Approved by: Steve McClary, Interim City Manager

Date prepared: December 1, 2021 Meeting date: December 13, 2021

Subject: An Amendment to Title 17 of the Malibu Municipal Code to Extend Temporary Parking in the City's Chili Cook-Off Site for the Farmers Market – Second Reading and Adoption

RECOMMENDED ACTION: 1) Conduct a public hearing; and 2) Adopt Ordinance No. 495 amending Malibu Municipal Code (MMC) Section 17.68.040 (Temporary Uses Requiring Permit) to extend temporary parking in the City's Chili Cook-Off Site for the Farmers Market and finding the action exempt from the California Environmental Quality Act (CEQA).

FISCAL IMPACT: There is no fiscal impact associated with the recommended action.

WORK PLAN: This item was included as item #4.h. in the adopted Work Plan for Fiscal Year 2021-2022.

DISCUSSION: The purpose of this item before the Council is to satisfy the public hearing requirements contained in the MMC and to conduct the second reading of Ordinance No. 445. MMC Section 17.74.040 requires that a 21-day public notice take place prior to the final adoption of the ordinance. Consistent with this requirement, staff published a Notice of Public Hearing on November 4 and 18, 2021 and the 21-day notice period will end prior to December 13. If approved, final action on the ordinance in the form of a second reading will take place on December 13, 2021.

The November 22, 2021 City Council Agenda Report can be found on the City's website at malibucity.org/agendacenter.

ENVIRONMENTAL REVIEW: The Planning Director has analyzed the code amendment described herein. CEQA applies only to projects which have the potential for causing a significant effect on the environment. Pursuant to CEQA Guidelines Section 15061(b)(3), where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The code amendment would allow for the continued temporary relocation of parking. The code amendment does not allow for any change to the size of the market or number of vendors. As such, there would be no significant difference in traffic or traffic patterns as a result of the proposed code amendment. The Planning Director determined that there is no possibility the code amendment will have a significant effect on the environment and accordingly, the exemption set forth in Section 15061(b)(3) applies.
