<u>Qualifications</u>: Please provide detailed information which demonstrates professional skills and talents applicable to this Commission / Committee.

As a teacher for many years, I gained a lot of experience listening and considering many points of

view and challenging opinions. I am open minded, fair and can easily sympathize with and see both

sides, imparting a neutral solution and peaceful future. I am inspired by and passionate about

the natural setting we are so lucky to call home here in Malibu, and I feel honored to be commited to

see out and fulfill projects that make access to this space better for everyone and to give our families

the resources and amenities that they are in need of! As a Malibu parent, I am a valuable candidate for helping

to assess just exactly what we are lacking and what the children of malibu are in need of in

terms of extracurricular activities, sports, access to nature, hiking, outdoor space etc.

<u>Role and Issues of Commission / Committee</u>: Please provide detailed information which demonstrates your opinion as to the role of a City Commissioner / Committee Member and issues you feel need to be addressed by Malibu which relate to this Commission / Committee.

As a city commissioner, I believe it is important to have the city's residents best interest at heart. In this case, to me, that

would be defined by coming up with solutions to problems or issues that our locals might have that

pertain to access to our natural landscape, such as hiking trails, beach access, parks, sports fields, nature preserves, etc.

One issue that I feel might need to be addressed is the parking and therefore pedestrians that accumulate

both around the hiking trails at winding way, and also along PCH at Malibu seafood.

Another issue that I see is the amount of trash that is left by visitors throughout various tourist

hot spots in malibu.
