senior Center hosts the Monthly Luncheon event with catered food, live entertainment, and raffle prizes. Approximately 80 seniors attend the monthly event, which partners with local businesses that donate food and raffle prizes.

The Senior Center is open Monday through Friday for social interaction, outreach services, and programming. The Center provides access to resources in the form of library materials, DVDs, and computers with internet service and Wi-Fi capabilities. Fitness activities, luncheons, and monthly excursions afford a variety of opportunities for participants to become involved in community programs.

Senior classes and programs were canceled during Fiscal Year 2020-2021 due to the COVID-19 Pandemic. Many of these programs are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. PARK MAINTENANCE

The primary goal of the Park Maintenance Division is to provide safe and clean facilities while protecting the natural resources and surrounding areas. Landscape and facility maintenance is conducted for the following areas:

- Charmlee Wilderness Park located at 2577 Encinal Canyon Road consists of 532 acres of open space and hiking trails within the Santa Monica Mountains Coastal Slope Environment. The park was heavily damaged during the 2018 Woolsey Fire, but reopened to the public in October 2020.
- Malibu Bluffs Park located at 24250 Pacific Coast Highway (PCH) is a ten-acre community park that includes two baseball fields, a multi-use sports field, three playground areas, three picnic areas, a workout station, a community center building, restrooms (3 sets), parking lot, sidewalks, six acres of turf area, full recycled water irrigation system, native vegetation, and landscaped areas adjacent to the community center and parking lot.
- Temporary Skate Park is located at 24250 Pacific Coast Highway (PCH) and features 13,320 square feet of skateable space for all ages. The skate park opened to the public in July 2020 and will be in place during the design and construction of a permanent skate park on the same parcel.
- Malibu Equestrian Park located at 6225 Merritt Drive consists of two riding arenas, a picnic area, restroom building, riding trails, parking lots and native vegetation.
- Trancas Canyon Park located at 6050 Trancas Canyon Road is a six and one-half acre neighborhood park containing an access road, vehicle parking, playground, dog park, restroom building, picnic shelter, full irrigation system, native vegetation and one and one quarter (1¼) acre turf field.
- Las Flores Creek Park located at 3805 Las Flores Creek Road is a four-acre neighborhood park situated along Las Flores Creek with walking paths, restroom building, picnic areas, playground, full irrigation system and native vegetation.
- Legacy Park located at 23500 Civic Center Way is a fifteen-acre park consisting of native vegetation (xeriscape), full irrigation system and pedestrian walkways.
- Three Medians located at John Tyler Ave and PCH, Malibu Canyon Rd and Civic Center Way, and PCH at Webb Way.
- Streetscape, walkways, and native vegetation along Cross Creek Road and Civic Center Way

Maintenance expenses for Legacy Park are covered in the Legacy Park Division Budget 7008.

SPECIAL EVENTS

The Community Services Department coordinates several special events throughout the year, including Chumash Day, Breakfast with Santa, the Halloween Carnival, Spring Spectacular, Touch-A-Truck, and the Student Art Exhibit. Additional smaller events such as Tiny Tot Olympics, CineMalibu, and Gold Hunt are also held annually.

Special event programming have evolved and grown over the past, including the City's Cars and Coffee monthly event as well as teen events sponsored by the Harry Barovsky Memorial Youth Commission.

The Department continues to strive toward zero-waste events by implementing new options for trash disposal such as composting, recycling, utilizing landfill containers, reducing the number of plastic give-a-ways, and reusing decorations.

In-person special events were canceled during Fiscal Year 2020-2021 due to the COVID-19 Pandemic. Many of these events are expected to resume in the second half of Fiscal Year 2021-2022 as COVID-19 restrictions are eased. Providing these events in accordance with public health guidelines requires more staffing and resources.

MALIBU ARTS

The Community Services Department works with the Malibu Arts Commission to coordinate and produce several programs and projects related to arts within the Malibu community.

The Arts in Education program benefits local schools and features various speakers from different artistic backgrounds and art workshops for children across all grade levels. The program has provided students with insight into potential careers and creative expression they may not have otherwise received through existing school programs.

The Malibu Poet Laureate program continues to grow. The recruitment period for the City's fourth Poet Laureate began in Spring 2021 and the appointment will take place in Fiscal Year 2021-2022. The Poet Laureate will work with members of the Poety Laureate Committee to conduct poetry programs, writing workshops, and open-mic events for adults. Former Malibu Poet Laureate Ricardo Means Ybarra continues to engage with student poets through the Arts in Education program. The Poet Laureate Committee also works with community partners such as the Malibu Library and Pepperdine University to promote literary arts. *Call to the Wall* remains a popular event and encompasses literary art, visual art, music, and dance.

City Hall Art Exhibitions have allowed community artists to showcase their work in a public setting. Seasonal exhibitions feature up to 90 local artists and commence with an opening reception to recognize contributing artists and their work. Additionally, the Arts Commission is exploring options to host outdoor Art Exhibitions during Fiscal Year 2021-2022.

In-person Cultural Arts programs and events were canceled during Fiscal Year 2020-2021 due to the COVID-19 Pandemic. Many of these programs and events are expected to resume as COVID-19 restrictions are eased during Fiscal Year 2021-2022. Providing these programs and events in accordance with public health guidelines requires more staffing and resources.

LEGACY PARK

In 2006, the City of Malibu purchased the 20-acre parcel located in the Civic Center at the southeast corner of Civic Center Way and Webb Way. The site consists of approximately 17 acres of vacant land and three acres of commercially developed property. The \$25 million property was purchased using a combination of state and local grants, community donations, debt financing and City General Fund dollars.

The vacant property was developed as a passive park and is now used as the dispersal site for treated wastewater and stormwater in the Civic Center area. The three buildings have remained as commercial tenants and provide a revenue source for the City to fund the payments of the debt financing as well as project planning and design costs, insurance, maintenance, and property management of the site. Certain clean water related expenses are also funded by this revenue source including Clean Water (3003) and City Facilities (3007).

In 2018, the City partnered with a consultant to begin the Legacy Park Rehabilitation Project. The project's purpose is to analyze growing conditions within the park to determine which native plant species are best suited to the soil and irrigation. The analysis was completed in 2019, and 15 test plots were planted throughout the park. Due to the success of the original 15 plots, 10 additional test plots were planted in Fiscal Year 2020-2021. Funding to extend the agreement with the project consultant is included in the Budget for Fiscal Year 2021-2022 to ensure the continued success of the project and the park.

Debt service is budgeted to Department 7004 and the Operations of the property are budgeted to Department 7008.

Staff salaries and professional services directly related to Legacy Park are charged directly to this account. Additionally, the charge for sewer service fees to account for the connection to the Civic Center Water Treatment Facility will increase as wastewater rates are projected to increase significantly starting in Fiscal Year 2021-2022. These sewer service fees will be reimbursed by the commercial tenants.

BUILDING SAFETY AND SUSTAINABILITY

The Building Safety and Sustainability Program ensures that building projects within the City comply with all applicable codes to safeguard the health and safety of the community, private and public property, and the environment. Building Safety staff foster a sustainable community by facilitating the implementation of building construction, repair, and maintenance practices that minimize negative environmental impacts. Program staff oversee the City's sustainability program, which include outreach, incentives, and events relating to water conservation, energy efficiency, and renewable energy. Program staff also explore innovative options to increase environmental sustainability citywide. The program is funded through the General Fund with revenue support derived from building permit and inspection fees and grant awards.

Building Safety consultant expenses associated with the Woolsey Fire are accounted for in Division 3002. Staff time previously allocated to the Woolsey Fire in Fiscal Year 2020-2021 has been returned to this Department in the current year.

WASTEWATER MANAGEMENT PROGRAM

The Wastewater Management Program administers permitting, plan review, and oversight programs for Onsite Wastewater Treatment Systems (OWTS). Wastewater Management staff review development projects for OWTS compliance with Local Coastal Program requirements and state and local ordinances. The Program strives to maintain OWTS as a sustainable method of sewage disposal within the City. The statewide OWTS Policy establishes minimum requirements for local agencies permitting OWTS, and Wastewater Management staff maintain City codes and OWTS guidelines in conformance with these requirements. Wastewater Management staff also assist City Code Enforcement and Clean Water Program personnel in conducting investigations of wastewater related spills and illicit discharges. The program is funded through the General Fund with revenue support derived from plan review fees and OWTS permit fees.

CLEAN WATER PROGRAM

The Clean Water Program serves to protect local surface waters (creeks, streams, and the ocean) and groundwater through actions that minimize and eliminate impacts of human activities that could adversely affect water quality and water supply. Program tasks are implemented using a holistic approach that includes education, outreach, conservation, and regulatory compliance projects. The program implements water quality monitoring and reporting tasks as required for City compliance with regulatory provisions of the Federal Clean Water Act and State Porter Cologne Act. As a local agency member of several regional cooperative partnerships and initiatives, the program contributes support to various water quality control projects and studies within the coastal watersheds of the North Santa Monica Bay, including the Malibu Creek and Lagoon Watershed. The program is funded through a combination of the Legacy Park Fund and the General Fund.

SOLID WASTE MANAGEMENT

The Solid Waste Management Program implements the City's waste reduction, recycling, household hazardous waste, hauling policies, and other programmatic elements to meet the solid waste collection and diversion requirements mandated by state laws and regulations. Staff are preparing for the implementation of SB 1383, the most significant waste reduction law in California in the last 30 years. SB 1383 requires the City to provide organic collection services to all residents and businesses, establish an edible food recovery program, and procure recyclable and recovered organic products by 2022.

Activities of the Solid Waste Management Program include: residential and commercial disposal of recyclables, organic waste, landscape waste, and landfilled trash; mandatory recycling, and organics recycling program; edible food recovery program; inspections and monitoring for commercial business compliance; special collection events for hard to dispose of items; solid waste hauler permits; tracking and reporting to the State; and public education and outreach. The program is funded through the Solid Waste Management Fund with revenue support derived from waste hauler surcharge and recycling fees, as well as grant proceeds.

PLANNING DEPARTMENT

The Planning Department assists the community in planning for the future and managing development consistent with the community vision, while meeting City regulatory obligations. Staff provide a wide range of professional advice and services to the public, applicants, outside agencies, the Planning Commission and the City Council. The Planning Department provides Current and Long Range Planning, Biological Services and Code Enforcement, as well as a robust public information and records management program. The Department also monitors the projects and activities of other agencies.

Current Planning includes reviewing entitlement requests for planning conformance and condition compliance and conducting California Environmental Quality Act environmental review.

Long Range Planning includes General Plan, Zoning Ordinance and Local Coastal Program updates in response to Council priorities, regulatory changes and community needs, plus preparation of special studies and coordination with other agencies (e.g., California Coastal Commission and Southern California Association of Governments) on recreational access, natural resources, affordable housing and transportation. The Department also provides GIS mapping and data.

Biological Services include review of project biology reports, landscape plans and landscape water conservation compliance, as well as staff support to the Environmental Review Board and the maintenance of Environmentally Sensitive Habitat Area maps.

The Department provides staff support to the Planning Commission, Zoning Ordinance Revisions and Code Enforcement Subcommittee (ZORACES), Environmental Review Board and Subdivision Review Committee, as well as project-specific committees as needed.

A primary Planning Department focus is improving public engagement and the public's access to information. Planning and development information may be gathered in person at the public counter, by phone, email, and online. The Department actively uses social media and is continuing to increase the number of planning related public records that are available through OnBase, the City's online information portal.

Planning Department consultant expenses associated with the Woolsey Fire are accounted for in Division 3002. Staff time previously allocated to the Woolsey Fire in Fiscal Year 2020-2021 has been returned to this Department in the current year.

CODE ENFORCEMENT

Code Enforcement is responsible for enforcement of the Malibu Municipal Code, the Local Coastal Program, Building Code, and other State and County laws to promote and protect public health, safety and welfare, and the environment. These duties involve responding to questions on a wide range of code compliance areas from the public and outside agencies, and investigating formal complaints. Code Enforcement performs investigations using records, permitting data and extensive field investigation. Staff also work closely with property owners or other responsible parties to determine the appropriate course of action to resolve issues and provides assistance through the abatement process.

Code Enforcement actively coordinates with other City staff including Planning, Building Safety, Geotechnical, Environmental Health and Public Works staff as well as State and County agencies to share information, clarify requirements, and coordinate solutions for code compliance issues. Voluntary compliance is the preferred and most common path. In cases where standard abatement processes are not successful, the Code Enforcement staff work with the City Attorney and City Prosecuting Attorney on administrative remedies and, when necessary, litigation.

The Fiscal Year 2021-2022 Budget includes four full-time Code Enforcement Officers and an Administrative Assistant. The additional personnel are necessary to assist with enforcement of the short-term rental permit process.

STREET MAINTENANCE

The Street Maintenance Program is responsible for all activities related to the repair, replacement, and maintenance of 45 centerline miles of City-owned streets. The replacement value of 7,000,000 square feet of pavement is approximately \$42,000,000 at the current cost of \$6.00 per square foot.

The budget for Fiscal Year 2021-2022 includes the following:

- Maintaining the City-owned streets on a regular basis, including but not limited to filling potholes, replacing street signs, weed abatement, maintaining sidewalks and public walkways, and cleaning and maintaining storm drains. The program also includes street sweeping on City-owned streets and parking lots.
- Performing pavement condition inspections on City streets. This inspection data will be used to update the City's Pavement Management Plan.
- Sweeping City streets. The City's sweeping contractor will conduct weekly sweeping of Pacific Coast Highway and monthly sweeping of City streets, facilities, and parking lots.
- Maintaining the City-owned traffic signals, flashing beacons and speed radar signs.

Street Maintenance activities are funded through the General Fund, Gas Tax, Traffic Safety Funds and Waste Management Funds.

FLEET OPERATIONS

The Fleet Operations program is responsible for the cost-effective repair, preventative maintenance, fueling, and eventual replacement of the City's vehicle fleet. This program has also implemented clean air programs relative to vehicles to ensure that the City is doing its part to reduce pollution and improve air quality. The City currently maintains an Electric Vehicle Charging Station in the Malibu Civic Center area.

Fleet Operations are accounted for in the Vehicle Fund, which generates revenue by charging each department with maintenance and rental fees. The City's fleet of seventeen vehicles includes two pickup trucks, nine sport utility vehicles, and six sedans. Of these seventeen vehicles, twelve operate on gasoline and six are hybrids.

Pursuant to the direction of the City Council, new vehicles will be hybrids. Once the City is able to expand its electric vehicle charging capabilities, older vehicles will be replaced, whenever possible, with electric vehicles.

STORMWATER TREATMENT FACILITIES

The Stormwater Treatment Facilities program is responsible for all activities related to the repair and replacement of equipment and the maintenance of these facilities.

In 2007, the City completed the construction of the Civic Center Stormwater Treatment Facility. This facility was the first major component in the implementation of the Malibu Civic Center Integrated Water Quality Management Plan. The facility is a key element in the Legacy Park stormwater management system and is designed to reduce pollution in Malibu Creek, Malibu Lagoon and Surfrider Beach.

Dry weather and first flush runoff flows are pumped from three major storm drains in the Civic Center area and then they are treated in a 3-step process of screening, filtering and disinfecting at a rate of up to 1,400 gallons per minute. The City reuses the treated water for irrigation of landscaping in the Civic Center area and Legacy Park.

In 2010, the City also constructed the Paradise Cove Stormwater Treatment Facility. This facility is designed to capture, clean and disinfect up to approximately 1,000 gallons per minute of stormwater and urban runoff from Ramirez Creek and the surrounding watershed. The facility has three different filtration systems to efficiently remove trash, sediment and bacteria.

Facility Maintenance activities are funded by the General Fund and the City's Measure W Los Angeles County Stormwater Annual Allocation.

PUBLIC WORKS/ENGINEERING

The Public Works/Engineering Department manages the development and implementation of the Capital Improvement Program, street and maintenance programs, and engineering activities for the City including: review of proposed land development, formation of new special assessment districts, and the issuance of Special Event, Sidewalk Vending and Encroachment Permits.

Land development review involves the review of all new building and or grading permit applications for impacts to public infrastructure, off-site drainage impacts, stormwater quality and flood plain management. It also involves review of all proposed land subdivisions in accordance with the Subdivision Map Act.

The Public Works/Engineering Department also provides staff support for the creation of various utility undergrounding districts, manages the implementation of capital improvement and emergency disaster projects, conducts traffic surveys, and manages the preservation of survey monuments that control the location of subdivision boundaries and road right-of-way centerlines.

The budget for Fiscal Year 2021-2022 includes \$53,000 for three crossing guards at Malibu High School, Malibu Middle School, and Juan Cabrillo Elementary School.

Public Works/Engineering activities are funded by the General Fund, Gas Tax and Traffic Safety Funds. Staff time previously allocated to the Woolsey Fire in Fiscal Year 2020-2021 has been returned to this Department in the current year.

CIVIC CENTER WASTEWATER TREATMENT FACILITY

In 2011, the Los Angeles Regional Water Quality Control Board (RWQCB) approved a Memorandum of Understanding (MOU) with the City of Malibu. The MOU was amended in 2014 and again in 2017. The MOU is between the City, the RWQCB, and the State Water Resources Control Board (SWRCB). The MOU commits the City to lead the efforts to work with property owners to design and construct a centralized wastewater treatment facility in the Civic Center area. Under the MOU, both commercial and residential property owners in the Civic Center area are required to fund and connect to the centralized wastewater treatment facility in phases. Phase One was completed in September 2018, Phase Two requires connection by November 2024 and Phase Three (if necessary) by November 2028.

The construction of Phase One was completed in Fiscal Year 2017-2018. A wastewater and recycled water rate study was completed to develop the utility rates the City will be assessing the property owners connected to the Civic Center Wastewater Treatment Facility. The design for Phase Two was initiated in August 2019 and is scheduled to be completed in this fiscal year.

Department 3010 reflects the operation, maintenance and management of the Civic Center Wastewater Treatment Facility, treatment plant, collection system and the re-use and dispersal facility. Revenue generated from the utility rates will be used to offset these expenses. Also included is water quality testing and monitoring costs and other expenses as required in the MOU.

LANDSLIDE MAINTENANCE DISTRICTS

The Landslide Maintenance District Program provides administration and maintenance services for three separate assessment districts including approximately 326 properties in the Big Rock Mesa area, 74 properties in the Calle Del Barco area, and 38 properties in the Malibu Road area. Each year the City renews each assessment district through legal procedures defined in the Streets and Highways code. Property owners within each district pay for the services received through annual assessments levied against the properties by the Los Angeles County Assessor's Office.

The program's administrative and maintenance services include the installation and maintenance of dewatering wells, monitoring water levels and slide activities, and preparation of annual assessment and geology reports.

CAPITAL IMPROVEMENT PROJECTS

ANNUAL STREET MAINTENANCE (9002)

This project includes the design and construction management of annual street resurfacing project. The streets included in this project are included in the City's approved Pavement Management Plan. This project will also include the installation of speed humps on Birdview Avenue.

PCH INTERSECTION IMPROVEMENTS (9058)

This project will improve two key locations along the PCH corridor in Malibu, Big Rock Drive and PCH and at PCH near the La Costa Beach Club. The PCH at Big Rock Drive Intersection Improvements Project included a revision to the existing traffic signal to add a dedicated protected left turn lane and was successfully completed in Fiscal Year 2014-2015. The La Costa Pedestrian Improvements Project will upgrade the existing crosswalk in the vicinity of La Costa Beach by installing a pedestrian activated traffic signal. Construction of this project began in Fiscal Year 2018-2019 and was completed in Fiscal Year 2019-2020.

PCH MEDIAN IMPROVEMENT PROJECT (9059)

The project will promote traffic safety by channelizing the highway, regulating turn movements and improving traffic operations. The project will rehabilitate the existing medians, shoulders, and will install new raised medians along PCH from Webb Way to Puerco Canyon Road. This project is currently in the design phase with construction anticipated to be completed in Fiscal Year 2021-2022.

CIVIC CENTER WAY IMPROVEMENTS PROJECT (9061)

The project consists of improving the safety for all modes of transportation on Civic Center Way from Webb Way to Malibu Canyon Road. The project will improve horizontal and vertical sight distances and create additional space for motorists, pedestrians, cyclists, and transit to travel to improve traffic safety and operational flow. The construction will be completed in Fiscal Year 2020-2021.

PCH SIGNAL SYNCHRONIZATION SYSTEM IMPROVEMENTS (9066)

This project will install communication between the existing traffic signals on PCH, from Topanga Canyon Road to John Tyler Drive, and connect the signals back to the Caltrans Traffic Management Center, allowing Caltrans to control and operate the signals and the signal system remotely. The City has acquired consultants, and will be managing the design, the permit process, and the construction phase with Caltrans. Funding for the design and construction of this project will be provided through Measure R funds administered by LA Metro. This project is currently in the design and is scheduled to be completed by Fiscal Year 2022-2023.

CIVIC CENTER STORMWATER DIVERSION STRUCTURE (9070)

This project consists of storm drain improvements in the Civic Center area. The improvements will promote the flow and circulation of stormwater into Legacy Park. This project is anticipated to be completed in Fiscal Year 2021-2022.

MARIE CANYON GREEN STREETS (9072)

This project was identified in the City's Enhanced Watershed Management Plan (EWMP). This project includes the installation of biofilters and other stormwater water quality devices to capture and treat stormwater. The project is intended to assist with Municipal Separate Storm Sewer System (MS4) Discharge Permit requirements. This project is currently in the design phase and construction is anticipated to be completed in Fiscal Year 2021-2022.

STORMDRAIN TRASH SCREENS (9073)

This project was identified in the City's EWMP. This project includes the installation of trash screens at the City's storm drain inlets to prevent debris from entering the storm drain system. The proposed trash screens comply with the Trash Total Maximum Daily Load (TMDL) requirements. This project was completed in Fiscal Year 2020-2021

CIVIC CENTER WATER TREATMENT FACILITY- PHASE TWO (9075)

On June 27, 2011, the City entered into a Memorandum of Understanding (MOU) between the City and the Regional Water Quality Control Board and the State Water Resources Control Board regarding the implementation of the Basin Plan Amendment for the Malibu Civic Center Area Prohibition. The revised MOU required that commercial properties (Phase One) in the Civic Center Prohibition Area be connected to a centralized wastewater treatment facility by September 2018 and residential properties (Phase Two) by November 2024.

The Civic Center Wastewater Improvements Project is part of the City's Integrated Water Quality Management Plan that will improve water quality in Malibu Creek, Malibu Lagoon, and Surfrider Beach. The development of a community wastewater collection, treatment, reuse, and dispersal facility will replace existing individual on-site wastewater treatment systems in the City's Civic Center area.

Phase One of this project was completed in Fiscal Year 2018-2019. The design of Phase Two of this project was initiated in August 2019. This phase of the project expands the wastewater collection and recycled water system to include those properties in Malibu Colony, the condos on Civic Center Way, HRL, and a portion of Serra Retreat. In addition, the treatment plant will be expanded to treat the additional wastewater from these properties. The work will include preparing a coastal development permit, construction plans, project specifications and cost estimates. It is anticipated that the project will begin construction in 2022.

CITY HALL SOLAR POWER PROJECT (9078)

This project consists of the installation of a solar power system at City Hall. This project will also include electric vehicle charging stations. The project will serve to reduce the City's overall electricity consumption and cost. This project was placed on hold for Fiscal Year 2019-2020 to accommodate other budget priorities resulting from the Woolsey Fire and remains on hold in Fiscal Year 2021-2022.

CITY HALL ROOF (9079)

When the initial renovations of City Hall were undertaken, there was not enough funding to replace the roof of the building. The roof currently has leaks in several locations. This project will replace the roof at City Hall. This project will be completed in Fiscal Year 2020-2021.

CCWTF LATERAL CONNECTIONS IMPROVEMENTS (9081)

This project consisted of making the connection from City Hall to the new CCWTF sewer and reclaimed water lines. The project was completed in Fiscal Year 2019-2020.

WESTWARD BEACH ROAD IMPROVEMENTS (9082)

This project consists of improving the parking spaces on Westward Beach Road from Birdview Avenue to approximately 1,100 feet west. The project also includes a 12' wide combination sidewalk and bicycle path and a bicycle connection from PCH to Westward Beach. A new concrete sand barrier will be placed between the beach and the proposed parking area to prevent sand from going on the new sidewalk and parking area. This project is currently in the design phase. It is anticipated that construction will begin in Fiscal Year 2021-2022.

HEATHERCLIFF ROAD SAFETY IMPROVEMENTS (9083)

This project will address safety issues along Heathercliff Road. The first phase of the project includes engineering and design. This project is currently in the conceptual design phase. This project is on hold due to the Woolsey Fire and COVID-19 pandemic.

ELECTRIC VEHICLE CHARGING STATIONS (9084)

This project will upgrade the existing charging stations along Civic Center Way. This project was completed in Fiscal Year 2019-2020.

ANCHOR SCULPTURE BASE (9085)

This project consists of installation of a base for the Anchor Sculpture that was donated to the City. The base and sculpture were installed at Legacy Park for public viewing. The project was completed in Fiscal Year 2018-2019.

TEMPORARY SKATE PARK (9089)

During Fiscal Year 2019-2020, City Council approved the use of the Crummer/Case property adjacent to Malibu Bluffs Park as the location for a temporary skate park. This project consists of constructing a new asphalt concrete surface, fencing, parking and above ground skate park elements to the vacant lot. The project was completed during the summer of 2020.

PERMANENT SKATE PARK (9090)

This project consists of designing and constructing a permanent skate park of a 12,500-square-foot in-ground concrete skate park on the Crummer/Case Property adjacent to Malibu Bluffs Park. The project includes parking and additional site amenities such as trash cans, benches, tables, and restrooms.

The project is currently in the design phase. Construction of the Permanent Skate Park is expected to begin after the design process is completed and funding sources have been identified. Construction is anticipated to take approximately 14-16 months.

CIVIC CENTER STORM DRAIN REPAIRS (9091)

The existing corrugated metal storm drainpipe located on Civic Center Way and adjacent to the Civic Center Water Treatment Facility was starting to fail and was causing roadway damage. This project consists of replacing the deteriorated corrugated metal storm drainpipe on Civic Center Way with a new reinforced concrete pipe and repairing the roadway. This project was completed in Fiscal Year 2019-2020.

BLUFFS PARK WORKOUT STATION (9092)

This project consists of the installation of a small workout station in the current zip line area at Malibu Bluffs Park. The project will include new poured in place safety surfacing and signage demonstrating the proper use of the equipment. The project will be funded through the City's Proposition A Park Funds.

BLUFFS PARK SHADE STRUCTURE (9093)

This project consists of the installation of four single-post shade structures at Malibu Bluffs Park. Two of the shade structures will be located at the Michael Landon Center Playground, with the other two located at the baseball field picnic area. The project will be funded through the City's Proposition A Park Funds.

VEHICLE PROTECTION DEVICES (9094)

Malibu Municipal Code Section 17.48.070 requires vehicle impact protection devices to be installed for all parking spaces located adjacent to any outdoor pedestrian seating area.

There are two locations within the City's right-of-way and City-owned property that would require a vehicle impact protection device. The first location is on Cross Creek Road directly in front of the Taverna Tony restaurant entrance (23410 Civic Center Way). The second location is at the Malibu Coast Animal Hospital (23431 Pacific Coast Highway).

The Vehicle Protection Devices project consists of installing bollard-type devices at these locations to meet the City's Municipal Code.

LEGACY PARK PAVER REPAIR (9096)

This project consists of the removal and repair of a large section of pavers on the north side of the Loop Walkway at Legacy Park. The pavers have become uneven and damaged in several areas, causing a potential safety hazard for park patrons.

MALIBU BLUFFS PARK SOUTH WALKWAY (9097)

This project will replace the existing sidewalk located on the south side of Malibu Bluffs Park. Staff has repaired or replaced several different sections of the sidewalk over the past several years, but a more in-depth repair and re-leveling of the subsurface is required.

TRANCAS CANYON PARK PLAYGROUND RESURFACING (9098)

This project will remove and replace the upper layer of the current playground pour-in-place safety surfacing at Trancas Canyon Park. The surfacing was installed in 2011 during the construction of the park, and staff has coordinated regular maintenance and several minor repairs since installation. The surfacing is at the end of its 10-year life and is in need of a replacement.

PCH OVERHEAD WARNING SIGNS (9099)

This project was identified in the PCH Safety Study and includes the installation of overhead warning signs on PCH near Moonshadows restaurant and Big Rock Drive. Funding will be provided through Measure M funds administered by LA Metro. Staff will acquire consultants, permitting and will manage the construction phase of this project.

PCH AT TRANCAS CANYON ROAD RIGHT TURN LANE (9100)

This project consists of installing a new westbound right turn lane at PCH and Trancas Canyon Road. Funding for this project will be provided through Measure R funds administered by LA Metro.

PERMANENT SKATE PARK (9090)

This project consists of designing and constructing a permanent skate park of a 12,500-square-foot in-ground concrete skate park on the Crummer/Case Property adjacent to Malibu Bluffs Park. The project includes parking and additional site amenities such as trash cans, benches, tables, and restrooms. Design began in Fiscal Year 2020-2021.

The project will be the first permanent skate park in Malibu. The project has drawn significant interest from the local skate community and parents due to the City's significant skate culture and lack of available recreational amenities. Additionally, the location next to Malibu Bluffs Park and the Environmental Impact Report completed in 2013, make the location ideal for the project.

CIVIC CENTER STORM DRAIN REPAIRS (9091)

The existing corrugated metal storm drainpipe located on Civic Center Way and adjacent to the Civic Center Water Treatment Facility was starting to fail and was causing roadway damage. This project consists of replacing the deteriorated corrugated metal storm drainpipe on Civic Center Way with a new reinforced concrete pipe and repairing the roadway. This project was completed in Fiscal Year 2019-2020.

BLUFFS PARK WORKOUT STATION (9092)

This project consists of the installation of a small workout station in the current zip line area at Malibu Bluffs Park. The project will include new poured in place safety surfacing and signage demonstrating the proper use of the equipment. The project was funded through the City's Proposition A Park Funds. This project was completed in Fiscal Year 2020-2021.

BLUFFS PARK SHADE STRUCTURE (9093)

This project consists of the installation of four single-post shade structures at Malibu Bluffs Park. Two of the shade structures will be located at the Michael Landon Center Playground, with the other two located at the baseball field picnic area. The project will be funded through the City's Proposition A Park Funds.

VEHICLE PROTECTION DEVICES (9094)

Malibu Municipal Code Section 17.48.070 requires vehicle impact protection devices to be installed for all parking spaces located adjacent to any outdoor pedestrian seating area.

There are two locations within the City's right-of-way and City-owned property that would require a vehicle impact protection device. The first location is on Cross Creek Road directly in front of the Taverna Tony restaurant entrance (23410 Civic Center Way). The second location is at the Malibu Coast Animal Hospital (23431 Pacific Coast Highway).

The Vehicle Protection Devices project consists of installing bollard-type devices at these locations to meet the City's Municipal Code.

LEGACY PARK PAVER REPAIR (9096)

This project consists of the removal and repair of a large section of pavers on the northside of the loop walkway at Legacy Park. The pavers have become uneven and damaged in several areas, causing a potential safety hazard for park patrons.

MALIBU BLUFFS PARK SOUTH WALKWAY REPLACEMENT PROJECT (9097)

This project will replace the existing sidewalk located on the southside of Malibu Bluffs Park. Staff has repaired or replaced several different sections of the sidewalk over the past several years but a more in-depth repair and re-leveling of the subsurface is required.

TRANCAS CANYON PARK PLAYGROUND RESURFACING (9098)

This project will remove and replace the upper layer of the current playground pour-in-place safety surfacing at Trancas Canyon Park. The surfacing was installed in 2011 during the construction of the park. Staff has coordinated regular maintenance and several minor repairs since installation.

PCH OVERHEAD WARNING SIGNS (9099)

This project was identified in the PCH Safety Study and involves installation of overhead warning signs on PCH near 20356 PCH and Big Rock Drive.

PCH AT TRANCAS CANYON ROAD RIGHT TURN LANE (9100)

This project consists of installing a new westbound right turn lane at PCH and Trancas Canyon Road. Funding for this project will be provided through Measure R funds administered by LA Metro.

GLOSSARY OF TERMS

Accounting System: The set of records and procedures that are used to record, classify and report information on the financial status of the City.

Accrual Basis of Accounting: Under this accounting method, transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements. This form of accounting is used in the Enterprise and Internal Service funds.

Agency Funds: A fund used to account for assets held by the City of behalf of individuals, private organizations and other governments. One agency fund is the deferred compensation fund.

Annual Budget: A budget applicable to a single fiscal year.

Appropriation: Money budgeted for a given program. Appropriations are the means by which legal authority is given to expend public monies. The appropriation is the maximum level of expenditure authorized.

Appropriation Resolution: The official legal document approved by the City Council which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are typically granted for a one-year period.

Assessed Valuation: The estimated value of real and personal property used by the Los Angeles County Assessor as the basis for levying property taxes.

Budget Calendar: The schedule of key dates which the City follows in the preparation and adoption of the budget.

Budget Document: The official financial spending and resource plan submitted by the City Manager and adopted by the City Council explaining the budget to the public and City Council.

Budget Message: A written explanation by the City Manager of the budget. The budget message explains principal budget and policy issues and presents an overview of the City Manager's budget recommendations.

California Government Code: State legislation providing the legal framework for municipal operations.

GLOSSARY OF TERMS

California Public Employees Retirement System (CalPERS): The retirement system run by the State of California that provides retirement benefits to public employees. The City is a member of CalPERS and employees participate in the plan.

Capital Assets: Assets of significant value and having a useful life of more than one year with an original cost of \$3,000 or more. Capital assets are also called fixed assets.

Capital Improvements: Physical improvements which cost over \$5,000 and have a useful life of more than one year and involve the construction or reconstruction of a physical asset. Examples are street improvements, park improvements and facility construction.

Capital Outlay: A budget category that accounts for land, land improvements, buildings and structures, furniture and equipment.

Capital Projects Fund: In governmental accounting, a fund that accounts for financial resources that will be used for the acquisition or construction of capital facilities. The total cost of the capital project is accumulated in a capital projects fund until the project is completed, at which time the fund ceases to exist.

Cash Basis Accounting: A basis of accounting under which transactions are recognized only when cash is received.

Community Development Block Grant (CDBG): Federal grant funds that are distributed by the U.S. Department of Housing and Urban Development (HUD). Funds are passed through to the City from the Los Angeles County Community Development Commission (CDC).

COLA: Cost of living adjustment.

Contingency: A budgetary reserve set aside for emergencies for unforeseen expenditures not otherwise budgeted.

Contract Services: Professional service provided to the City from the private sector or other public agencies.

Cost Allocations: A fair and equitable methodology for identifying and distributing direct and indirect cost from a service provider to the service consumer.

GLOSSARY OF TERMS

Decision Package: A standardized format whereby departments request budgetary consideration for new programs, positions, capital equipment and reclassification.

Department: An organizational unit comprised of programs and activities, managed by a single director.

Encumbrance: Financial commitments related to unperformed services or contracts for goods for which part of an appropriation has been reserved.

Expenditure: Appropriated funds that have been spent.

FEMA: Federal Emergency Management Agency.

Fiscal Year: An accounting term for the budget year. The City's fiscal year is from July 1st through June 30th.

Fixed Assets: Assets which are intended to be held or used for a long term, such as land, buildings, improvements other than buildings, machinery and equipment.

FLSA: The Fair Labor Standards Act which sets minimum wage, overtime pay, equal pay and Child Labor Standards for private and public sector employees.

Full Time Equivalent (FTE): An FTE is equal to one-full time employee at 2,080 hours per year.

Fund: An independent fiscal accounting term used to record all financial transactions related to the specific purpose for which the fund was created.

Fund Accounting: A system of accounting used by non-profits, particularly governments. Since there is no profit motive, accountability is measured instead of profitability. The main purpose is stewardship of financial resources received and expended in compliance with legal requirements.

Fund Balance: The difference between assets and liabilities. A positive fund balance indicates that assets exceed liabilities while the reverse is true for a deficit fund balance.

FY: Fiscal year

GASB: Governmental Accounting Standards Board.

GLOSSARY OF TERMS

General Fund: In governmental accounting, funds used to account for all assets and liabilities of a non-profit entity, except those particularly assigned for other purposes in another more specialized fund.

GAAP (Generally Accepted Accounting Principles): Uniform minimum standards for financial accounting and reporting. These standards govern the form and content of the basic financial statements of the City.

Grant: Contributions or gifts of cash or other assets from one entity to another. Generally, specific uses for the transferred property are required.

In-Lieu Tax: Tax levied in place of another tax or taxes. The State of California provides in-lieu motor vehicle fees to local governments to compensate for local personal property not subject to property taxes.

Interest: Revenue derived from the use of property or money. The City has specific rules as to where excess funds can be invested whereby interest is earned.

Internal Service Fund: Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City.

Interfund Charges: Reimbursement for services which are paid for out of one fund but benefit the programs in another fund.

Intergovernmental Services: Specialized services typically performed by local governments that are purchased from other governments.

Intergovernmental Revenue: Revenue received from other governmental agencies and municipalities.

Licenses and Permits: Revenues earned by the issuance of licenses or permits levied in accordance with the benefits conferred by the license or permit.

Maintenance and Operations: A budget category that accounts for all supplies, goods and services required to support the planned level of program or activity.

Modified Accrual Basis: Under this accounting method, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures for the most part are recognized when the related fund liability is incurred except for prepayments, accumulated

GLOSSARY OF TERMS

employee leave and long-term debt. All governmental funds, except expendable trust funds, are accounted for using the modified accrual basis of accounting.

Object: An expenditure classification that refers to the type of item purchased or the service obtained. Examples include personnel, supplies and contract services.

OES: Office of Emergency Services – State of California.

Operating Budget: Revenues and expenditures required to operate City activities for the next fiscal cycle (12 months).

Operating Transfer: When one fund makes a contribution to another fund, it becomes revenue to the receiving fund.

Overhead Charges: The re-capturing of the cost of services provided to other funds from the General Fund. These costs include general administration, personnel services, accounting, payroll, facility lease and maintenance, and liability charges.

Performance Measure: Represents the objectives of each City department along with a target date for achieving the objectives.

Personnel Services: A budget category that accounts for all salary and personnel related benefits required to support the planned level of program or activity.

Program: The defined activity designed to provide a service to the public that is the budget level for expenditures, which may span both departments and funds.

Proposition 4: Article XIIB of the California Constitution which limits appropriations to be the level of proceeds of taxes.

Proposition 13: Article XIII A of the California Constitution which imposes a 1% limit on property taxes, restricts assessments and places limitations on the levy of new taxes.

Reserve: An account used to indicate that a portion of the fund equity is legally restricted for a specific purpose.

Resources: The personnel and financial requirements of each program. Personnel resources are stated in terms of full-time equivalents, part-time and

GLOSSARY OF TERMS

contract positions. Financial resources are stated in terms of three major expense categories (personnel, materials and supplies and capital equipment).

Revenue: Amounts received for taxes, licenses, permit and fees, intergovernmental sources, service charges, interest and use of property and other income.

Revenue Estimates: A formal estimate of how much revenue will be earned from a specific revenue source for some future period, typically a fiscal year.

Special Revenue Fund: In governmental accounting, funds used to account for the proceeds of special revenue sources (other than special assessments, expendable trusts or for major capital projects) that are legally restricted to expenditures for a specific purpose.

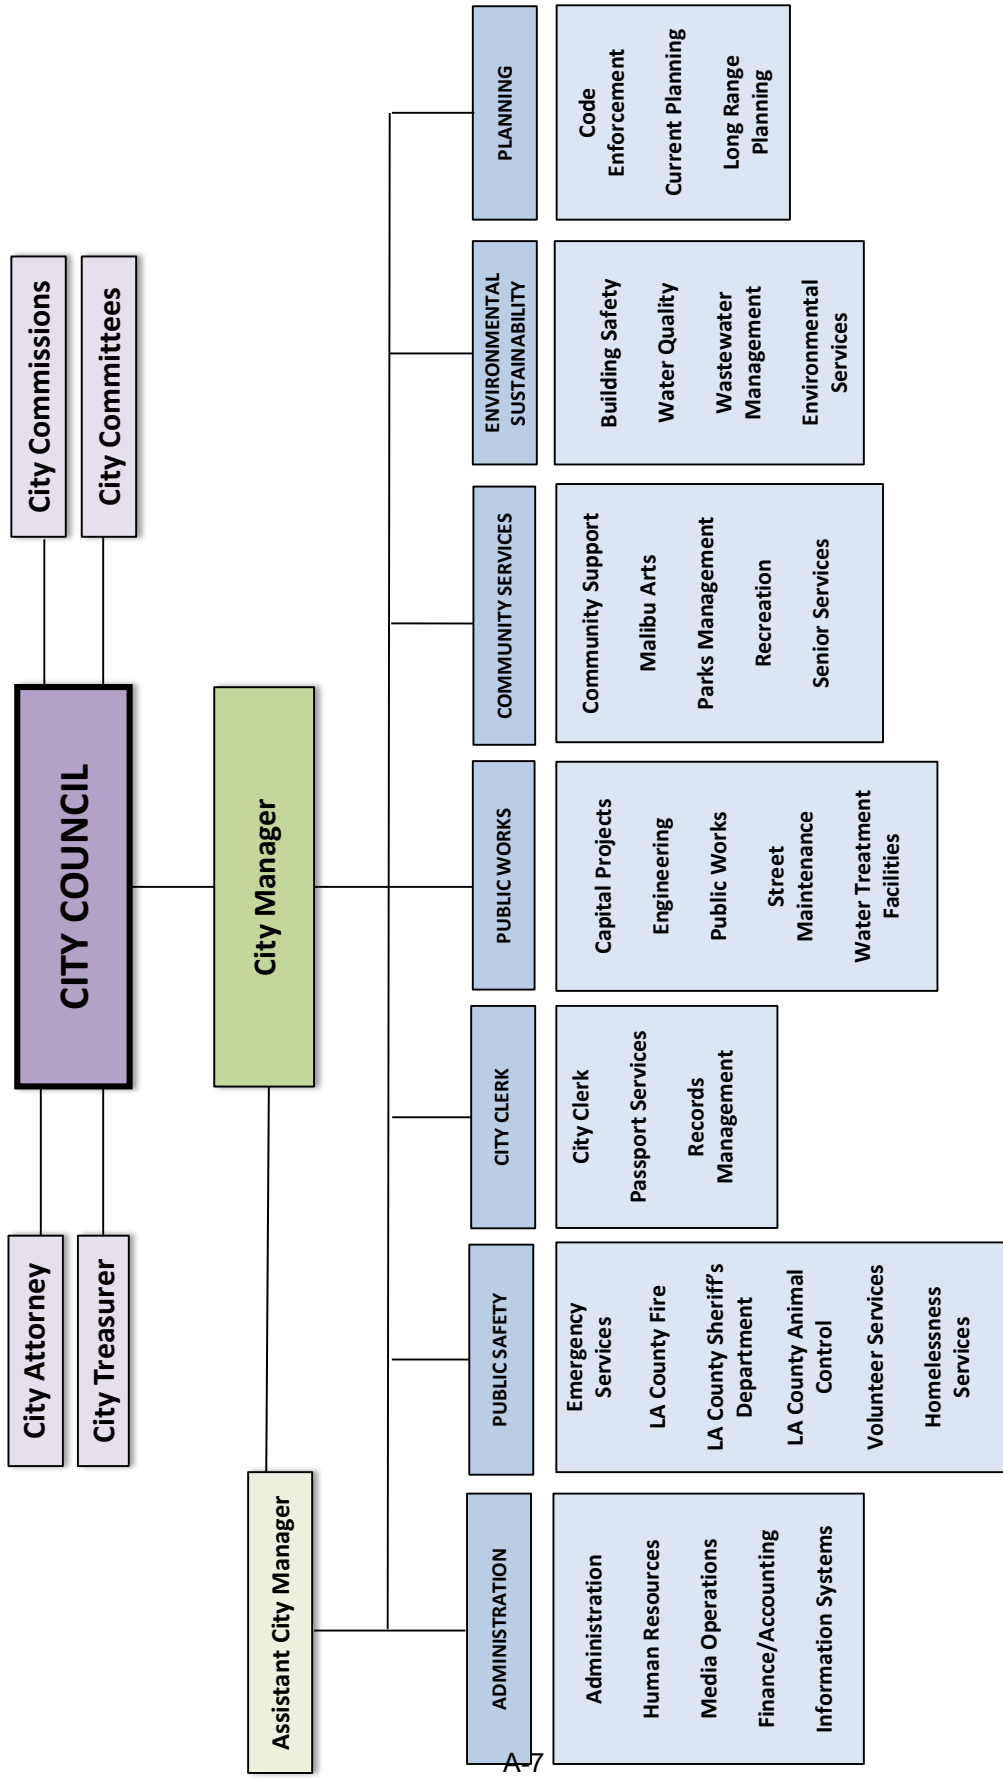

Subventions: Revenues collected by the State which are allocated to the City on a formula basis. Examples include motor vehicle taxes and gasoline taxes.

Supplemental Appropriation: An appropriation approved by the City Council after the initial budget is adopted.

Supplies: An expenditure classification for articles and commodities purchased for consumption or resale. Examples include office and operating supplies, fuel, power, water, gas, small tools and equipment.

Taxes: Compulsory charges levied by the City, County and State for the purpose of financing services performed for the common benefit.

City of Malibu

Fiscal Year 2021-2022

Proposed City Council Work Plan

In Fiscal Year 2019-2020 and Fiscal Year 2020-2021, the City Council established Public Safety, Woolsey Fire Recovery and School District Separation as its top three priorities. The Fiscal Year 2021-2022 Work Plan retains these items as the top priorities pending further direction from the Council.

- 1. Public Safety**
- 2. Woolsey Fire recovery and rebuilding**
- 3. School District Separation**
4. Preserve Malibu's rural residential character
5. Enhance environmental efforts; protect and improve water resources
6. Maintain fiscal sustainability and provide government transparency
7. Engage the community through arts and community programs
8. Improve and maintain the City's public infrastructure and community spaces

1. Public Safety: Protect the Community through Law Enforcement and Emergency Management

a) Response to COVID-19 (All Departments)

Staff continues to implement public health protocols at City Hall and respond to staff concerns regarding exposure to COVID and confirmed or suspected cases of COVID. The City has adapted the way it provides services and will continue to do so in a safe manner. Staff will continue to monitor new policies and regulations that impact the Malibu community and respond accordingly, including providing regular updates to the community. The City will also continue to host vaccination and testing events as needed.

b) Law Enforcement Services

The Los Angeles County Sheriff's Department provides law enforcement services. However, staff works regularly with the Sheriff's Department to address community safety concerns. Staff also reviews the Sheriff's regular patrol contract as well as Summer Beach Team services and provides recommendations for changes as needed.

c) Emergency Preparedness (Public Safety, Management Services)

Emergency preparedness efforts include outreach to the community, schools and businesses, and coordination with local law enforcement and public safety agencies. If COVID conditions permit, staff will hold a Public Safety Expo and either virtual or live public education workshops during National Preparedness Month.

In addition, City staff will participate in the required Standard Emergency Management Systems (SEMS) and National Incident Management Systems (NIMS) trainings, as well as monthly training and exercises on the virtual Emergency Operations Center (EOC) system that was established in 2020. If the pandemic improves and City Hall operations return to pre-pandemic standards, one functional

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

exercise in the City's (EOC) will be held in Fiscal Year 2021-2022 to ensure that the City is ready to respond in the event of a major disaster. City staff continues to conduct monthly virtual EOC exercises in order to be prepared to manage the City remotely during a disaster.

d) Emergency Plan Update (Public Safety, Management Services)

The City's current Emergency Operations Plan was adopted in February 2019 and requested updates to the mass evacuation plan were subsequently adopted in September 2019. Staff continues to update the plan as needed. Recent updates include the newly established Evacuation Zones. Additional updates to be completed this Fiscal Year include updates to the Communications Unit to incorporate upgrades to the handheld and broadcast radio capabilities in the City.

e) Radio Communications Enhancement (Public Safety, Management Services)

The City has a newly established radio repeater tower, which was established to expand and improve handheld radio capabilities. Expansion and refinement of this system will continue, along with weekly radio checks with CERT volunteers and City staff. In addition, staff continues to support local public radio broadcast reception, which is critical to emergency communication. The effectiveness of a future emergency siren system, which will be accessible throughout the City, requires a repeater tower. The tower was acquired, and a license was obtained from the FCC. The repeater is now fully functional and weekly radio checks will continue through Fiscal Year 2021-2022. Additional radio enhancements will also be explored to maximize the reach of the frequency.

f) Volunteers on Patrol (VOP) (Public Safety, Management Services)

The City's robust VOP program provides a valuable service to the Malibu community. The VOP provide traffic control, issue parking citations, and monitor for code enforcement issues and general safety matters. Staff will continue to enhance and improve this program and services throughout Fiscal Year 2021-2022.

g) Emergency Alert Systems (Public Safety, Management Services)

The City has a variety of tools to warn the public about emergency situations, including the City website's e-notification system, Nixle alerts, emergency hotline, the Everbridge disaster mass notification system, and FEMA-authorized Wireless Emergency Alerts (WEA), which go out to all cell phones within range of a specified, activated cell tower. Staff also regularly utilizes the Traffic Advisory and Utility Advisory sections of the website e-notification system to notify residents of traffic issues and power or water service interruptions in the Malibu area. Staff conducts the required monthly tests of the WEA system and regularly tests other systems as appropriate. Staff will continue to use these tools and identify additional communication tools in Fiscal Year 2021-2022.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

h) Emergency Warning Sirens – Design (Public Safety, Management Services, Planning)

An Emergency Warning Siren system will improve the City's ability to alert the community by providing mechanisms to alert residents in areas without power and those who live in neighborhoods with poor cell service. Phase One of the project included a sound study to determine the optimal number and locations of individual sirens, power and infrastructure requirements, and siren sound range. The City has been awarded a FEMA Hazard Mitigation Grant to fund the design, engineering and environmental compliance needed for a shovel-ready project. Phase Two of the Emergency Warning Sirens project will be implementation of the design plan, including purchasing, installing, and testing the sirens. The City will apply for future grant funding for this phase of the project.

i) Community Emergency Response Team (CERT) (Public Safety, Management Services)

The Community Emergency Response Team (CERT) program includes providing CERT training to residents and supporting the Malibu CERT Team. At least three CERT training classes and one CERT refresher course are normally scheduled each year. Due to COVID-19 restrictions, a virtual CERT class is currently being offered, with an in-person final drill to be held when it is safe to do so. The Malibu CERT Team has been assisting with COVID-19 testing and vaccination events. The CERT Team maintains the City's five emergency supply bins and is overseeing the expansion of the handheld radio system, in addition to providing assistance during disasters.

j) Wildfire Safety Program (Public Safety, Management Services)

The Fire Safety Liaison oversees the Wildfire Safety Program, which includes developing and implementing wildfire prevention and preparedness plans, conducting Home Ignition Zone Assessments to encourage effective home hardening, conducting wildfire safety public education, and implementing the Community Wildfire Protection Plan.

k) Homelessness Outreach and Services (Public Safety, Management Services)

In coordination with the Los Angeles County Sheriff's Department, The People Concern and the Outreach Coordinator that serves the Las Virgenes-Malibu Council of Governments (COG), Public Safety staff continue to work on solutions to assist the City's homeless population. The City will continue implementation of the Homelessness Strategic Plan, which focuses on providing homeless individuals with access to services and housing, while also ensuring public safety for everyone.

l) Homelessness Shelter and Safe Parking Program (SPP) – Identify Site (Public Safety Management Services)

In February 2021, the Council directed staff to develop a robust public outreach on addressing homelessness in Malibu, to explore partnerships with other jurisdictions

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

for a joint project, and to work with the City Council to compile a list of possible locations for an Alternative Sleeping Locations and a Safe Parking Program.

m) Oversight of SCE Annual Vegetation Maintenance Program (Planning)

This task involves staff working with the City's contract arborist to monitor and coordinate with Southern California Edison (SCE) and its contractors on the implementation of SCE's annual vegetation management program, which occurs in the spring, and the drought resolution initiative, which involves removal of drought-damaged trees. Staff's focus is ensuring native trees and ESHA are protected concurrently with these fire hazard reduction programs.

n) Annual Day of Preparedness – November 9 (Public Safety, Community Services, Management Services)

To honor all those who responded to the Woolsey Fire, the City Council declared November 9 as the City's Annual Day of Preparedness with the first celebration held in 2019. A community event with a preparedness theme will be held on that day in 2021.

2. Woolsey Fire Recovery: Facilitate Community Rebuilding and Infrastructure Improvements

a) Community Rebuilding (All Departments)

All City departments have been and will continue facilitating the rebuilding of homes damaged in the Woolsey Fire. In Fiscal Year 2020-2021, the equivalent of seven full-time staff were reassigned to work on Woolsey Fire rebuilding in lieu of using contract services. In Fiscal Year 2021-2022, the staff will continue to work on the rebuilding effort, but their staff time has been moved to their home departments. Rebuilding homes remains a high priority.

b) Community Development Block Grant – Disaster Recovery Multifamily Housing Program (Management, Planning)

On March 8, 2021, Council approved the allocation of \$18,602,848 in Community Development Block Grant (CDBG) Disaster Recovery funding. Staff is working on the due diligence process and developing a grant agreement with the Department of Housing and Community Development of California (HCD) for the use of these funds. Once the grant agreement is approved, staff will need to develop a solicitation package for potential developers interested in receiving gap funding for the construction or reconstruction of eligible multifamily affordable housing units. If projects are awarded funding under this program, the City must monitor the projects for compliance with federal and state guidelines, including environmental, construction and affordability regulations.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

c) Latigo Canyon Road Roadway/Retaining Wall Improvements (Public Works)

This project consists of repairing the roadway and existing timber retaining walls on Latigo Canyon Road that were damaged by the Woolsey Fire.

d) Trancas Canyon Park Slope Improvements (Public Works, Community Services)

The project consists of repairing damages to the existing slope east of Trancas Canyon Park due to the Woolsey Fire. The fire caused stability issues from soil and rock erosion and damages to the existing concrete drainage facilities.

e) Trancas Canyon Park Planting and Irrigation Improvements (Public Works, Community Services)

This project consists of repairing the planting and irrigation system that was destroyed by the Woolsey Fire.

f) Birdview Avenue Road Embankment Improvements (Public Works)

This project consists of repairs to roadway embankment cut slopes located on Birdview Avenue that have eroded due to severe storm events after the Woolsey Fire that caused mud, debris, and rock flow within the adjacent street.

g) Broad Beach Road Water Quality Improvements (Public Works)

The City owns over 800 feet of permeable pavers, landscaping and underground biofiltration devices on Broad Beach Road that were damaged by silts, mud and debris caused by storms in 2019. These items are permanent best management devices required to comply with the City's MS4 NPDES Stormwater Water Quality Permit. This project consists of repairing the permeable pavers, replacing media material in the biofilters, and replacing damaged landscaping.

h) Encinal Canyon Road Drainage Improvements (Public Works)

This project is located on Encinal Canyon Road where minor erosion areas and storm drain lines were damaged by the severe storms that followed the Woolsey Fire. The project will consist of repairing the erosion areas and damaged storm drain lines.

i) Malibu Park Storm Drain Improvements (Public Works)

Multiple storm drains throughout the Malibu Park area and on Birdview Avenue have sustained substantial damages. These damages occurred during the 2019 rainy season that brought heavy debris and localized flooding from the surrounding burned areas of the Woolsey Fire. The drainage structures, slopes and roadways will be repaired within the identified project locations.

j) Clover Heights Storm Drain Improvements Project (Public Works)

After the Woolsey Fire, the City experienced heavy rains in 2019 causing damage to the drainage system on Clover Heights Avenue. The City received grant funding

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

through the FEMA Hazard Mitigation Grant Program for design and construction to install a new storm drain line on Clover Heights Avenue.

k) Westward Beach Road Shoulder Repairs (Public Works)

This project consists of repairing the shoulder on Westward Beach Road that was damaged during the 2019 rainy season following the Woolsey Fire.

l) Storm Drain Master Plan (Public Works)

After the Woolsey Fire, the City experienced storm damage throughout areas affected by the fire. The City received grant funding through the FEMA Hazard Mitigation Grant Program for the development of a Storm Drain Master Plan. This master plan will assist the City in future planning of infrastructure improvements to reduce storm damage.

m) Malibu Road Slope Repairs (Public Works)

After the Woolsey Fire, the City experienced heavy rains that caused damage to the existing slope and roadway shoulder area adjacent to 24712 Malibu Road. This project consists of repairing the existing slope and shoulder area.

n) Corral Canyon Road Stabilization Project (Public Works)

This project consists of constructing a new drainage outlet and a rock slope protection system outlet.

o) Point Dume Walkway Repairs (Public Works)

This project consists of repairs to walkways damaged in the Point Dume neighborhood as a result of the Woolsey Fire.

3. School District Separation: Establish a Malibu Unified School District

a) School District – Fiscal Analysis (Management Services)

In 2017, the City sent a letter to the Los Angeles County Office of Education (LACOE) officially submitting its petition for the unification of a new Malibu Unified School District (MUSD). In 2018, the City asked LACOE to accept and temporarily suspend the City's petition pending the outcome of negotiation efforts between the City and the Santa Monica-Malibu Unified School District (SMMUSD). The Council directed the City Manager and City Attorney to pursue negotiations with SMMUSD under the guidance of the City Council School District Separation Ad Hoc Committee. Since then, staff has worked with the Ad Hoc Committee, City consultants, and SMMUSD representatives to develop a framework for school district separation. On October 12, 2021, in response to the stalled negotiations, the Council directed staff to resubmit the City's petition to LACOE for the formation of an independent MUSD.

The LACOE County Committee on School District Organization (County Committee) scheduled the Preliminary Hearing on the City's petition for April 17, 2021. As part of

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

the petition process, the City must submit a comprehensive report, including detailed financial and demographic information, to the County Committee. The County Committee review process will also require presentations and additional analysis to support the petition.

As the petition continues through the local and State process, additional documentation will be required, including an Environmental Impact Report.

4. Preserve Malibu's Rural Residential Character

a) Accessory Dwelling Unit (ADU) Ordinance (Planning)

In September 2018, the Planning Commission held a public hearing on this item, provided its recommendation on the draft ordinance, and directed staff to come back with a final recommendation. In Fiscal Year 2019-2020, the Planning Commission hearing on the updated draft ordinance was postponed in order to address changes in State law that became effective January 1, 2020. During Fiscal Year 2020-2021, staff incorporated the guidance received from the California Coastal Commission (CCC) and State into a draft ordinance which will be presented to the Planning Commission and City Council. In Fiscal Year 2021-2022, the City received a Local Early Action Planning (LEAP) grant to implement technological improvements to streamline the ADU permit application process. In Fiscal Year 2021-2022, staff will submit the LCPA to the CCC for certification and monitor the progress of the LCPA review by the CCC. Staff will also administer and implement the LEAP grant.

b) Short-Term Rental (STR) "Home-sharing" Ordinance and LCPA (Planning, Management Services)

In February 2018, the City contracted with Host Compliance, LLC to provide consulting and software services related to STR permitting, compliance monitoring and enforcement in anticipation of the adoption of an STR ordinance. In September 2018, Council directed staff to provide additional information regarding options for a ban on STR, including the financial implications and processing of a Local Coastal Program (LCP) amendment (LCPA). A financial consultant was contracted to provide analysis of the financial impacts of an STR ban. In December 2019, Council directed staff to prepare an ordinance similar to Santa Monica's home-share ordinance and initiate the necessary LCPA. Subsequent to the City's submittal of the LCPA to the CCC, in January 2021, the CCC submitted a comment letter to City staff. Due to the extensive data collection and analysis required to respond to the CCC letter, the City's formal response is in progress. Upon certification of the LCPA, an extensive public outreach program will be needed, followed by coordination with Host Compliance, Code Enforcement and the Sheriff's Department to implement and enforce the new ordinance.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

c) Parking as a Stand-Alone Use (Planning)

In May 2017, Council adopted a resolution initiating a Zoning Text Amendment (ZTA)/LCPA to allow commercial parking facilities as a stand-alone use. In Fiscal Year 2019-2020, this item was presented to the Zoning Ordinance Revisions and Code Enforcement Subcommittee (ZORACES), the Planning Commission, and the City Council. At the November 2020 City Council meeting, the Council provided staff with additional guidance and requested that staff return with an amended ordinance.

In Fiscal Year 2020-2021, the ordinance will be presented to the City Council as well as direction on a parking needs assessment report. In Fiscal Year 2021-2022, upon final approval by the City Council, staff will forward the LCPA to the CCC and will monitor the progress of the LCPA review by the CCC. In addition, staff will begin the implementation phase of the project including issuing an RFP and awarding an agreement to obtain arborist services to review of applications, and amending the City fee schedule to reflect the arborist fees.

d) Overnight Parking Ordinance (Planning, Public Works)

This ordinance amends the Malibu Municipal Code (MMC) to address long-term parking along City streets that interferes with public coastal access. In Fiscal Year 2019-2020, Council adopted Ordinance No. 460 establishing overnight parking restrictions on alternate sides of PCH for the Las Tunas and Malibu Pier/Surfrider Beach areas. In Fiscal Year 2020-2021, the Council adopted Ordinance No. 469 expanding the overnight parking restrictions to Corral Canyon Beach and Zuma Beach. Coastal Development Permits (CDP) have been approved and signs installed for Las Tunas, Zuma Beach, and Corral Canyon Beach. A CDP for installation of signs for the Malibu Pier/Surfrider Beach area remains to be processed. In Fiscal Year 2021-2022, staff will prepare ordinances to allow for the expansion of this program to other areas of the City as directed by the Council.

e) Housing Element 6th Cycle RHNA and 2021 Housing Element Update (Planning)

In March 2020, the City received and adopted its Regional Housing Needs Assessment (RHNA) as allocated from the Southern California Association of Governments (SCAG). In November 2020, staff met with Cal Fire to obtain guidance on the draft Safety Element. In Fiscal Year 2020-2021, staff is working with its consultant to prepare a draft of the updated Housing Element and Safety Element. In June 2021, staff will begin to schedule public workshops and hearings on both the Housing and Safety Elements [which is due to the CA Department of Housing and Community Development October 2021](#).

f) Cannabis Ordinance (Planning)

Malibu Measure G became effective in December 2018, allowing recreational retail sales and delivery of cannabis within the City by two dispensaries. Allowing

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

recreational use has triggered additional inspection, licensing and tax requirements that involve extensive research and coordination with other agencies and applicants.

Staff is implementing the City's cannabis ordinance and, with the assistance of Code Enforcement staff, compliance with the City-issued Conditional Use Permit (CUP) is taking place. Staff is currently preparing an amendment to the City's cannabis ordinance to ensure compliance with the current County guidelines. These updates will allow for County health inspections and business license requirements.

g) MRCA Coastal Access Public Works Plan (Planning)

The Mountains Recreation and Conservation Authority (MRCA) is proposing a Malibu Coastal Access Public Works Plan (PWP) for 17 public beach accessways along the coast in Malibu. The City submitted comments on the project's CEQA document in February 2020. In Fiscal Year 2021-2022, staff will follow up on this project and provide comment to MRCA. The project will extend over multiple years.

h) Farmers Market Parking in the Civic Center (Planning)

The Cornucopia Foundation submitted an amendment to its CUP in February 2021. Staff is working with the Cornucopia Foundation to complete the application and to schedule it for a public hearing. Approval of the amendment will allow for use of the City's loki property for farmers market parking on Sundays during construction of the Santa Monica College facility. In addition, staff is monitoring the long-term operations of the market.

i) Wireless Communication Facilities Ordinance (Planning)

Pursuant to the ordinance adopted by the City Council in April 2021, staff will continue to process applications pursuant to the new ordinance.

j) Wireless Communications Facilities Mapping

In January 2021, Council directed staff to engage a consultant to identify and map existing wireless communication facilities in the City and maintain the maps on an ongoing basis. The City Council awarded a consultant contract for this work on April 26, 2021. Staff will work with the consultant to implement this ongoing project.

k) Sign Regulations Code Amendments (Planning)

In November 2020, based on recommendations received from the City Attorney's office, Council initiated amendments to the MMC and LCP to modify sign regulations to allow property owners to bring the code into compliance with the First Amendment of the US Constitution. In April 2021, staff presented a draft of the amendments for consideration by the Planning Commission and adoption by the City Council. Upon final approval by the City Council, staff will forward the LCPA to the CCC. In Fiscal Year 2021-2022, staff will monitor the progress of the LCPA review by the CCC.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

l) Planning Department Operations (Planning)

- 1) Planning - This program is responsible for assisting the community at the Public Counter, reviewing projects, short-term rental permit applications, event and other applications for consistency with the MMC and LCP, evaluating project compliance with the California Environmental Quality Act (CEQA), and maintaining regulatory documents, including the Malibu General Plan and zoning and land use maps.
- 2) Code Enforcement - This program ensures compliance with the laws and regulations in the MMC and Zoning Ordinance, including illegal construction, code violations, short-term rental violations, and all other enforcement issues, to keep the City safe.
- 3) Administration - Planning administration is responsible for the management of records, legal noticing, policy and procedures, agendas and staff reports, budget analysis, and contracts.

m) Environmental Sustainability Department (ESD) Operations (ESD)

- 1) Building Safety - This program is responsible for compliance and enforcement of State and local building standards, including fire rebuild, inspections, permits, plan check, code interpretation, and coastal and geological review.
- 2) Wastewater Management - This program is responsible for managing onsite wastewater systems for compliance, including plan check, the operating permit program, Local Agency Management Program, and the frequent pumping program.
- 3) Administration - ESD administration is responsible for the management of records, legal noticing, policy and procedures, agendas and staff reports, budget analysis, and contracts.

n) Public Works Department Operations (Public Works)

- 1) The Public Works Department is responsible for the reviewing development projects that impact the public right of way and drainage facilities.
- 2) Reviewing surveying issues related to certificate of compliances, parcel and tract maps

5. Enhance Environmental Efforts; Protect and Improve Water Resources

a) Civic Center Water Treatment Facility (CCWTF) (Public Works, Management Services, Planning, ESD)

The construction of CCWTF Phase One was completed in Fiscal Year 2018-2019. The design of Phase Two began in Fiscal Year 2019-2020 and will be completed in Fiscal Year 2020-2021. Phase Two expands the wastewater collection and recycled water system to include properties in Malibu Colony, the condominiums on Civic Center Way, HRL Laboratories, and a portion of the Serra Canyon neighborhood. In addition, the treatment plant will be expanded to treat the additional wastewater from these properties. The work will include preparing a CDP, construction plans, project

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

specifications and cost estimates. In order to meet the mandated completion date of 2024, the project will begin construction in 2022.

b) Integrated Pest Management Program / Earth Friendly Management Policy (EFMP) (ESD, Community Services, Planning)

On October 28, 2013, the City Council adopted an Integrated Pest Management (IPM) Policy and Program. Staff implemented the IPM principles as best management practices in addressing pests and developed a community outreach brochure describing the dangers that rodenticides pose to local wildlife, as well as preventative measures and alternatives to rodenticide use.

In June 2019, the Earth Friendly Management Policy (EFMP) was adopted by Council. The policy remains in place with oversight by the Parks and Recreation Commission. Staff and contractors continue to follow all policies and procedures outlined in the EFMP.

c) Clean Water Monitoring Program (ESD, Public Works)

To carry out the City's regulatory obligations under the municipal separate storm sewer system (MS4) permit and related regulations, this program involves stream and ocean monitoring, as well as outreach to promote community-wide use of best management practices (BMPs). Ongoing monitoring for regulatory compliance includes implementation of the Coordinated Integrated Monitoring Program (CIMP), as required by the MS4 permit. The CIMP integrates stream monitoring events and TMDL monitoring for bacteria and trash at selected beaches and drainage courses, and in Malibu Creek. Special studies may include supplemental monitoring and assessment to develop adaptive management strategies for regulatory compliance. The City is the program manager for cost-sharing for the CIMP in a Memorandum of Understanding (MOU) with the County of Los Angeles and Los Angeles County Flood Control District. Additional opportunities under development include the City's near-shore ocean water quality project and supplemental assessments of sub-watersheds slated for stormwater treatment projects in the EWMP. Staff continues to implement the CIMP jointly with the Los Angeles County Department of Public Works and Flood Control District.

d) Clean Water Regulations Compliance (ESD)

The following regulatory and legal obligations are being implemented: Area of Special Biological Significance (ASBS); MS4 Permit (stormwater); NRDC/LA Waterkeeper lawsuit settlement agreement; short- and long-term compliance strategies for seven Total Maximum Daily Load (TMDL) requirements; wastewater systems management; and Civic Center Prohibition/MOU compliance. Staff is working with the County on an MOU for updates to EWMP and Reasonable Assurance Analysis (RAA), which may lead to the identification of additional, smaller-scale water quality improvement projects.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

e) Legacy Park Rehabilitation Project (Community Services)

This project began in 2019 by assessing the plant life within Legacy Park, which has historically struggled due to poor soil and water conditions. Staff worked with a consultant, Studio-MLA, to complete the assessment and develop a long-term, sustainable plan for rehabilitating plant life within the park.

In Fiscal Year 2020-2021, 10 additional test plots were planted throughout the park, after the first 18 plots were successfully established in Fiscal Year 2019-2020. The plots will be monitored and evaluated throughout 2021 to continue establishing and expanding native plant life to areas where growth has been difficult.

f) Coastal Vulnerability Assessment (ESD, Planning)

In September 2019, Council awarded a professional services contract for the development of a coastal vulnerability assessment. ESD staff and its coastal engineering consultants are working to perform an assessment of vulnerabilities along the local shoreline due to erosion and sea level rise to help inform City planning efforts by identifying impact thresholds at which significant planning areas, assets or coastal resources could be impacted by sea level rise. The consequence of the identified impacts will also inform City policies and programs to help minimize risk to important infrastructure, basic services and valuable resources. The vulnerabilities and consequences identified in this assessment will be used to facilitate prioritizing planning efforts to account for the urgency (time horizon) of each impact, and the importance of each impact on the community and resources. The first planned public workshop to solicit community input was postponed due to COVID-19.

g) Clean Power Alliance (CPA) (ESD)

CPA is a locally controlled electricity provider in Southern California offering clean renewable energy at competitive rates. CPA provides energy for Malibu at a fee that replaces what SCE would have charged. Starting in May 2018, Malibu residents and businesses chose the percentage of clean energy they wanted to receive. In October 2019, the Council approved the selection of the 100% Tier Option for CPA customers within the City, effective October 2020.

h) Environmental Programs (ESD)

This program is responsible for mandated clean water and solid waste compliance items and reporting, City-specific regulations, such as locking dumpster lids, and other environmental work plan items, such as the plastic ban and compliance with the Dark Sky Ordinance.

i) FEMA Floodplain Maps (Public Works)

In December 2011, FEMA began the process of revising the flood maps along the California coastline based upon new data and coastal engineering analysis, including modifications to base flood elevations. The City submitted an appeal to FEMA's

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

proposed revisions to the flood maps, and subsequently a Letter of Map Revision (LOMR). City staff and its consultants will be coordinating with FEMA on the City's appeal and LOMR.

j) Pesticide LCPA (Planning)

In December 2019, Council adopted the Pesticide LCPA, which was then submitted to CCC. Staff has responded to CCC information requests. The CCC had scheduled a hearing on the LCPA in March 2021. However, in coordination with Poison Free Malibu, the City requested a continuance until May 2021 to allow for additional time to evaluate and provide feedback on CCC staff's suggested modifications. On May 13, 2021, the CCC will hold a hearing on the City's LCPA. After this hearing, staff will present the CCC's modifications to the Council in June 2021. In Fiscal Year 2021-2022, it is anticipated that the LCPA will be certified and staff will need to present an ordinance to the City Council to implement and enforce the certified LCPA along with a staffing work plan to carry out the program.

k) Dumpster Lid Ordinance Implementation and Enforcement (ESD, Media, Code Enforcement)

Staff continues enforcement of the Enhanced Dumpster Enforcement program. In Fiscal Year 2019-2020, staff worked with City partners to draft an ordinance to require locking lids on commercial solid waste, organic waste, and recycling bins, which was adopted by Council in March 2020. As part of the ordinance, quarterly inspections are planned for the first year of implementation, along with outreach to assist local businesses with compliance. Code Enforcement staff were tasked with ensuring that businesses are compliance starting February 2021 and compliance has been achieved.

6. Fiscal Sustainability and Transparency

a) City Council, Commissions and Committees (All departments)

All departments and staff participate in the preparation of agendas, staff reports and presentations for the City Council, City Commissions, Environmental Review Board, Committees and Subcommittees. Media staff, administrative staff and the City Clerk's office are responsible for the technical hosting of meetings and preparation of minutes.

b) Public Records Requests and Subpoenas (All departments)

All departments and staff participate in responding to public records requests and subpoenas by searching both digital and paper documents retained by the City.

c) Budget Management (Management Services, Media)

As part of the City's commitment to providing government transparency, user-friendly budget information is developed to help the community better understand the City's finances. Quarterly budget reports will continue to be provided to the Council

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

pursuant to the City's policies. Staff will continue to monitor the State and local fiscal impacts of the COVID-19 pandemic and recommend adjustments, as necessary.

d) General Fund Reserves (Management Services)

Pursuant to Council Policy No. 3, a minimum of 50% of the General Fund operating budget is to be maintained in the General Fund Undesignated Reserve. A 65% reserve is recommended to maintain the City's high credit rating. The reserves have been instrumental in helping the City weather the Woolsey Fire. The proposed Fiscal Year 2021-2022 Budget provides for a 74% reserve.

e) Debt Service Management (Management Services)

The City has issued debt over the past 10 years for the acquisition of Legacy Park, the acquisition and improvements of City Hall, the acquisition of Trancas Field, and the acquisition of three vacant parcels of land. A Debt Management Policy was approved in Fiscal Year 2017-2018 to provide policy guidance for existing and future debt issuances and to help the City maintain its AA+/AAA credit rating.

f) Finance Operations (Management Services)

- 1) Audit Management - Finance staff is responsible for all City financial audits, including the interim and annual independent audit, audits of all outside funding sources, such as Metro, Air Quality Management District (AQMD), CDBG, Dial-A-Ride, Annual Street Report, Cities Financial Transaction Report, and the State Controller's Report. Other mandated reports are also prepared by this department including California Joint Powers Insurance Authority (JPIA) filings, US Census Bureau reports and other reports as required for debt service. Finance staff also prepares the Comprehensive Annual Financial Report (CAFR) as mandated by law.
- 2) Payroll Management - Finance staff is responsible for the City's biweekly payroll services, including preparation of quarterly and annual State and Federal tax filings, preparation of W-2 forms, management of employee benefit programs, and other mandated reporting requirements.
- 3) Accounts Payable and Cash Receipts - Accounts Payable functions include the processing of approximately 7,500 individual invoices annually, management of purchase orders, oversight and processing of approximately 1,000 alarm permits, preparation of warrant registers, and daily reconciliation of City accounts. Cash receipts functions involve the daily deposits of City revenues, including cash receipts from public counters, verification of receipt of funds, and regular bank reconciliations. Duties associated with billing and invoices include preparation of billings for commercial tenants, subpoena invoices, past due notices, oversight of all taxes, and late fee and penalties invoices. Short-term rentals (STR) and transient occupancy tax (TOT) tracking is also managed by Finance staff, including compliance with the MMC, calculation and billing of taxes due.
- 4) Parking Citation Management - Finance staff serves as the liaison between the Los Angeles County Sheriff's Department, Volunteers on Patrol (VOP) and the

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

City's citation processing service. Staff assists with citation receipts, appellants, administrative hearings, and provides supplies and monitors equipment for the VOP and Sheriff's Department.

o) Media Information Operations (Management Services)

- 1) Public Messaging - The Media Team plans, creates and executes the City's public messaging about City actions, legislation, meeting, priorities and events, as well as emergency communications, including several kinds of emergency alerts.
- 2) Social Media and Platforms - The Media Team creates messaging content and graphics for the City website, 13 social media platforms (Twitter, Facebook and Instagram), Nextdoor, the traffic and emergency phone hotline, radio public service announcements (PSA), and printed materials, such as flyers, posters and mailers, surveys and other materials.
- 3) Press Releases - The Media Team manages media relations and crisis communications, including planning and executing press releases, media events, coordinating media interviews and providing briefings, talking points and speeches for City officials.
- 4) Public Meetings - The Media Team manages the audiovisual operations for all of the City's virtual public meetings and events.
- 5) Emergency Communication - As part of the City's Emergency Operations, the Media Team coordinates all public communications and media relations with partner agencies at County, State and federal levels during emergency incidents, such as natural disasters, terrorist incidents, and public health emergencies.
- 6) Alert System – Media staff provide 24/7 coverage to provide the community with up-to-date traffic, weather and emergency notifications.

p) Media Management (Management Services)

Media staff provide technical video and audio support for all of the City's public meetings, including City Council meetings, special meetings, town hall meetings and commission meetings.

q) Information Technology (IT) (Management Services)

IT staff provide support for over 186 computers and 51 servers, as well as supporting the City-issued cell phones, tablets, copiers and other office equipment. Each year, IT staff responds to over 900 service requests from City staff and elected officials.

r) Information Technology Strategic Plan Implementation (Management Services)

The City conducted an assessment of its Information Technology (IT) Strategic Plan in FY 2019-2020 to better coordinate technology for City services and to streamline information access for the public. The consultant submitted the draft IT assessment, but the project prioritization workshop for staff was put on hold due to COVID-19. The pandemic highlighted the critical need for additional on-line services. This project will be resumed in Fiscal Year 2021-2022.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

s) Records Management (City Clerk)

This project allows City staff to coordinate with its records storage facility to improve records maintenance and management. The main goals include minimizing offsite storage of records and files, streamlining current records management, digitizing records for the permitting software program, and transferring records to the document imaging program. The intent is to reduce costs and increase efficiencies as the City converts paper originals into a digital format.

t) City Website and Media Operations (Management Services)

Media and Management staff oversee maintenance, improvements, and enhancements to the City's website and the MalibuRebuilds.org webpage with input from other departments' staff. Media staff work with other City staff to develop numerous brochures, advertisements, pamphlets, and mailers to promote and advertise various workshops, events, and services offered by the City. Other media information projects include enhancements to social media and an increase in the number of videos produced. Media staff form the core of the City's EOC Communications team for all disasters.

u) City Clerk Operations (City Clerk)

The City Clerk's office is responsible for compliance with requests made pursuant to the Public Records Act, recording documents, receiving and oversight of subpoenas, and monitoring of the Fair Political Practices Commission (FPPC) Filings, and serves as the custodian of all City records.

v) By-District Elections (City Clerk)

On October 25, 2019, Milton C. Grimes of the Law Offices of Milton C. Grimes sent the City a letter that claims the City's at-large election system violates the California Voting Rights Act. The City held public hearings in February and March 2020 to receive input from the community. The public hearings scheduled for March 13 and April 2, 2020, were cancelled due to the COVID-19 pandemic. On March 20, 2020, the Governor issued Executive Order N-34-20, which, in part, suspended the timeframes for conducting the hearings required for changing from an at-large method of election to a district-based election as set forth in Elections Code Section 10010 until such time as neither State nor local public health officials recommend or impose social/physical distancing measures. In July 2020, a California Court of Appeal issued an opinion finding no merit to a lawsuit alleging that the City of Santa Monica's at-large elections system violated the California Voting Rights Act. On July 13, 2020, the City Council decided against putting a measure on the November 2020 ballot regarding by-district elections. The plaintiffs in the Santa Monica lawsuit appealed and the California Supreme Court agreed to review the case. The timeline for when the Supreme Court will issue a decision in this case will depend on when briefing concludes and how long thereafter the Court sets oral argument.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

w) Develop and Implement new GIS system (Public Works)

Work under this program includes an assessment of the City's GIS needs and purchasing updated GIS software.

7. Engage the Community

a) Oversight of Library Set Aside Funds and Speaker Series (Community Services, Management Services)

The Malibu Library is owned and operated by the County of Los Angeles. The City and County work cooperatively to develop programming and improvements using Set Aside Funds for the Malibu community based on the MOU terms between the two agencies, which is in place until 2044 with two possible five-year extensions. In Fiscal Year 2018-2019, the City adopted the 2018 Malibu Library Needs Assessment to identify future projects and library programs. Due to the COVID-19 pandemic, the Malibu Library projects were not included in the City's Approved Work Plan for Fiscal Year 2020-2021. The Council continues to fund the Malibu Library Speaker Series established in 2013 to feature events with professional speakers on a wide variety of topics, in addition to the Local Author Series, which highlights Malibu's literary talent. Staff continues to work with the library to produce the program each year. Library Speaker Series events were cancelled in Fiscal Year 2020-2021 due to COVID-19. When in-person gatherings are permitted, staff will prepare details on the Malibu Library Set Aside Funds for Fiscal Year 2021-2022 for Council review and approval.

b) Special Events (Community Services)

The Community Services Department produces several events each year to engage the community, such as the Tiny Tot Olympics, Chumash Day, and the Halloween Carnival. In-person events were canceled in Fiscal Year 2020-2021 due to COVID-19; however, the Department coordinated several virtual events and online activities, including the Virtual Student Art Exhibition and Polli-Power Family Gardening and Art Grab-and-Go Kits. Many of these events are expected to resume in Fiscal Year 2021-2022 once in-person gatherings are permitted. Attendance at City special events in Fiscal Year 2021-2022 is expected to be lower than previous years due to State or County public health restrictions.

c) Arts Programs and Events (Community Services)

Seasonal art exhibits are produced at City Hall featuring works by Malibu-affiliated artists. In Fiscal Year 2020-2021, in-person exhibitions were cancelled; however, local artists were featured through an online art exhibition. A virtual Arts in Education session took place in early 2021 in partnership with Malibu Elementary School featuring poetry and art with local professionals. Due to the program's success, a student art exhibition was curated at the Michael Landon Center. The Community Services Department plans to curate outdoor art exhibitions in Fiscal Year 2021-2022, while following State and County public health guidelines, and will resume in-person art exhibitions at City Hall when in-person gatherings are permitted.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

Additionally, the Department will resume art programs, workshops, and events that were postponed or canceled in Fiscal Year 2020-2021.

d) Girls Only Programming (Community Services)

Staff coordinates and promotes several Girls Only sports programs. In Fiscal Year 2020-2021, the City offered free Girls Only clinics, following State and County COVID-19 public health guidelines. Due to COVID-19 restrictions, the City could not provide programs, such as Girls Only basketball, which had been offered in the past. In Fiscal Year 2021-2022, the City will resume expanded Girls Only programming once COVID-19 State and County restrictions are lifted allowing the sharing of equipment, indoor programming, and increased attendance.

e) Senior Programs and Trips (Community Services)

The Senior Center was closed during Fiscal Year 2020-2021 due to the COVID-19 pandemic. The City offered virtual programs, drive-thru events, virtual tech help, and wellness calls in Fiscal Year 2020-2021. Staff continued to provide the digital Senior Center Newsletter and worked with local organizations to offer seniors COVID-19 assistance, such as grocery shopping and errands.

The City's Dial-A-Ride program continued offering low-cost transportation to grocery stores, medical appointments, and other essential locations throughout Fiscal Year 2020-2021. Additionally, the City offered Seniors free transportation to vaccination appointments, assisted seniors with finding vaccination appointments, and notified Seniors about a mobile vaccination site at Malibu City Hall.

In Fiscal Year 2021-2022, in-person programming is expected to resume following State and County COVID-19 public health guidelines. These programs include dance, yoga, poetry, autobiography writing, and art. Events and excursions will continue once gatherings are permitted, which may not be until the end of Fiscal Year 2021-2022.

f) Community Services Programs and Classes (Community Services)

Limited programming for school-aged children resumed after cancellations occurred in late Fiscal Year 2019-2020. Following the implementation of State and County COVID-19 restrictions, staff adapted by adjusting capacity limits and implementing new physical distancing, sanitizing, and online registration protocols. A variety of outdoor programs and day camps took place, including surf, soccer, basketball, tennis, theater, and cross country. Outdoor adult programming was also added in late Fiscal Year 2020-2021, including Pilates and yoga.

Early in the COVID-19 pandemic, the Community Services Department launched the Virtual Recreation Center on the City's website, which included free activities, health and mental wellness programs, cultural events, and virtual tours. The City will

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

continue to update the Virtual Recreation Center in Fiscal Year 2021-2022 until programs return to full capacity.

The Department expects to resume and expand educational and recreational program offerings for all ages following State and County public health guidelines. These programs include art, exercise, music, theater, athletics, seniors, aquatics, day camps, and social skill development.

g) Poet Laureate Program and Events (Community Services)

Since 2017, the Poet Laureate program has continued to expand and promote the literary arts in Malibu. Working through the Cultural Arts Commission and Malibu Poet Laureate Committee, the Council appoints the Malibu Poet Laureate position every two years. Various programs and events are coordinated under the Program, including writing workshops, open mic events, Arts in Education sessions, Pizza and Poetry, and Poetry Anthologies. In Fiscal Year 2020-2021, the City's named its third Malibu Poet Laureate, John Strueloeff, to serve a one-year term. The appointment for the 2021-2023 Poet Laureate will take place in early Fiscal Year 2021-2022. The Poet Laureate Committee will remain active by providing various additional workshops, coordinating the annual Poetry Anthology, and more. In-person programming will resume in Fiscal Year 2021-2022 once gatherings are permitted.

h) SMMUSD Master Use Agreement and Program Partnerships (Community Services)

In Fiscal Year 2020-2021, Council approved a new two-year Master Use Agreement with Santa Monica-Malibu Unified School District (SMMUSD). The Agreement allows the City to utilize SMMUSD facilities for various programs, including partnership programs with local youth sports organizations, and the Boys and Girls Club of Malibu. The Community Services Department manages all usage under the Master Use Agreement, including scheduling of programs, maintaining facility use calendars, and communicating issues and concerns to SMMUSD personnel.

A significant component of the Master Use Agreement is the Malibu Community Pool, which is operated during after-school hours and on weekends throughout the year. City Aquatic Programs are coordinated seasonally, including the SeaWolves swim team, Masters swim, youth swim lessons, lap swim, and aqua aerobics. During Fiscal Year 2020-2021, swim programs took place throughout the year with limited capacity due to COVID-19 restrictions. The City plans to expand and increase capacity of all swim programs in Fiscal Year 2021-2022 while following State and County public health guidelines.

Several City sports programs are held at SMMUSD facilities throughout the year, including the youth basketball league, volleyball, tennis, cross county, soccer, and open gym basketball. Indoor sports programs and leagues did not take place in Fiscal

City of Malibu

Fiscal Year 2021-2022

Proposed City Council Work Plan

Year 2020-2021 due to COVID-19 restrictions. The City plans to resume modify sports programs in Fiscal Year 2021-2022 to meet the community's needs.

Since 2017, the City has partnered with the Boys and Girls Club of Malibu to offer after-school enrichment programs for students in Kindergarten through fifth grade. In late Fiscal Year 2020-2021, Malibu Elementary School and Webster Elementary School resumed in-person learning, and the City resumed limited enrichment programs to students who attended each school. The City plans to resume full-capacity programming and monthly workshops for all Malibu students in Fiscal Year 2021-2022.

The City partners with Malibu youth sports organizations, such as American Youth Soccer Association (AYSO) and Malibu Little League (MLL), to allow the use of City and SMMUSD facilities at no cost to the organizations during their primary seasons. Annual agreements are executed with each organization, with staff coordinating facility calendars, addressing field maintenance requests, and maintaining updated League registration records. In Fiscal Year 2020-2021, the County allowed youth sports leagues to provide clinics and games for school-aged children. Staff worked with the President of each organization to ensure compliance with County COVID-19 guidelines. The City anticipates full games and increased registration for these organizations in Fiscal Year 2021-2022.

i) Youth Commission Programs and Events (Community Services)

Council appoints up to 25 local students in grades 7-12 to the Harry Barovsky Memorial Youth Commission to serve a one-year term. The Commission coordinates programs and events that benefit Malibu youth and local non-profit organizations. Additionally, the Commission provides feedback to the City regarding youth-specific projects, such as the Permanent Skate Park and school district separation. In Fiscal Year 2021-2022, the Commission will coordinate community-based volunteer events, including beach cleanup days, donation drives, and a youth government summit. In-person programs and events, such as teen movie nights, health and wellness events, and career and college preparation workshops will resume as COVID-19 restrictions are lifted.

j) Facilities, Parks, and Special Event Reservations (Community Services)

The Community Services Department coordinates over 150 reservations annually for venues owned by the City, including Malibu Bluffs Park, the Michael Landon Center, City Hall, vacant properties, and parking lots. These reservations include large private events, road race events, such as the Malibu Triathlon and Malibu 5K and Half Marathon, church services, picnics areas, film shoots, and local service and youth sports organizations' regular meetings serving more than 25,000 people. Due to the wide variety and large number of rentals, staff analyzes each request to determine the type of event, number of attendees, and any additional approvals needed by the City. Staff then collects fees, verifies insurance documents, provides day-of oversight

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

for rentals, and works with the Planning Department and Malibu Film Office to ensure proper permits are submitted. In Fiscal Year 2020-2021, there was a decrease in facility reservations due to State and County restrictions on in-person gatherings. Staff anticipates facility reservations will resume at or near full capacity in Fiscal Year 2021-2022 as COVID-19 restrictions are lifted.

k) Community Services Operations (Community Services)

- 1) Community Services Department general operations include the management and oversight of 11 parks, facilities, and open spaces within the City, totaling more than 21,500 operating hours annually. In addition to nine full-time staff, the Department hires, trains, and manages over 40 part-time staff to serve in frontline roles throughout the City.
- 2) The Department administers approximately 30 agreements for various contractors and consultants, who perform a variety of maintenance and landscape services, teach programs, and provide consulting services for large projects.

8. Improve and Maintain the City's Public Infrastructure and Community Spaces

a) Tree Maintenance Program (Public Works)

This project requires the identification of priority tree trimming maintenance in accordance with the citywide inventory so that the City's urban forest is protected, the roadways are clear of potential hazards, and liability to the City is minimized. Staff continues to maintain the City's urban forest in accordance with inventory recommendations. The City's contractor completed the tree inventory program in Fiscal Year 2019-2020 and will continue to perform tree maintenance based upon the inventory program.

b) Routine Street Maintenance Program (Public Works)

City crews maintain the City-owned streets on a regular and ongoing basis, including but not limited to filling potholes, replacing street signs, and other tasks as needed to keep the City safe and clean. The program also includes street sweeping on City-owned streets and parking lots, as well as along Pacific Coast Highway (PCH), and maintaining the City's stormwater drainage facilities.

c) Maintenance, Weed Abatement, and Trail Management of Parks, Open Space, and the Civic Center (Community Services)

Staff coordinates and oversees regular maintenance, weed abatement, and trail management for 11 City-owned parks, open spaces, vacant properties, and the Civic Center area. This work is completed by staff and contractors for over 650 acres of park and open space and eight miles of trails. Additionally, Department staff coordinates with the Public Safety office, City contractors, and the Lost Hills Sheriff Station to complete the regular cleanup of homeless encampments and trash on City parks.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

d) Public Works Department Operations (Public Works)

- 1) Permits - The Public Works Department manages the issuance of encroachment permits, street vending permits, transportation permits and parking permits and performs inspections of these permits.
- 2) Traffic Signal Maintenance Program - Work under this program includes the maintenance and operation of the City's traffic signals on Civic Center Way.
- 3) The Public Works Department manages the Broad Beach Road Assessment District (AD 2010-1), Carbon Beach Community Facilities District (CFD 2006-1) and the Civic Center Water Treatment Facility Phase 1 (AD 2015-1). Tasks include managing consultants, placing special assessments on properties within each district, preparing various reports, administering the tax rolls annually, and issuing delinquency notices when necessary.
- 4) Coordinate with other agencies and utility providers (e.g., Caltrans, Los Angeles County Waterworks District 29, Southern California Edison, etc.) on projects and programs affecting the City

e) PCH at Trancas Canyon Road Right Turn Lane (Public Works)

This project consists of installing a new westbound right turn lane on PCH at Trancas Canyon Road. Funding for this project will be provided through Measure R funds administered by LA Metro.

f) Cliffside Drive Underground Assessment District (Public Works)

Homeowners on Cliffside Drive east of Fernhill Drive have requested their existing utilities to be placed underground. Staff is working with the homeowners in the development of an assessment district to place the utilities underground. Initial funds to hire required consultants was obtained by the homeowners.

g) Stormwater Treatment Facilities Program (Public Works, ESD)

Work under this program includes the maintenance and operation of the City's two stormwater treatment facilities: Civic Center Stormwater Treatment Facility and Paradise Cover Stormwater Treatment Facility. The program also includes two stormwater pump stations located on Cross Creek Road and at Malibu Lagoon. ESD staff continues coordinating with Los Angeles County for Measure W funds for stormwater treatment projects.

h) Civic Center Water Treatment Facility Operations (Public Works)

The Malibu CCWTF is a centralized water treatment facility that treats and reuses wastewater flows from properties in the Malibu Civic Center area. The facility was completed and put into operation in October 2018. The facility can currently capture and treat up to 200,000 gallons of wastewater daily and convert the water for irrigation purposes. Staff oversees the ongoing operations and administration of this \$60 million facility. The operation and maintenance of this facility is funded through rates assessed annually to properties being served by the facility.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

i) Landslide Assessment Districts (Public Works)

The City's ongoing management of three landslide assessment districts (Malibu Road, Calle de Barco, and Big Rock Mesa) includes maintaining and operating the groundwater dewatering equipment and monitoring groundwater levels and water quality. Work under this program also includes placing special assessments on the properties that are receiving the benefit of the landslide assessment district.

j) 2021 Annual Street Resurfacing Project (Public Works)

This project includes the design and construction management of the City's annual street resurfacing project. The streets included in this project are included in the City's approved Pavement Management Plan. This project will also include the installation of speed humps on Birdview Avenue.

k) Michael Landon Center Roof and Air Conditioning System Repairs (Community Services and Public Works)

The roof at the Michael Landon Center is deteriorating, leaking, and in need of repairs, which will consist of the installation of new shingles and other underlying material. Additionally, one of the two commercial air conditioning systems is over 25 years old and in need of replacement.

l) PCH Signal Synchronization Project (Public Works)

This project will install communication between the existing traffic signals on PCH, from Topanga Canyon Road to John Tyler Drive, and connect the signals back to the Caltrans Traffic Management Center, allowing Caltrans to control and operate the signals and the signal system remotely. The City acquired consultants and will be managing the design, the permit process with Caltrans, and the construction phase of the project. Funding for the design and construction of this project will be provided through Measure R funds administered by LA Metro.

m) Permanent Skate Park Design (Community Services, Planning, Public Works)

In February 2020, Council awarded the professional services agreement for the design of a 12,500 square-foot permanent skate park on the east portion of the Crummer/Case Property adjacent to Malibu Bluffs Park. Two virtual public design meetings and a community survey were completed in 2020 before the Preliminary Design and site amenities were approved by the Parks and Recreation Commission. The design will be reviewed by the Planning Commission before final approval by the Council in mid-2021. Once approved by the Council, Planning staff will process the CDP application and corresponding environmental documents before construction of the project begins.

n) Vehicle Impact Protection Devices (Public Works)

MMC Section 17.48.070 requires vehicle impact protection devices to be installed for all parking spaces located adjacent to any outdoor pedestrian seating area. The Vehicle Protection Devices project consists of installing bollard-type devices at two

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

locations within the City's right-of-way and City-owned property: One is located on Cross Creek Road directly in front of the Taverna Tony restaurant entrance (23410 Civic Center Way) and the other at the Malibu Coast Animal Hospital (23431 Pacific Coast Highway).

o) Civic Center Stormwater Diversion Structure (Public Works)

This project consists of storm drain improvements in the Civic Center area to promote the flow and circulation of stormwater into Legacy Park. Staff will manage the design, permitting and construction for this project.

p) PCH Overhead Warning Signs (Public Works)

This project was identified in the PCH Safety Study and includes the installation of overhead warning signs on PCH near 20356 PCH and Big Rock Drive. Funding will be provided through Los Angeles County Measure M funds administered by Los Angeles County Metropolitan Transportation Authority (Metro). Staff will procure consultants to perform design and permitting work and will manage the construction phase of this project.

q) Legacy Park Paver Repair (Community Services, Public Works)

This project consists of the removal and repair of a large section of pavers on the north side of the Loop Walkway at Legacy Park. The pavers have become uneven and damaged in several areas, causing a potential safety hazard for park patrons.

r) Malibu Bluffs Park South Walkway Replacement Project (Community Services, Public Works)

This project will replace the existing sidewalk located on the south side of Malibu Bluffs Park. Staff has repaired or replaced several different sections of the sidewalk over the past several years, but a more in-depth repair and releveling of the subsurface is required.

s) Trancas Canyon Park Playground Resurfacing (Community Services, Public Works)

This project will remove and replace the upper layer of the current playground pour-in-place safety surfacing at Trancas Canyon Park. The surfacing was installed in 2011 during the construction of the park, and staff has coordinated regular maintenance and several minor repairs since installation. The surfacing is at the end of its 10-year life and is in need of replacement.

t) Marie Canyon Green Streets (Public Works)

This project was identified in the City's Enhanced Watershed Management Plan (EWMP). This project includes the installation of biofilters and other stormwater water quality devices to capture and treat stormwater. The project is intended to assist with Municipal Separate Storm Sewer System (MS4) Discharge Permit requirements. This

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

project is currently in the design phase and construction is anticipated to be completed in Fiscal Year 2021-2022.

u) Pacific Coast Highway Median Improvements (Public Works)

The project will promote traffic safety by channelizing the highway, regulating turn movements and improving traffic operations. The project will rehabilitate the existing medians, shoulders, and will install new raised medians along PCH from Webb Way to Puerco Canyon Road. This project is currently in the design phase with construction anticipated to be completed in Fiscal Year 2021-2022.

v) Westward Beach Road Improvements (Public Works)

This project consists of improving the parking spaces on Westward Beach Road from Birdview Avenue to approximately 1,100 feet west. The project also includes a 12' wide combination sidewalk and bicycle path and a bicycle connection from PCH to Westward Beach. A new concrete sand barrier will be placed between the beach and the proposed parking area to prevent sand from going on the new sidewalk and parking area. This project is currently in the design phase. It is anticipated that construction will begin in Fiscal Year 2021-2022.

w) Bluffs Park Shade Structure (Community Services, Public Works)

This project consists of the installation of four single-post shade structures at Malibu Bluffs Park. Two of the shade structures will be located at the Michael Landon Center Playground, with the other two located at the baseball field picnic area. The project will be funded through the City's Proposition A Park Funds.

x) Median Improvements Along Pacific Coast Highway (Public Works)

The project scope includes both the installation of new raised medians and improvements to existing raised medians along Pacific Coast Highway (PCH) at the following locations on PCH/State Route 1 at the following locations: 1) from the intersection of Latigo Canyon Road to the intersection of Kanan Dume Road, 2) the intersection of Paradise Cove Road and PCH and 3) from the intersection of Busch Drive to the intersection of Trancas Canyon Road. This project was identified in the 2015 Pacific Coast Highway (PCH) Safety Study and will be funded by Los Angeles County Measure M administered by Metro.

y) Triangle Lot at the Intersection of Civic Center Way and Webb Way (Planning, Management Services)

In September 2018 the City purchased the Triangle Lot property with funding provided by Los Angeles County Measure R administered by the Los Angeles County Metropolitan Transportation Authority (Metro) for the purpose of developing a shared use park and ride facility on the site. In order for the property to be developed as such the City must adopt amendments to the Local Coastal Program and the Malibu Municipal Code to allow parking as a standalone use at the location. On May 13, 2021, Council considered an ordinance to allow stand-alone surface parking lots in

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

the Commercial General (CG), Community Commercial (CC), and Commercial Neighborhood (CN) zoning districts as a conditionally permitted commercial use citywide which would include the Triangle Lot. Council voted not to adopt the proposed amendments and directed staff to work with ZORACES to review the City's funding agreement with Metro specifically the shared-use park and ride requirements to develop recommendations for the property going forward.

City of Malibu

Fiscal Year 2021-2022

Proposed City Council Work Plan

In Fiscal Year 2019-2020 and Fiscal Year 2020-2021, the City Council established Public Safety, Woolsey Fire Recovery and School District Separation as its top three priorities. The Fiscal Year 2021-2022 Work Plan retains these items as the top priorities pending further direction from the Council.

- 1. Public Safety**
- 2. Woolsey Fire recovery and rebuilding**
- 3. School District Separation**
4. Preserve Malibu's rural residential character
5. Enhance environmental efforts; protect and improve water resources
6. Maintain fiscal sustainability and provide government transparency
7. Engage the community through arts and community programs
8. Improve and maintain the City's public infrastructure and community spaces

1. Public Safety: Protect the Community through Law Enforcement and Emergency Management

a) Response to COVID-19 (All Departments)

Staff continues to implement public health protocols at City Hall and respond to staff concerns regarding exposure to COVID and confirmed or suspected cases of COVID. The City has adapted the way it provides services and will continue to do so in a safe manner. Staff will continue to monitor new policies and regulations that impact the Malibu community and respond accordingly, including providing regular updates to the community. The City will also continue to host vaccination and testing events as needed.

b) Law Enforcement Services

The Los Angeles County Sheriff's Department provides law enforcement services. However, staff works regularly with the Sheriff's Department to address community safety concerns. Staff also reviews the Sheriff's regular patrol contract as well as Summer Beach Team services and provides recommendations for changes as needed.

c) Emergency Preparedness (Public Safety, Management Services)

Emergency preparedness efforts include outreach to the community, schools and businesses, and coordination with local law enforcement and public safety agencies. If COVID conditions permit, staff will hold a Public Safety Expo and either virtual or live public education workshops during National Preparedness Month.

In addition, City staff will participate in the required Standard Emergency Management Systems (SEMS) and National Incident Management Systems (NIMS) trainings, as well as monthly training and exercises on the virtual Emergency Operations Center (EOC) system that was established in 2020. If the pandemic improves and City Hall operations return to pre-pandemic standards, one functional

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

exercise in the City's (EOC) will be held in Fiscal Year 2021-2022 to ensure that the City is ready to respond in the event of a major disaster. City staff continues to conduct monthly virtual EOC exercises in order to be prepared to manage the City remotely during a disaster.

d) Emergency Plan Update (Public Safety, Management Services)

The City's current Emergency Operations Plan was adopted in February 2019 and requested updates to the mass evacuation plan were subsequently adopted in September 2019. Staff continues to update the plan as needed. Recent updates include the newly established Evacuation Zones. Additional updates to be completed this Fiscal Year include updates to the Communications Unit to incorporate upgrades to the handheld and broadcast radio capabilities in the City.

e) Radio Communications Enhancement (Public Safety, Management Services)

The City has a newly established radio repeater tower, which was established to expand and improve handheld radio capabilities. Expansion and refinement of this system will continue, along with weekly radio checks with CERT volunteers and City staff. In addition, staff continues to support local public radio broadcast reception, which is critical to emergency communication. The effectiveness of a future emergency siren system, which will be accessible throughout the City, requires a repeater tower. The tower was acquired, and a license was obtained from the FCC. The repeater is now fully functional and weekly radio checks will continue through Fiscal Year 2021-2022. Additional radio enhancements will also be explored to maximize the reach of the frequency.

f) Volunteers on Patrol (VOP) (Public Safety, Management Services)

The City's robust VOP program provides a valuable service to the Malibu community. The VOP provide traffic control, issue parking citations, and monitor for code enforcement issues and general safety matters. Staff will continue to enhance and improve this program and services throughout Fiscal Year 2021-2022.

g) Emergency Alert Systems (Public Safety, Management Services)

The City has a variety of tools to warn the public about emergency situations, including the City website's e-notification system, Nixle alerts, emergency hotline, the Everbridge disaster mass notification system, and FEMA-authorized Wireless Emergency Alerts (WEA), which go out to all cell phones within range of a specified, activated cell tower. Staff also regularly utilizes the Traffic Advisory and Utility Advisory sections of the website e-notification system to notify residents of traffic issues and power or water service interruptions in the Malibu area. Staff conducts the required monthly tests of the WEA system and regularly tests other systems as appropriate. Staff will continue to use these tools and identify additional communication tools in Fiscal Year 2021-2022.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

h) Emergency Warning Sirens – Design (Public Safety, Management Services, Planning)

An Emergency Warning Siren system will improve the City's ability to alert the community by providing mechanisms to alert residents in areas without power and those who live in neighborhoods with poor cell service. Phase One of the project included a sound study to determine the optimal number and locations of individual sirens, power and infrastructure requirements, and siren sound range. The City has been awarded a FEMA Hazard Mitigation Grant to fund the design, engineering and environmental compliance needed for a shovel-ready project. Phase Two of the Emergency Warning Sirens project will be implementation of the design plan, including purchasing, installing, and testing the sirens. The City will apply for future grant funding for this phase of the project.

i) Community Emergency Response Team (CERT) (Public Safety, Management Services)

The Community Emergency Response Team (CERT) program includes providing CERT training to residents and supporting the Malibu CERT Team. At least three CERT training classes and one CERT refresher course are normally scheduled each year. Due to COVID-19 restrictions, a virtual CERT class is currently being offered, with an in-person final drill to be held when it is safe to do so. The Malibu CERT Team has been assisting with COVID-19 testing and vaccination events. The CERT Team maintains the City's five emergency supply bins and is overseeing the expansion of the handheld radio system, in addition to providing assistance during disasters.

j) Wildfire Safety Program (Public Safety, Management Services)

The Fire Safety Liaison oversees the Wildfire Safety Program, which includes developing and implementing wildfire prevention and preparedness plans, conducting Home Ignition Zone Assessments to encourage effective home hardening, conducting wildfire safety public education, and implementing the Community Wildfire Protection Plan.

k) Homelessness Outreach and Services (Public Safety, Management Services)

In coordination with the Los Angeles County Sheriff's Department, The People Concern and the Outreach Coordinator that serves the Las Virgenes-Malibu Council of Governments (COG), Public Safety staff continue to work on solutions to assist the City's homeless population. The City will continue implementation of the Homelessness Strategic Plan, which focuses on providing homeless individuals with access to services and housing, while also ensuring public safety for everyone.

l) Homelessness Shelter and Safe Parking Program (SPP) – Identify Site (Public Safety Management Services)

In February 2021, the Council directed staff to develop a robust public outreach on addressing homelessness in Malibu, to explore partnerships with other jurisdictions

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

for a joint project, and to work with the City Council to compile a list of possible locations for an Alternative Sleeping Locations and a Safe Parking Program.

m) Oversight of SCE Annual Vegetation Maintenance Program (Planning)

This task involves staff working with the City's contract arborist to monitor and coordinate with Southern California Edison (SCE) and its contractors on the implementation of SCE's annual vegetation management program, which occurs in the spring, and the drought resolution initiative, which involves removal of drought-damaged trees. Staff's focus is ensuring native trees and ESHA are protected concurrently with these fire hazard reduction programs.

n) Annual Day of Preparedness – November 9 (Public Safety, Community Services, Management Services)

To honor all those who responded to the Woolsey Fire, the City Council declared November 9 as the City's Annual Day of Preparedness with the first celebration held in 2019. A community event with a preparedness theme will be held on that day in 2021.

2. Woolsey Fire Recovery: Facilitate Community Rebuilding and Infrastructure Improvements

a) Community Rebuilding (All Departments)

All City departments have been and will continue facilitating the rebuilding of homes damaged in the Woolsey Fire. In Fiscal Year 2020-2021, the equivalent of seven full-time staff were reassigned to work on Woolsey Fire rebuilding in lieu of using contract services. In Fiscal Year 2021-2022, the staff will continue to work on the rebuilding effort, but their staff time has been moved to their home departments. Rebuilding homes remains a high priority.

b) Community Development Block Grant – Disaster Recovery Multifamily Housing Program (Management, Planning)

On March 8, 2021, Council approved the allocation of \$18,602,848 in Community Development Block Grant (CDBG) Disaster Recovery funding. Staff is working on the due diligence process and developing a grant agreement with the Department of Housing and Community Development of California (HCD) for the use of these funds. Once the grant agreement is approved, staff will need to develop a solicitation package for potential developers interested in receiving gap funding for the construction or reconstruction of eligible multifamily affordable housing units. If projects are awarded funding under this program, the City must monitor the projects for compliance with federal and state guidelines, including environmental, construction and affordability regulations.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

c) Latigo Canyon Road Roadway/Retaining Wall Improvements (Public Works)

This project consists of repairing the roadway and existing timber retaining walls on Latigo Canyon Road that were damaged by the Woolsey Fire.

d) Trancas Canyon Park Slope Improvements (Public Works, Community Services)

The project consists of repairing damages to the existing slope east of Trancas Canyon Park due to the Woolsey Fire. The fire caused stability issues from soil and rock erosion and damages to the existing concrete drainage facilities.

e) Trancas Canyon Park Planting and Irrigation Improvements (Public Works, Community Services)

This project consists of repairing the planting and irrigation system that was destroyed by the Woolsey Fire.

f) Birdview Avenue Road Embankment Improvements (Public Works)

This project consists of repairs to roadway embankment cut slopes located on Birdview Avenue that have eroded due to severe storm events after the Woolsey Fire that caused mud, debris, and rock flow within the adjacent street.

g) Broad Beach Road Water Quality Improvements (Public Works)

The City owns over 800 feet of permeable pavers, landscaping and underground biofiltration devices on Broad Beach Road that were damaged by silts, mud and debris caused by storms in 2019. These items are permanent best management devices required to comply with the City's MS4 NPDES Stormwater Water Quality Permit. This project consists of repairing the permeable pavers, replacing media material in the biofilters, and replacing damaged landscaping.

h) Encinal Canyon Road Drainage Improvements (Public Works)

This project is located on Encinal Canyon Road where minor erosion areas and storm drain lines were damaged by the severe storms that followed the Woolsey Fire. The project will consist of repairing the erosion areas and damaged storm drain lines.

i) Malibu Park Storm Drain Improvements (Public Works)

Multiple storm drains throughout the Malibu Park area and on Birdview Avenue have sustained substantial damages. These damages occurred during the 2019 rainy season that brought heavy debris and localized flooding from the surrounding burned areas of the Woolsey Fire. The drainage structures, slopes and roadways will be repaired within the identified project locations.

j) Clover Heights Storm Drain Improvements Project (Public Works)

After the Woolsey Fire, the City experienced heavy rains in 2019 causing damage to the drainage system on Clover Heights Avenue. The City received grant funding

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

through the FEMA Hazard Mitigation Grant Program for design and construction to install a new storm drain line on Clover Heights Avenue.

k) Westward Beach Road Shoulder Repairs (Public Works)

This project consists of repairing the shoulder on Westward Beach Road that was damaged during the 2019 rainy season following the Woolsey Fire.

l) Storm Drain Master Plan (Public Works)

After the Woolsey Fire, the City experienced storm damage throughout areas affected by the fire. The City received grant funding through the FEMA Hazard Mitigation Grant Program for the development of a Storm Drain Master Plan. This master plan will assist the City in future planning of infrastructure improvements to reduce storm damage.

m) Malibu Road Slope Repairs (Public Works)

After the Woolsey Fire, the City experienced heavy rains that caused damage to the existing slope and roadway shoulder area adjacent to 24712 Malibu Road. This project consists of repairing the existing slope and shoulder area.

n) Corral Canyon Road Stabilization Project (Public Works)

This project consists of constructing a new drainage outlet and a rock slope protection system outlet.

o) Point Dume Walkway Repairs (Public Works)

This project consists of repairs to walkways damaged in the Point Dume neighborhood as a result of the Woolsey Fire.

3. School District Separation: Establish a Malibu Unified School District

a) School District – Fiscal Analysis (Management Services)

In 2017, the City sent a letter to the Los Angeles County Office of Education (LACOE) officially submitting its petition for the unification of a new Malibu Unified School District (MUSD). In 2018, the City asked LACOE to accept and temporarily suspend the City's petition pending the outcome of negotiation efforts between the City and the Santa Monica-Malibu Unified School District (SMMUSD). The Council directed the City Manager and City Attorney to pursue negotiations with SMMUSD under the guidance of the City Council School District Separation Ad Hoc Committee. Since then, staff has worked with the Ad Hoc Committee, City consultants, and SMMUSD representatives to develop a framework for school district separation. On October 12, 2021, in response to the stalled negotiations, the Council directed staff to resubmit the City's petition to LACOE for the formation of an independent MUSD.

The LACOE County Committee on School District Organization (County Committee) scheduled the Preliminary Hearing on the City's petition for April 17, 2021. As part of

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

the petition process, the City must submit a comprehensive report, including detailed financial and demographic information, to the County Committee. The County Committee review process will also require presentations and additional analysis to support the petition.

As the petition continues through the local and State process, additional documentation will be required, including an Environmental Impact Report.

4. Preserve Malibu's Rural Residential Character

a) Accessory Dwelling Unit (ADU) Ordinance (Planning)

In September 2018, the Planning Commission held a public hearing on this item, provided its recommendation on the draft ordinance, and directed staff to come back with a final recommendation. In Fiscal Year 2019-2020, the Planning Commission hearing on the updated draft ordinance was postponed in order to address changes in State law that became effective January 1, 2020. During Fiscal Year 2020-2021, staff incorporated the guidance received from the California Coastal Commission (CCC) and State into a draft ordinance which will be presented to the Planning Commission and City Council. In Fiscal Year 2021-2022, the City received a Local Early Action Planning (LEAP) grant to implement technological improvements to streamline the ADU permit application process. In Fiscal Year 2021-2022, staff will submit the LCPA to the CCC for certification and monitor the progress of the LCPA review by the CCC. Staff will also administer and implement the LEAP grant.

b) Short-Term Rental (STR) "Home-sharing" Ordinance and LCPA (Planning, Management Services)

In February 2018, the City contracted with Host Compliance, LLC to provide consulting and software services related to STR permitting, compliance monitoring and enforcement in anticipation of the adoption of an STR ordinance. In September 2018, Council directed staff to provide additional information regarding options for a ban on STR, including the financial implications and processing of a Local Coastal Program (LCP) amendment (LCPA). A financial consultant was contracted to provide analysis of the financial impacts of an STR ban. In December 2019, Council directed staff to prepare an ordinance similar to Santa Monica's home-share ordinance and initiate the necessary LCPA. Subsequent to the City's submittal of the LCPA to the CCC, in January 2021, the CCC submitted a comment letter to City staff. Due to the extensive data collection and analysis required to respond to the CCC letter, the City's formal response is in progress. Upon certification of the LCPA, an extensive public outreach program will be needed, followed by coordination with Host Compliance, Code Enforcement and the Sheriff's Department to implement and enforce the new ordinance.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

c) Parking as a Stand-Alone Use (Planning)

In May 2017, Council adopted a resolution initiating a Zoning Text Amendment (ZTA)/LCPA to allow commercial parking facilities as a stand-alone use. In Fiscal Year 2019-2020, this item was presented to the Zoning Ordinance Revisions and Code Enforcement Subcommittee (ZORACES), the Planning Commission, and the City Council. At the November 2020 City Council meeting, the Council provided staff with additional guidance and requested that staff return with an amended ordinance.

In Fiscal Year 2020-2021, the ordinance will be presented to the City Council as well as direction on a parking needs assessment report. In Fiscal Year 2021-2022, upon final approval by the City Council, staff will forward the LCPA to the CCC and will monitor the progress of the LCPA review by the CCC. In addition, staff will begin the implementation phase of the project including issuing an RFP and awarding an agreement to obtain arborist services to review of applications, and amending the City fee schedule to reflect the arborist fees.

d) Overnight Parking Ordinance (Planning, Public Works)

This ordinance amends the Malibu Municipal Code (MMC) to address long-term parking along City streets that interferes with public coastal access. In Fiscal Year 2019-2020, Council adopted Ordinance No. 460 establishing overnight parking restrictions on alternate sides of PCH for the Las Tunas and Malibu Pier/Surfrider Beach areas. In Fiscal Year 2020-2021, the Council adopted Ordinance No. 469 expanding the overnight parking restrictions to Corral Canyon Beach and Zuma Beach. Coastal Development Permits (CDP) have been approved and signs installed for Las Tunas, Zuma Beach, and Corral Canyon Beach. A CDP for installation of signs for the Malibu Pier/Surfrider Beach area remains to be processed. In Fiscal Year 2021-2022, staff will prepare ordinances to allow for the expansion of this program to other areas of the City as directed by the Council.

e) Housing Element 6th Cycle RHNA and 2021 Housing Element Update (Planning)

In March 2020, the City received and adopted its Regional Housing Needs Assessment (RHNA) as allocated from the Southern California Association of Governments (SCAG). In November 2020, staff met with Cal Fire to obtain guidance on the draft Safety Element. In Fiscal Year 2020-2021, staff is working with its consultant to prepare a draft of the updated Housing Element and Safety Element. In June 2021, staff will begin to schedule public workshops and hearings on both the Housing and Safety Elements [which is due to the CA Department of Housing and Community Development October 2021](#).

f) Cannabis Ordinance (Planning)

Malibu Measure G became effective in December 2018, allowing recreational retail sales and delivery of cannabis within the City by two dispensaries. Allowing

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

recreational use has triggered additional inspection, licensing and tax requirements that involve extensive research and coordination with other agencies and applicants.

Staff is implementing the City's cannabis ordinance and, with the assistance of Code Enforcement staff, compliance with the City-issued Conditional Use Permit (CUP) is taking place. Staff is currently preparing an amendment to the City's cannabis ordinance to ensure compliance with the current County guidelines. These updates will allow for County health inspections and business license requirements.

g) MRCA Coastal Access Public Works Plan (Planning)

The Mountains Recreation and Conservation Authority (MRCA) is proposing a Malibu Coastal Access Public Works Plan (PWP) for 17 public beach accessways along the coast in Malibu. The City submitted comments on the project's CEQA document in February 2020. In Fiscal Year 2021-2022, staff will follow up on this project and provide comment to MRCA. The project will extend over multiple years.

h) Farmers Market Parking in the Civic Center (Planning)

The Cornucopia Foundation submitted an amendment to its CUP in February 2021. Staff is working with the Cornucopia Foundation to complete the application and to schedule it for a public hearing. Approval of the amendment will allow for use of the City's loki property for farmers market parking on Sundays during construction of the Santa Monica College facility. In addition, staff is monitoring the long-term operations of the market.

i) Wireless Communication Facilities Ordinance (Planning)

Pursuant to the ordinance adopted by the City Council in April 2021, staff will continue to process applications pursuant to the new ordinance.

j) Wireless Communications Facilities Mapping

In January 2021, Council directed staff to engage a consultant to identify and map existing wireless communication facilities in the City and maintain the maps on an ongoing basis. The City Council awarded a consultant contract for this work on April 26, 2021. Staff will work with the consultant to implement this ongoing project.

k) Sign Regulations Code Amendments (Planning)

In November 2020, based on recommendations received from the City Attorney's office, Council initiated amendments to the MMC and LCP to modify sign regulations to allow property owners to bring the code into compliance with the First Amendment of the US Constitution. In April 2021, staff presented a draft of the amendments for consideration by the Planning Commission and adoption by the City Council. Upon final approval by the City Council, staff will forward the LCPA to the CCC. In Fiscal Year 2021-2022, staff will monitor the progress of the LCPA review by the CCC.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

l) Planning Department Operations (Planning)

- 1) Planning - This program is responsible for assisting the community at the Public Counter, reviewing projects, short-term rental permit applications, event and other applications for consistency with the MMC and LCP, evaluating project compliance with the California Environmental Quality Act (CEQA), and maintaining regulatory documents, including the Malibu General Plan and zoning and land use maps.
- 2) Code Enforcement - This program ensures compliance with the laws and regulations in the MMC and Zoning Ordinance, including illegal construction, code violations, short-term rental violations, and all other enforcement issues, to keep the City safe.
- 3) Administration - Planning administration is responsible for the management of records, legal noticing, policy and procedures, agendas and staff reports, budget analysis, and contracts.

m) Environmental Sustainability Department (ESD) Operations (ESD)

- 1) Building Safety - This program is responsible for compliance and enforcement of State and local building standards, including fire rebuild, inspections, permits, plan check, code interpretation, and coastal and geological review.
- 2) Wastewater Management - This program is responsible for managing onsite wastewater systems for compliance, including plan check, the operating permit program, Local Agency Management Program, and the frequent pumping program.
- 3) Administration - ESD administration is responsible for the management of records, legal noticing, policy and procedures, agendas and staff reports, budget analysis, and contracts.

n) Public Works Department Operations (Public Works)

- 1) The Public Works Department is responsible for the reviewing development projects that impact the public right of way and drainage facilities.
- 2) Reviewing surveying issues related to certificate of compliances, parcel and tract maps

5. Enhance Environmental Efforts; Protect and Improve Water Resources

a) Civic Center Water Treatment Facility (CCWTF) (Public Works, Management Services, Planning, ESD)

The construction of CCWTF Phase One was completed in Fiscal Year 2018-2019. The design of Phase Two began in Fiscal Year 2019-2020 and will be completed in Fiscal Year 2020-2021. Phase Two expands the wastewater collection and recycled water system to include properties in Malibu Colony, the condominiums on Civic Center Way, HRL Laboratories, and a portion of the Serra Canyon neighborhood. In addition, the treatment plant will be expanded to treat the additional wastewater from these properties. The work will include preparing a CDP, construction plans, project

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

specifications and cost estimates. In order to meet the mandated completion date of 2024, the project will begin construction in 2022.

b) Integrated Pest Management Program / Earth Friendly Management Policy (EFMP) (ESD, Community Services, Planning)

On October 28, 2013, the City Council adopted an Integrated Pest Management (IPM) Policy and Program. Staff implemented the IPM principles as best management practices in addressing pests and developed a community outreach brochure describing the dangers that rodenticides pose to local wildlife, as well as preventative measures and alternatives to rodenticide use.

In June 2019, the Earth Friendly Management Policy (EFMP) was adopted by Council. The policy remains in place with oversight by the Parks and Recreation Commission. Staff and contractors continue to follow all policies and procedures outlined in the EFMP.

c) Clean Water Monitoring Program (ESD, Public Works)

To carry out the City's regulatory obligations under the municipal separate storm sewer system (MS4) permit and related regulations, this program involves stream and ocean monitoring, as well as outreach to promote community-wide use of best management practices (BMPs). Ongoing monitoring for regulatory compliance includes implementation of the Coordinated Integrated Monitoring Program (CIMP), as required by the MS4 permit. The CIMP integrates stream monitoring events and TMDL monitoring for bacteria and trash at selected beaches and drainage courses, and in Malibu Creek. Special studies may include supplemental monitoring and assessment to develop adaptive management strategies for regulatory compliance. The City is the program manager for cost-sharing for the CIMP in a Memorandum of Understanding (MOU) with the County of Los Angeles and Los Angeles County Flood Control District. Additional opportunities under development include the City's near-shore ocean water quality project and supplemental assessments of sub-watersheds slated for stormwater treatment projects in the EWMP. Staff continues to implement the CIMP jointly with the Los Angeles County Department of Public Works and Flood Control District.

d) Clean Water Regulations Compliance (ESD)

The following regulatory and legal obligations are being implemented: Area of Special Biological Significance (ASBS); MS4 Permit (stormwater); NRDC/LA Waterkeeper lawsuit settlement agreement; short- and long-term compliance strategies for seven Total Maximum Daily Load (TMDL) requirements; wastewater systems management; and Civic Center Prohibition/MOU compliance. Staff is working with the County on an MOU for updates to EWMP and Reasonable Assurance Analysis (RAA), which may lead to the identification of additional, smaller-scale water quality improvement projects.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

e) Legacy Park Rehabilitation Project (Community Services)

This project began in 2019 by assessing the plant life within Legacy Park, which has historically struggled due to poor soil and water conditions. Staff worked with a consultant, Studio-MLA, to complete the assessment and develop a long-term, sustainable plan for rehabilitating plant life within the park.

In Fiscal Year 2020-2021, 10 additional test plots were planted throughout the park, after the first 18 plots were successfully established in Fiscal Year 2019-2020. The plots will be monitored and evaluated throughout 2021 to continue establishing and expanding native plant life to areas where growth has been difficult.

f) Coastal Vulnerability Assessment (ESD, Planning)

In September 2019, Council awarded a professional services contract for the development of a coastal vulnerability assessment. ESD staff and its coastal engineering consultants are working to perform an assessment of vulnerabilities along the local shoreline due to erosion and sea level rise to help inform City planning efforts by identifying impact thresholds at which significant planning areas, assets or coastal resources could be impacted by sea level rise. The consequence of the identified impacts will also inform City policies and programs to help minimize risk to important infrastructure, basic services and valuable resources. The vulnerabilities and consequences identified in this assessment will be used to facilitate prioritizing planning efforts to account for the urgency (time horizon) of each impact, and the importance of each impact on the community and resources. The first planned public workshop to solicit community input was postponed due to COVID-19.

g) Clean Power Alliance (CPA) (ESD)

CPA is a locally controlled electricity provider in Southern California offering clean renewable energy at competitive rates. CPA provides energy for Malibu at a fee that replaces what SCE would have charged. Starting in May 2018, Malibu residents and businesses chose the percentage of clean energy they wanted to receive. In October 2019, the Council approved the selection of the 100% Tier Option for CPA customers within the City, effective October 2020.

h) Environmental Programs (ESD)

This program is responsible for mandated clean water and solid waste compliance items and reporting, City-specific regulations, such as locking dumpster lids, and other environmental work plan items, such as the plastic ban and compliance with the Dark Sky Ordinance.

i) FEMA Floodplain Maps (Public Works)

In December 2011, FEMA began the process of revising the flood maps along the California coastline based upon new data and coastal engineering analysis, including modifications to base flood elevations. The City submitted an appeal to FEMA's

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

proposed revisions to the flood maps, and subsequently a Letter of Map Revision (LOMR). City staff and its consultants will be coordinating with FEMA on the City's appeal and LOMR.

j) Pesticide LCPA (Planning)

In December 2019, Council adopted the Pesticide LCPA, which was then submitted to CCC. Staff has responded to CCC information requests. The CCC had scheduled a hearing on the LCPA in March 2021. However, in coordination with Poison Free Malibu, the City requested a continuance until May 2021 to allow for additional time to evaluate and provide feedback on CCC staff's suggested modifications. On May 13, 2021, the CCC will hold a hearing on the City's LCPA. After this hearing, staff will present the CCC's modifications to the Council in June 2021. In Fiscal Year 2021-2022, it is anticipated that the LCPA will be certified and staff will need to present an ordinance to the City Council to implement and enforce the certified LCPA along with a staffing work plan to carry out the program.

k) Dumpster Lid Ordinance Implementation and Enforcement (ESD, Media, Code Enforcement)

Staff continues enforcement of the Enhanced Dumpster Enforcement program. In Fiscal Year 2019-2020, staff worked with City partners to draft an ordinance to require locking lids on commercial solid waste, organic waste, and recycling bins, which was adopted by Council in March 2020. As part of the ordinance, quarterly inspections are planned for the first year of implementation, along with outreach to assist local businesses with compliance. Code Enforcement staff were tasked with ensuring that businesses are compliance starting February 2021 and compliance has been achieved.

6. Fiscal Sustainability and Transparency

a) City Council, Commissions and Committees (All departments)

All departments and staff participate in the preparation of agendas, staff reports and presentations for the City Council, City Commissions, Environmental Review Board, Committees and Subcommittees. Media staff, administrative staff and the City Clerk's office are responsible for the technical hosting of meetings and preparation of minutes.

b) Public Records Requests and Subpoenas (All departments)

All departments and staff participate in responding to public records requests and subpoenas by searching both digital and paper documents retained by the City.

c) Budget Management (Management Services, Media)

As part of the City's commitment to providing government transparency, user-friendly budget information is developed to help the community better understand the City's finances. Quarterly budget reports will continue to be provided to the Council

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

pursuant to the City's policies. Staff will continue to monitor the State and local fiscal impacts of the COVID-19 pandemic and recommend adjustments, as necessary.

d) General Fund Reserves (Management Services)

Pursuant to Council Policy No. 3, a minimum of 50% of the General Fund operating budget is to be maintained in the General Fund Undesignated Reserve. A 65% reserve is recommended to maintain the City's high credit rating. The reserves have been instrumental in helping the City weather the Woolsey Fire. The proposed Fiscal Year 2021-2022 Budget provides for a 74% reserve.

e) Debt Service Management (Management Services)

The City has issued debt over the past 10 years for the acquisition of Legacy Park, the acquisition and improvements of City Hall, the acquisition of Trancas Field, and the acquisition of three vacant parcels of land. A Debt Management Policy was approved in Fiscal Year 2017-2018 to provide policy guidance for existing and future debt issuances and to help the City maintain its AA+/AAA credit rating.

f) Finance Operations (Management Services)

- 1) Audit Management - Finance staff is responsible for all City financial audits, including the interim and annual independent audit, audits of all outside funding sources, such as Metro, Air Quality Management District (AQMD), CDBG, Dial-A-Ride, Annual Street Report, Cities Financial Transaction Report, and the State Controller's Report. Other mandated reports are also prepared by this department including California Joint Powers Insurance Authority (JPIA) filings, US Census Bureau reports and other reports as required for debt service. Finance staff also prepares the Comprehensive Annual Financial Report (CAFR) as mandated by law.
- 2) Payroll Management - Finance staff is responsible for the City's biweekly payroll services, including preparation of quarterly and annual State and Federal tax filings, preparation of W-2 forms, management of employee benefit programs, and other mandated reporting requirements.
- 3) Accounts Payable and Cash Receipts - Accounts Payable functions include the processing of approximately 7,500 individual invoices annually, management of purchase orders, oversight and processing of approximately 1,000 alarm permits, preparation of warrant registers, and daily reconciliation of City accounts. Cash receipts functions involve the daily deposits of City revenues, including cash receipts from public counters, verification of receipt of funds, and regular bank reconciliations. Duties associated with billing and invoices include preparation of billings for commercial tenants, subpoena invoices, past due notices, oversight of all taxes, and late fee and penalties invoices. Short-term rentals (STR) and transient occupancy tax (TOT) tracking is also managed by Finance staff, including compliance with the MMC, calculation and billing of taxes due.
- 4) Parking Citation Management - Finance staff serves as the liaison between the Los Angeles County Sheriff's Department, Volunteers on Patrol (VOP) and the

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

City's citation processing service. Staff assists with citation receipts, appellants, administrative hearings, and provides supplies and monitors equipment for the VOP and Sheriff's Department.

o) Media Information Operations (Management Services)

- 1) Public Messaging - The Media Team plans, creates and executes the City's public messaging about City actions, legislation, meeting, priorities and events, as well as emergency communications, including several kinds of emergency alerts.
- 2) Social Media and Platforms - The Media Team creates messaging content and graphics for the City website, 13 social media platforms (Twitter, Facebook and Instagram), Nextdoor, the traffic and emergency phone hotline, radio public service announcements (PSA), and printed materials, such as flyers, posters and mailers, surveys and other materials.
- 3) Press Releases - The Media Team manages media relations and crisis communications, including planning and executing press releases, media events, coordinating media interviews and providing briefings, talking points and speeches for City officials.
- 4) Public Meetings - The Media Team manages the audiovisual operations for all of the City's virtual public meetings and events.
- 5) Emergency Communication - As part of the City's Emergency Operations, the Media Team coordinates all public communications and media relations with partner agencies at County, State and federal levels during emergency incidents, such as natural disasters, terrorist incidents, and public health emergencies.
- 6) Alert System – Media staff provide 24/7 coverage to provide the community with up-to-date traffic, weather and emergency notifications.

p) Media Management (Management Services)

Media staff provide technical video and audio support for all of the City's public meetings, including City Council meetings, special meetings, town hall meetings and commission meetings.

q) Information Technology (IT) (Management Services)

IT staff provide support for over 186 computers and 51 servers, as well as supporting the City-issued cell phones, tablets, copiers and other office equipment. Each year, IT staff responds to over 900 service requests from City staff and elected officials.

r) Information Technology Strategic Plan Implementation (Management Services)

The City conducted an assessment of its Information Technology (IT) Strategic Plan in FY 2019-2020 to better coordinate technology for City services and to streamline information access for the public. The consultant submitted the draft IT assessment, but the project prioritization workshop for staff was put on hold due to COVID-19. The pandemic highlighted the critical need for additional on-line services. This project will be resumed in Fiscal Year 2021-2022.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

s) Records Management (City Clerk)

This project allows City staff to coordinate with its records storage facility to improve records maintenance and management. The main goals include minimizing offsite storage of records and files, streamlining current records management, digitizing records for the permitting software program, and transferring records to the document imaging program. The intent is to reduce costs and increase efficiencies as the City converts paper originals into a digital format.

t) City Website and Media Operations (Management Services)

Media and Management staff oversee maintenance, improvements, and enhancements to the City's website and the MalibuRebuilds.org webpage with input from other departments' staff. Media staff work with other City staff to develop numerous brochures, advertisements, pamphlets, and mailers to promote and advertise various workshops, events, and services offered by the City. Other media information projects include enhancements to social media and an increase in the number of videos produced. Media staff form the core of the City's EOC Communications team for all disasters.

u) City Clerk Operations (City Clerk)

The City Clerk's office is responsible for compliance with requests made pursuant to the Public Records Act, recording documents, receiving and oversight of subpoenas, and monitoring of the Fair Political Practices Commission (FPPC) Filings, and serves as the custodian of all City records.

v) By-District Elections (City Clerk)

On October 25, 2019, Milton C. Grimes of the Law Offices of Milton C. Grimes sent the City a letter that claims the City's at-large election system violates the California Voting Rights Act. The City held public hearings in February and March 2020 to receive input from the community. The public hearings scheduled for March 13 and April 2, 2020, were cancelled due to the COVID-19 pandemic. On March 20, 2020, the Governor issued Executive Order N-34-20, which, in part, suspended the timeframes for conducting the hearings required for changing from an at-large method of election to a district-based election as set forth in Elections Code Section 10010 until such time as neither State nor local public health officials recommend or impose social/physical distancing measures. In July 2020, a California Court of Appeal issued an opinion finding no merit to a lawsuit alleging that the City of Santa Monica's at-large elections system violated the California Voting Rights Act. On July 13, 2020, the City Council decided against putting a measure on the November 2020 ballot regarding by-district elections. The plaintiffs in the Santa Monica lawsuit appealed and the California Supreme Court agreed to review the case. The timeline for when the Supreme Court will issue a decision in this case will depend on when briefing concludes and how long thereafter the Court sets oral argument.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

w) Develop and Implement new GIS system (Public Works)

Work under this program includes an assessment of the City's GIS needs and purchasing updated GIS software.

7. Engage the Community

a) Oversight of Library Set Aside Funds and Speaker Series (Community Services, Management Services)

The Malibu Library is owned and operated by the County of Los Angeles. The City and County work cooperatively to develop programming and improvements using Set Aside Funds for the Malibu community based on the MOU terms between the two agencies, which is in place until 2044 with two possible five-year extensions. In Fiscal Year 2018-2019, the City adopted the 2018 Malibu Library Needs Assessment to identify future projects and library programs. Due to the COVID-19 pandemic, the Malibu Library projects were not included in the City's Approved Work Plan for Fiscal Year 2020-2021. The Council continues to fund the Malibu Library Speaker Series established in 2013 to feature events with professional speakers on a wide variety of topics, in addition to the Local Author Series, which highlights Malibu's literary talent. Staff continues to work with the library to produce the program each year. Library Speaker Series events were cancelled in Fiscal Year 2020-2021 due to COVID-19. When in-person gatherings are permitted, staff will prepare details on the Malibu Library Set Aside Funds for Fiscal Year 2021-2022 for Council review and approval.

b) Special Events (Community Services)

The Community Services Department produces several events each year to engage the community, such as the Tiny Tot Olympics, Chumash Day, and the Halloween Carnival. In-person events were canceled in Fiscal Year 2020-2021 due to COVID-19; however, the Department coordinated several virtual events and online activities, including the Virtual Student Art Exhibition and Polli-Power Family Gardening and Art Grab-and-Go Kits. Many of these events are expected to resume in Fiscal Year 2021-2022 once in-person gatherings are permitted. Attendance at City special events in Fiscal Year 2021-2022 is expected to be lower than previous years due to State or County public health restrictions.

c) Arts Programs and Events (Community Services)

Seasonal art exhibits are produced at City Hall featuring works by Malibu-affiliated artists. In Fiscal Year 2020-2021, in-person exhibitions were cancelled; however, local artists were featured through an online art exhibition. A virtual Arts in Education session took place in early 2021 in partnership with Malibu Elementary School featuring poetry and art with local professionals. Due to the program's success, a student art exhibition was curated at the Michael Landon Center. The Community Services Department plans to curate outdoor art exhibitions in Fiscal Year 2021-2022, while following State and County public health guidelines, and will resume in-person art exhibitions at City Hall when in-person gatherings are permitted.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

Additionally, the Department will resume art programs, workshops, and events that were postponed or canceled in Fiscal Year 2020-2021.

d) Girls Only Programming (Community Services)

Staff coordinates and promotes several Girls Only sports programs. In Fiscal Year 2020-2021, the City offered free Girls Only clinics, following State and County COVID-19 public health guidelines. Due to COVID-19 restrictions, the City could not provide programs, such as Girls Only basketball, which had been offered in the past. In Fiscal Year 2021-2022, the City will resume expanded Girls Only programming once COVID-19 State and County restrictions are lifted allowing the sharing of equipment, indoor programming, and increased attendance.

e) Senior Programs and Trips (Community Services)

The Senior Center was closed during Fiscal Year 2020-2021 due to the COVID-19 pandemic. The City offered virtual programs, drive-thru events, virtual tech help, and wellness calls in Fiscal Year 2020-2021. Staff continued to provide the digital Senior Center Newsletter and worked with local organizations to offer seniors COVID-19 assistance, such as grocery shopping and errands.

The City's Dial-A-Ride program continued offering low-cost transportation to grocery stores, medical appointments, and other essential locations throughout Fiscal Year 2020-2021. Additionally, the City offered Seniors free transportation to vaccination appointments, assisted seniors with finding vaccination appointments, and notified Seniors about a mobile vaccination site at Malibu City Hall.

In Fiscal Year 2021-2022, in-person programming is expected to resume following State and County COVID-19 public health guidelines. These programs include dance, yoga, poetry, autobiography writing, and art. Events and excursions will continue once gatherings are permitted, which may not be until the end of Fiscal Year 2021-2022.

f) Community Services Programs and Classes (Community Services)

Limited programming for school-aged children resumed after cancellations occurred in late Fiscal Year 2019-2020. Following the implementation of State and County COVID-19 restrictions, staff adapted by adjusting capacity limits and implementing new physical distancing, sanitizing, and online registration protocols. A variety of outdoor programs and day camps took place, including surf, soccer, basketball, tennis, theater, and cross country. Outdoor adult programming was also added in late Fiscal Year 2020-2021, including Pilates and yoga.

Early in the COVID-19 pandemic, the Community Services Department launched the Virtual Recreation Center on the City's website, which included free activities, health and mental wellness programs, cultural events, and virtual tours. The City will

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

continue to update the Virtual Recreation Center in Fiscal Year 2021-2022 until programs return to full capacity.

The Department expects to resume and expand educational and recreational program offerings for all ages following State and County public health guidelines. These programs include art, exercise, music, theater, athletics, seniors, aquatics, day camps, and social skill development.

g) Poet Laureate Program and Events (Community Services)

Since 2017, the Poet Laureate program has continued to expand and promote the literary arts in Malibu. Working through the Cultural Arts Commission and Malibu Poet Laureate Committee, the Council appoints the Malibu Poet Laureate position every two years. Various programs and events are coordinated under the Program, including writing workshops, open mic events, Arts in Education sessions, Pizza and Poetry, and Poetry Anthologies. In Fiscal Year 2020-2021, the City's named its third Malibu Poet Laureate, John Strueloeff, to serve a one-year term. The appointment for the 2021-2023 Poet Laureate will take place in early Fiscal Year 2021-2022. The Poet Laureate Committee will remain active by providing various additional workshops, coordinating the annual Poetry Anthology, and more. In-person programming will resume in Fiscal Year 2021-2022 once gatherings are permitted.

h) SMMUSD Master Use Agreement and Program Partnerships (Community Services)

In Fiscal Year 2020-2021, Council approved a new two-year Master Use Agreement with Santa Monica-Malibu Unified School District (SMMUSD). The Agreement allows the City to utilize SMMUSD facilities for various programs, including partnership programs with local youth sports organizations, and the Boys and Girls Club of Malibu. The Community Services Department manages all usage under the Master Use Agreement, including scheduling of programs, maintaining facility use calendars, and communicating issues and concerns to SMMUSD personnel.

A significant component of the Master Use Agreement is the Malibu Community Pool, which is operated during after-school hours and on weekends throughout the year. City Aquatic Programs are coordinated seasonally, including the SeaWolves swim team, Masters swim, youth swim lessons, lap swim, and aqua aerobics. During Fiscal Year 2020-2021, swim programs took place throughout the year with limited capacity due to COVID-19 restrictions. The City plans to expand and increase capacity of all swim programs in Fiscal Year 2021-2022 while following State and County public health guidelines.

Several City sports programs are held at SMMUSD facilities throughout the year, including the youth basketball league, volleyball, tennis, cross county, soccer, and open gym basketball. Indoor sports programs and leagues did not take place in Fiscal

City of Malibu

Fiscal Year 2021-2022

Proposed City Council Work Plan

Year 2020-2021 due to COVID-19 restrictions. The City plans to resume modify sports programs in Fiscal Year 2021-2022 to meet the community's needs.

Since 2017, the City has partnered with the Boys and Girls Club of Malibu to offer after-school enrichment programs for students in Kindergarten through fifth grade. In late Fiscal Year 2020-2021, Malibu Elementary School and Webster Elementary School resumed in-person learning, and the City resumed limited enrichment programs to students who attended each school. The City plans to resume full-capacity programming and monthly workshops for all Malibu students in Fiscal Year 2021-2022.

The City partners with Malibu youth sports organizations, such as American Youth Soccer Association (AYSO) and Malibu Little League (MLL), to allow the use of City and SMMUSD facilities at no cost to the organizations during their primary seasons. Annual agreements are executed with each organization, with staff coordinating facility calendars, addressing field maintenance requests, and maintaining updated League registration records. In Fiscal Year 2020-2021, the County allowed youth sports leagues to provide clinics and games for school-aged children. Staff worked with the President of each organization to ensure compliance with County COVID-19 guidelines. The City anticipates full games and increased registration for these organizations in Fiscal Year 2021-2022.

i) Youth Commission Programs and Events (Community Services)

Council appoints up to 25 local students in grades 7-12 to the Harry Barovsky Memorial Youth Commission to serve a one-year term. The Commission coordinates programs and events that benefit Malibu youth and local non-profit organizations. Additionally, the Commission provides feedback to the City regarding youth-specific projects, such as the Permanent Skate Park and school district separation. In Fiscal Year 2021-2022, the Commission will coordinate community-based volunteer events, including beach cleanup days, donation drives, and a youth government summit. In-person programs and events, such as teen movie nights, health and wellness events, and career and college preparation workshops will resume as COVID-19 restrictions are lifted.

j) Facilities, Parks, and Special Event Reservations (Community Services)

The Community Services Department coordinates over 150 reservations annually for venues owned by the City, including Malibu Bluffs Park, the Michael Landon Center, City Hall, vacant properties, and parking lots. These reservations include large private events, road race events, such as the Malibu Triathlon and Malibu 5K and Half Marathon, church services, picnics areas, film shoots, and local service and youth sports organizations' regular meetings serving more than 25,000 people. Due to the wide variety and large number of rentals, staff analyzes each request to determine the type of event, number of attendees, and any additional approvals needed by the City. Staff then collects fees, verifies insurance documents, provides day-of oversight

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

for rentals, and works with the Planning Department and Malibu Film Office to ensure proper permits are submitted. In Fiscal Year 2020-2021, there was a decrease in facility reservations due to State and County restrictions on in-person gatherings. Staff anticipates facility reservations will resume at or near full capacity in Fiscal Year 2021-2022 as COVID-19 restrictions are lifted.

k) Community Services Operations (Community Services)

- 1) Community Services Department general operations include the management and oversight of 11 parks, facilities, and open spaces within the City, totaling more than 21,500 operating hours annually. In addition to nine full-time staff, the Department hires, trains, and manages over 40 part-time staff to serve in frontline roles throughout the City.
- 2) The Department administers approximately 30 agreements for various contractors and consultants, who perform a variety of maintenance and landscape services, teach programs, and provide consulting services for large projects.

8. Improve and Maintain the City's Public Infrastructure and Community Spaces

a) Tree Maintenance Program (Public Works)

This project requires the identification of priority tree trimming maintenance in accordance with the citywide inventory so that the City's urban forest is protected, the roadways are clear of potential hazards, and liability to the City is minimized. Staff continues to maintain the City's urban forest in accordance with inventory recommendations. The City's contractor completed the tree inventory program in Fiscal Year 2019-2020 and will continue to perform tree maintenance based upon the inventory program.

b) Routine Street Maintenance Program (Public Works)

City crews maintain the City-owned streets on a regular and ongoing basis, including but not limited to filling potholes, replacing street signs, and other tasks as needed to keep the City safe and clean. The program also includes street sweeping on City-owned streets and parking lots, as well as along Pacific Coast Highway (PCH), and maintaining the City's stormwater drainage facilities.

c) Maintenance, Weed Abatement, and Trail Management of Parks, Open Space, and the Civic Center (Community Services)

Staff coordinates and oversees regular maintenance, weed abatement, and trail management for 11 City-owned parks, open spaces, vacant properties, and the Civic Center area. This work is completed by staff and contractors for over 650 acres of park and open space and eight miles of trails. Additionally, Department staff coordinates with the Public Safety office, City contractors, and the Lost Hills Sheriff Station to complete the regular cleanup of homeless encampments and trash on City parks.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

d) Public Works Department Operations (Public Works)

- 1) Permits - The Public Works Department manages the issuance of encroachment permits, street vending permits, transportation permits and parking permits and performs inspections of these permits.
- 2) Traffic Signal Maintenance Program - Work under this program includes the maintenance and operation of the City's traffic signals on Civic Center Way.
- 3) The Public Works Department manages the Broad Beach Road Assessment District (AD 2010-1), Carbon Beach Community Facilities District (CFD 2006-1) and the Civic Center Water Treatment Facility Phase 1 (AD 2015-1). Tasks include managing consultants, placing special assessments on properties within each district, preparing various reports, administering the tax rolls annually, and issuing delinquency notices when necessary.
- 4) Coordinate with other agencies and utility providers (e.g., Caltrans, Los Angeles County Waterworks District 29, Southern California Edison, etc.) on projects and programs affecting the City

e) PCH at Trancas Canyon Road Right Turn Lane (Public Works)

This project consists of installing a new westbound right turn lane on PCH at Trancas Canyon Road. Funding for this project will be provided through Measure R funds administered by LA Metro.

f) Cliffside Drive Underground Assessment District (Public Works)

Homeowners on Cliffside Drive east of Fernhill Drive have requested their existing utilities to be placed underground. Staff is working with the homeowners in the development of an assessment district to place the utilities underground. Initial funds to hire required consultants was obtained by the homeowners.

g) Stormwater Treatment Facilities Program (Public Works, ESD)

Work under this program includes the maintenance and operation of the City's two stormwater treatment facilities: Civic Center Stormwater Treatment Facility and Paradise Cover Stormwater Treatment Facility. The program also includes two stormwater pump stations located on Cross Creek Road and at Malibu Lagoon. ESD staff continues coordinating with Los Angeles County for Measure W funds for stormwater treatment projects.

h) Civic Center Water Treatment Facility Operations (Public Works)

The Malibu CCWTF is a centralized water treatment facility that treats and reuses wastewater flows from properties in the Malibu Civic Center area. The facility was completed and put into operation in October 2018. The facility can currently capture and treat up to 200,000 gallons of wastewater daily and convert the water for irrigation purposes. Staff oversees the ongoing operations and administration of this \$60 million facility. The operation and maintenance of this facility is funded through rates assessed annually to properties being served by the facility.

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

i) Landslide Assessment Districts (Public Works)

The City's ongoing management of three landslide assessment districts (Malibu Road, Calle de Barco, and Big Rock Mesa) includes maintaining and operating the groundwater dewatering equipment and monitoring groundwater levels and water quality. Work under this program also includes placing special assessments on the properties that are receiving the benefit of the landslide assessment district.

j) 2021 Annual Street Resurfacing Project (Public Works)

This project includes the design and construction management of the City's annual street resurfacing project. The streets included in this project are included in the City's approved Pavement Management Plan. This project will also include the installation of speed humps on Birdview Avenue.

k) Michael Landon Center Roof and Air Conditioning System Repairs (Community Services and Public Works)

The roof at the Michael Landon Center is deteriorating, leaking, and in need of repairs, which will consist of the installation of new shingles and other underlying material. Additionally, one of the two commercial air conditioning systems is over 25 years old and in need of replacement.

l) PCH Signal Synchronization Project (Public Works)

This project will install communication between the existing traffic signals on PCH, from Topanga Canyon Road to John Tyler Drive, and connect the signals back to the Caltrans Traffic Management Center, allowing Caltrans to control and operate the signals and the signal system remotely. The City acquired consultants and will be managing the design, the permit process with Caltrans, and the construction phase of the project. Funding for the design and construction of this project will be provided through Measure R funds administered by LA Metro.

m) Permanent Skate Park Design (Community Services, Planning, Public Works)

In February 2020, Council awarded the professional services agreement for the design of a 12,500 square-foot permanent skate park on the east portion of the Crummer/Case Property adjacent to Malibu Bluffs Park. Two virtual public design meetings and a community survey were completed in 2020 before the Preliminary Design and site amenities were approved by the Parks and Recreation Commission. The design will be reviewed by the Planning Commission before final approval by the Council in mid-2021. Once approved by the Council, Planning staff will process the CDP application and corresponding environmental documents before construction of the project begins.

n) Vehicle Impact Protection Devices (Public Works)

MMC Section 17.48.070 requires vehicle impact protection devices to be installed for all parking spaces located adjacent to any outdoor pedestrian seating area. The Vehicle Protection Devices project consists of installing bollard-type devices at two

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

locations within the City's right-of-way and City-owned property: One is located on Cross Creek Road directly in front of the Taverna Tony restaurant entrance (23410 Civic Center Way) and the other at the Malibu Coast Animal Hospital (23431 Pacific Coast Highway).

o) Civic Center Stormwater Diversion Structure (Public Works)

This project consists of storm drain improvements in the Civic Center area to promote the flow and circulation of stormwater into Legacy Park. Staff will manage the design, permitting and construction for this project.

p) PCH Overhead Warning Signs (Public Works)

This project was identified in the PCH Safety Study and includes the installation of overhead warning signs on PCH near 20356 PCH and Big Rock Drive. Funding will be provided through Los Angeles County Measure M funds administered by Los Angeles County Metropolitan Transportation Authority (Metro). Staff will procure consultants to perform design and permitting work and will manage the construction phase of this project.

q) Legacy Park Paver Repair (Community Services, Public Works)

This project consists of the removal and repair of a large section of pavers on the north side of the Loop Walkway at Legacy Park. The pavers have become uneven and damaged in several areas, causing a potential safety hazard for park patrons.

r) Malibu Bluffs Park South Walkway Replacement Project (Community Services, Public Works)

This project will replace the existing sidewalk located on the south side of Malibu Bluffs Park. Staff has repaired or replaced several different sections of the sidewalk over the past several years, but a more in-depth repair and releveling of the subsurface is required.

s) Trancas Canyon Park Playground Resurfacing (Community Services, Public Works)

This project will remove and replace the upper layer of the current playground pour-in-place safety surfacing at Trancas Canyon Park. The surfacing was installed in 2011 during the construction of the park, and staff has coordinated regular maintenance and several minor repairs since installation. The surfacing is at the end of its 10-year life and is in need of replacement.

t) Marie Canyon Green Streets (Public Works)

This project was identified in the City's Enhanced Watershed Management Plan (EWMP). This project includes the installation of biofilters and other stormwater water quality devices to capture and treat stormwater. The project is intended to assist with Municipal Separate Storm Sewer System (MS4) Discharge Permit requirements. This

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

project is currently in the design phase and construction is anticipated to be completed in Fiscal Year 2021-2022.

u) Pacific Coast Highway Median Improvements (Public Works)

The project will promote traffic safety by channelizing the highway, regulating turn movements and improving traffic operations. The project will rehabilitate the existing medians, shoulders, and will install new raised medians along PCH from Webb Way to Puerco Canyon Road. This project is currently in the design phase with construction anticipated to be completed in Fiscal Year 2021-2022.

v) Westward Beach Road Improvements (Public Works)

This project consists of improving the parking spaces on Westward Beach Road from Birdview Avenue to approximately 1,100 feet west. The project also includes a 12' wide combination sidewalk and bicycle path and a bicycle connection from PCH to Westward Beach. A new concrete sand barrier will be placed between the beach and the proposed parking area to prevent sand from going on the new sidewalk and parking area. This project is currently in the design phase. It is anticipated that construction will begin in Fiscal Year 2021-2022.

w) Bluffs Park Shade Structure (Community Services, Public Works)

This project consists of the installation of four single-post shade structures at Malibu Bluffs Park. Two of the shade structures will be located at the Michael Landon Center Playground, with the other two located at the baseball field picnic area. The project will be funded through the City's Proposition A Park Funds.

x) Median Improvements Along Pacific Coast Highway (Public Works)

The project scope includes both the installation of new raised medians and improvements to existing raised medians along Pacific Coast Highway (PCH) at the following locations on PCH/State Route 1 at the following locations: 1) from the intersection of Latigo Canyon Road to the intersection of Kanan Dume Road, 2) the intersection of Paradise Cove Road and PCH and 3) from the intersection of Busch Drive to the intersection of Trancas Canyon Road. This project was identified in the 2015 Pacific Coast Highway (PCH) Safety Study and will be funded by Los Angeles County Measure M administered by Metro.

y) Triangle Lot at the Intersection of Civic Center Way and Webb Way (Planning, Management Services)

In September 2018 the City purchased the Triangle Lot property with funding provided by Los Angeles County Measure R administered by the Los Angeles County Metropolitan Transportation Authority (Metro) for the purpose of developing a shared use park and ride facility on the site. In order for the property to be developed as such the City must adopt amendments to the Local Coastal Program and the Malibu Municipal Code to allow parking as a standalone use at the location. On May 13, 2021, Council considered an ordinance to allow stand-alone surface parking lots in

City of Malibu
Fiscal Year 2021-2022
Proposed City Council Work Plan

the Commercial General (CG), Community Commercial (CC), and Commercial Neighborhood (CN) zoning districts as a conditionally permitted commercial use citywide which would include the Triangle Lot. Council voted not to adopt the proposed amendments and directed staff to work with ZORACES to review the City's funding agreement with Metro specifically the shared-use park and ride requirements to develop recommendations for the property going forward.
